Delta SBD Development contract at Whitehaven's Narrabri mine extended and new continuous miner deployed

Delta SBD Limited (ASX code: DSB) is pleased to announce that the current development contract at Whitehaven Coal's Narrabri Mine has been extended until 30 December 2013 and the new Joy continuous miner has been deployed as part of this extension.

Mr Stephen Bizzaca, Delta SBD's Chief Executive Officer, commented:

"The contract extension and the immediate deployment of our new Joy 12CM30 continuous miner continues to demonstrate our strong capability in this type of work, and reinforces our strategy to provide new 'fit for purpose' equipment to underpin the execution of these projects. More significantly, this will be our first development contract outside the Illawarra where we will be utilising one of the company's continuous miners."

"The contract extension also includes options for a further term extension, as well as personnel for a third development unit," Mr Bizzaca said.

Yours Faithfully
