**ABOUT ELK PETROLEUM**

Elk Petroleum Limited (ASX: ELK) is an oil and gas producer and developer with assets located in one of the richest onshore oil regions of the USA: the Rocky Mountains. Listed on the ASX in 2005, Elk's strategy is focused on applying established enhanced oil recovery (EOR) technologies to mature oil fields. This strategy significantly de-risks the process of finding and exploiting oil field reserves.

Leveraging proven EOR technology and experience, Elk is currently developing two mature oil fields in Wyoming and is pursuing other opportunities that will benefit from the application of EOR technologies.
