Market Update

The Company is pleased to announce

Teaming agreement

Computronics Holdings Limited has reached agreement in principal to enter into a teaming agreement with NEC, which will enhance the ability of both NEC and Computronics to secure specific commercial contracts by using the NEC platform and Computronics developed applications

Computronics Mobile Payment System

Computronics has negotiated the Australian rights to market and enhance a patented secure mobile marketing and E commerce system.

This system will enhance Computronics existing suite of products, Computronics will continue to market and develop its core products along with the patented secure E commerce system.

Yours faithfully

Murray Smith
Company Secretary
