

# ASX ANNOUNCEMENT

January 20, 2012

ASX : EHR

## Consolidation of South Australian GEL's

Earth Heat Resources Limited ('Earth Heat' or 'the Company') has received confirmation from the South Australian Government that its application to consolidate its Geothermal Exploration Licence (GEL), portfolio has been accepted.

The effect of this consolidation is that the Company retains 3 expanded GEL's covering its main areas of interest in South Australia; GEL 337, GEL 523 & GEL 525.

**Earth Heat Managing Director, Torey Marshall commented,** "Consolidating our GEL portfolio in South Australia is an important streamlining of our residual Australian operations. We believe that future potential exists in the state, but we have to sensibly manage our operations within Australia against the backdrop of domestic and international investment climate for renewables."
