### **About HeartWare International**

HeartWare International develops and manufactures miniaturized implantable heart pumps, or ventricular assist devices, to treat Class IIIB / IV patients suffering from advanced heart failure. The HeartWare<sup>®</sup> Ventricular Assist System features the HVAD<sup>®</sup> pump, a small full-output circulatory support device designed to be implanted next to the heart, avoiding the abdominal surgery generally required to implant competing devices. The HeartWare System has received CE Marking in the European Union and TGA approval in Australia. The device is currently the subject of United States clinical trials for two indications: destination therapy and bridge-to-transplant under a continued access protocol. For additional information, please visit the Company's website at [www.heartware.com](http://www.heartware.com).

*HeartWare International, Inc. is a member of the Russell 2000<sup>®</sup> and its securities are publicly traded on The NASDAQ Stock Market and the Australian Securities Exchange.*
