## General Information

These financial statements are presented in Australian dollars and cover Anti-Aging House Holding limited as a consolidated entity consisting of Anti-Aging House Holding Limited and the entities it controlled at the end of, or during, the year.

Anti-Aging House Holding Limited is a listed public company limited by shares, incorporated and domiciled in British Virgin Islands.

A description of the nature of the consolidated entity's operations and its principal activities are included in the director's report. The financial statements were authorised for issue with a directors' resolution on 31 March 2021. The directors have the power to amend and reissue the financial statements.

## 1. CORPORATE GOVERNANCE STATEMENT

The Board has the responsibility of ensuring that the Company is properly managed so as to protect and enhance shareholders' interests in a manner that is consistent with the Company's responsibility to meet its obligations to governance policies with which it interacts. The Board has adopted what it believes to be appropriate corporate governance policies and practices having regard to its size and nature of activities.

The main corporate governance policies are summarised below:

### **Director's Access to Independent Advice**

It is the Board's policy that any committees established by the Board should:

- a. Be entitled to obtain independent professional or other advice at the cost of the Company, unless the Board determines otherwise; and
- b. Be entitled to obtain such resources and information from the Company including direct access to employees of and advisers to the Company as they might require; and
- c. Operate in accordance with the terms of reference established by the Board.

### **Audit Board and Risk Management Committee**

The Board meets with the external auditors at least once a year. The specific activities include assessing and monitoring:

- a. The adequacy of the Company's internal controls and procedures to ensure compliance with all applicable legal obligations; and
- b. The adequacy of the financial risk management processes.
  - The appointment of the external auditor
  - Any reports prepared by the external auditor
  - Listing rules with the external auditor

### **Remuneration Committee**

The Board in fulfilling its responsibilities to shareholders by:

- a. Reviewing and approving the executive remuneration policy to enable the Company to attract and retain executives and Directors who will create value for shareholders; and
- b. The Board ensuring that the executive remuneration policy demonstrates a clear relationship between key executive performance and remuneration.

**Management Succession Planning Committee**

The Board will monitor this development:

- a. Maintaining a Board that has an appropriate mix of skills and experience to be an effective decision-making body; and
- b. Ensuring that the Board is comprised of Directors who contribute to the successful management of the Company and discharge their duties having regard to the law, and the highest standards of corporate governance.

**MESSAGE FROM THE CHAIRMAN**

21 April 2021

Dear shareholders,

On behalf of A2H, I would like to extend my heartfelt thanks and warm welcome to all the shareholders who will be attending the annual general meeting. We would also like to thank all of our shareholders for your trusts and supports over the past four years.

Due to the continuous impact of COVID-19 in 2020, a major public health emergency, and the adverse economic impact of countries and regions all over the world, the traditional sales channels have been greatly impacted and it has led to the closure of many offline stores which has also had a significant impact on our business performance. Although we adjusted the sales model and tried new retail channels such as community marketing but the effect was not very obvious.

The COVID-19 outbreak is the dominant factor that causes severe shock to the world economy in 2020. While the distribution of vaccine and introduction of vaccination process will be the essential that will enable the world economy to recover in 2021. With the launch of the vaccine in 2021, we believe that the global epidemic will be effectively controlled, the global economy will recover, and hopefully our company's business performance will also have new growth.

Thank you again for your support and help given to A2H. We look forward to continuously working with you to make greater contributions to anti-aging of human beings.

Yours faithfully,

---

Mr. Chen Jiwu  
Chairman

## Anti-Aging House Holding Limited

ARBN 606 301 106

### Notes to the Financial Statements

#### For the Year Ended 31 December 2020

The financial report covers Anti-Aging House Holding Limited and its controlled entities ('the Group'). Anti-Aging House Holding Limited is a Company incorporated and domiciled in British Virgin Islands ("BVI").

Each of the entities within the Group prepares their financial statements based on the currency of the primary economic environment in which the entity operates (functional currency). The consolidated financial statements are presented in Australian dollars which is the parent entity's functional and presentation currency.

The financial report was authorised for issue by the Directors on 13 April 2021.

#### 1 Basis of Preparation

The financial statements are general purpose financial statements that have been prepared in accordance with the Australian Accounting Standards (AASBs) adopted by the Australian Accounting Standards Board and the *Corporations Act 2001*.

These financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

The financial statements have been prepared on a historical costs basis except for financial assets which are measured at fair value.

The following is a summary of the material accounting policies adopted in the preparation of the financial statements. The accounting policies have been consistently applied, unless otherwise stated.

#### 2 Summary of Significant Accounting Policies

##### (a) Basis of Consolidation

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

The accounting policies of subsidiaries have been changed when necessary to align them with policies adopted by the Group.

Intercompany transactions, balances and unrealised gains or losses on transactions between group entities are fully eliminated on consolidation.

## **Notes to the Financial Statements**

### **For the Year Ended 31 December 2020**

#### **2 Summary of Significant Accounting Policies continued**

##### **(b) Income Tax**

The income tax expense for the period is the tax payable on the current period's taxable income based on the national income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences between the tax base of assets and liabilities and their carrying amounts in the financial statements, and to unused tax losses.

Deferred tax assets and liabilities are recognised for all temporary differences, between carrying amounts of assets and liabilities for financial reporting purposes and their respective tax bases, at the tax rates expected to apply when the assets are recovered or liabilities settled, based on those tax rates which are enacted or substantively enacted for each jurisdiction. Exceptions are made for certain temporary differences arising on initial recognition of an asset or a liability if they arose in a transaction, other than a business combination, that at the time of the transaction did not affect either accounting profit or taxable profit.

Deferred tax assets are only recognised for deductible temporary differences and unused tax losses if it is probably that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries where the parent entity is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Current and deferred tax balances relating to the amounts recognised directly in other comprehensive income or equity are also recognised directly in other comprehensive income or equity.

##### **(c) Revenue and other income**

Revenue arising from the sale of goods is recognised at the point of delivery as this corresponds to the transfer of significant risks and rewards of ownership of the goods and the cessation of all involvement in those goods.

Interest revenue is recognised using the effective interest rate method, which, for floating rate financial assets, is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

##### **(d) Finance costs**

Finance cost includes all interest-related expenses, other than those arising from financial assets at fair value through profit or loss.

## Notes to the Financial Statements

### For the Year Ended 31 December 2020

#### 2 Summary of Significant Accounting Policies continued

##### (e) Property, plant and equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment.

Where the cost model is used, the asset is carried at its cost less any accumulated depreciation and any impairment losses. Costs include purchase price, other directly attributable costs and the initial estimate of the costs of dismantling and restoring the asset, where applicable.

##### Depreciation

Property, plant and equipment, excluding freehold land, is depreciated on a straight-line basis over the assets useful life to the Group, commencing when the asset is ready for use.

The depreciation rates used for each class of depreciable asset are shown below:

<b>Fixed asset class</b>	<b>Depreciation rate</b>
Furniture, Fixtures and Fittings	33.33%
Office Equipment	33.33%
Electrical Fittings	33%
Motor Vehicles	25%
Other Equipment	20%

At the end of each annual reporting year, the depreciation method, useful life and residual value of each asset is reviewed. Any revisions are accounted for prospectively as a change in estimate.

##### (f) Financial instruments

Financial instruments are recognised initially using trade date accounting, i.e. on the date that the Group becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

## **Notes to the Financial Statements**

### **For the Year Ended 31 December 2020**

#### **2 Summary of Significant Accounting Policies continued**

##### **(f) Financial instruments continued**

###### *Financial Assets*

Financial assets are divided into the following categories which are described in detail below:

- loans and receivables;

Financial assets are assigned to the different categories on initial recognition, depending on the characteristics of the instrument and its purpose. A financial instrument's category is relevant to the way it is measured and whether any resulting income and expenses are recognised in profit or loss or in other comprehensive income.

All income and expenses relating to financial assets are recognised in the statement of profit or loss and other comprehensive income in the 'finance income' or 'finance costs' line item respectively.

###### *Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise principally through the provision of goods and services to customers but also incorporate other types of contractual monetary assets.

After initial recognition these are measured at amortised cost using the effective interest method, less provision for impairment. Any change in their value is recognised in profit or loss.

The Group's trade and other receivables fall into this category of financial instruments. Discounting is omitted where the effect of discounting is considered immaterial.

Significant receivables are considered for impairment on an individual asset basis when they are past due at the reporting date or when objective evidence is received that a specific counterparty will default.

The amount of the impairment is the difference between the net carrying amount and the present value of the future expected cash flows associated with the impaired receivable.

In some circumstances, the Group renegotiates repayment terms with customers which may lead to changes in the timing of the payments, the Group does not necessarily consider the balance to be impaired, however assessment is made on a case-by-case basis.

###### *Financial liabilities*

Financial liabilities are classified as either financial liabilities 'at fair value through profit or loss' or other financial liabilities depending on the purpose for which the liability was acquired.

## **Notes to the Financial Statements**

### **For the Year Ended 31 December 2020**

#### **2 Summary of Significant Accounting Policies continued**

##### **(f) Financial instruments continued**

The Group's financial liabilities include borrowings, trade and other payables (including finance lease liabilities), which are measured at amortised cost using the effective interest rate method.

##### *Impairment of financial assets*

At the end of the reporting year the Group assesses whether there is any objective evidence that a financial asset or group of financial assets is impaired.

##### *Financial assets at amortised cost*

If there is objective evidence that an impairment loss on financial assets carried at amortised cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the financial assets original effective interest rate.

Impairment on loans and receivables is reduced through the use of an allowance accounts, all other impairment losses on financial assets at amortised cost are taken directly to the asset.

Subsequent recoveries of amounts previously written off are credited against other expenses in profit or loss.

##### **(g) Impairment of non-financial assets**

At the end of each reporting year the Group determines whether there is an evidence of an impairment indicator for non-financial assets.

Where this indicator exists and regardless for goodwill, indefinite life intangible assets and intangible assets not yet available for use, the recoverable amount of the asset is estimated.

Where assets do not operate independently of other assets, the recoverable amount of the relevant cash-generating unit (CGU) is estimated.

The recoverable amount of an asset or CGU is the higher of the fair value less costs of disposal and the value in use. Value in use is the present value of the future cash flows expected to be derived from an asset or cash-generating unit.

Where the recoverable amount is less than the carrying amount, an impairment loss is recognised in profit or loss.

Reversal indicators are considered in subsequent years for all assets which have suffered an impairment loss, except for goodwill.

## **Notes to the Financial Statements**

### **For the Year Ended 31 December 2020**

#### **2 Summary of Significant Accounting Policies continued**

##### **(h) Inventories**

Inventories are stated at the lower of cost and net realisable value. Cost includes all expenses directly attributable to the manufacturing process as well as suitable portions of related production overheads, based on normal operating capacity. Costs of ordinarily interchangeable items are assigned using the first in, first out cost formula. Net realisable value is the estimated selling price in the ordinary course of business less any applicable selling expenses.

##### **(i) Cash and cash equivalents**

Cash and cash equivalents comprises cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

##### **(j) Share capital**

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares and share options which vest immediately are recognised as a deduction from equity, net of any tax effects.

##### **(k) Foreign currency transactions and balances**

###### **Transaction and balances**

Foreign currency transactions are recorded at the spot rate on the date of the transaction.

At the end of the reporting year:

- Foreign currency monetary items are translated using the closing rate;
- Non-monetary items that are measured at historical cost are translated using the exchange rate at the date of the transaction; and
- Non-monetary items that are measured at fair value are translated using the rate at the date when fair value was determined.

Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition or in prior reporting periods are recognised through profit or loss, except where they relate to an item of other comprehensive income or whether they are deferred in equity as qualifying hedges.

## **Notes to the Financial Statements**

**For the Year Ended 31 December 2020**

### **2 Summary of Significant Accounting Policies continued**

#### **Group companies**

The financial results and position of foreign operations whose functional currency is different from the Group's presentation currency are translated as follows:

- assets and liabilities are translated at period-end exchange rates prevailing at that reporting date;
- income and expenses are translated at average exchange rates for the year where the average rate approximates the rate at the date of the transaction; and
- retained earnings are translated at the exchange rates prevailing at the date of the transaction.

Exchange differences arising on translation of foreign operations are transferred directly to the Group's foreign currency translation reserve in the statement of financial position. These differences are recognised in the statement of profit or loss and other comprehensive income in the year in which the operation is disposed.

## **Notes to the Financial Statements**

**For the Year Ended 31 December 2020**

### **3 Critical Accounting Estimates and Judgments**

The directors make estimates and judgements during the preparation of these financial statements regarding assumptions about current and future events affecting transactions and balances.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates. The significant estimates and judgements made have been described below.

#### **Impairment of property, plant and equipment**

The Group assesses impairment at the end of each reporting period by evaluating conditions specific to the Group that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value-in-use calculations which incorporate various key assumptions.

#### **Useful lives of depreciable assets**

Management reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical obsolescence that may change the utility of certain software and IT equipment.

#### **Expected credit losses and Impairment of receivables**

The receivables at reporting date have been reviewed to determine whether there is any objective evidence that any of the receivables are impaired. An impairment provision is included for any receivable where the entire balance is not considered collectible.

#### **Inventories**

Management estimates the net realisable values of inventories, taking into account the most reliable evidence available at each reporting date. The future realisation of these inventories may be affected by future technology or other market-driven changes that may reduce future selling prices.

At the beginning of the reporting period	932,512,510	932,512,510
At the end of the reporting period	<u>932,512,510</u>	<u>932,512,510</u>

The holders of ordinary shares are entitled to participate in dividends and the proceeds on winding up of the Company. On a show of hands at meetings of the Company, each holder of ordinary shares has one vote in person or by proxy, and upon a poll each share is entitled to one vote.

The Company does not have authorised capital or par value in respect of its shares.

#### 17 Reserves

##### (a) Foreign currency translation reserve

Exchange differences arising on translation of the foreign controlled entity are recognised in other comprehensive income - foreign currency translation reserve. The cumulative amount is reclassified to profit or loss when the net investment is disposed of.

#### 18 Loss per Share

	2020	2019
	\$	\$
Loss used to calculate overall earnings per share	(181,733)	(1,414,104)
Weighted average number of ordinary shares outstanding during the year used in calculating basic and diluted earnings per share	<u>932,512,510</u>	<u>932,512,510</u>

#### 19 Financial Risk Management

The Group is exposed to a variety of financial risks through its use of financial instruments.

The Group's overall risk management plan seeks to minimise potential adverse effects due to the unpredictability of financial markets.

The Group does not speculate in financial assets.

## **Notes to the Financial Statements**

**For the Year Ended 31 December 2020**

### **19 Financial Risk Management continued**

Risk management is carried out by Management under the delegated power from the Board of Directors. The Finance Manager has primary responsibility for the development of relevant policies and procedures to mitigate the risk exposure of the Group, these policies and procedures are then approved by the risk management committee and tabled at the board meeting following their approval.

Reports are presented at each Board meeting regarding the implementation of these policies and any risk exposure which the Risk Management Committee believes the Board should be aware of.

Specific information regarding the mitigation of each financial risk to which the Group is exposed is provided below.

#### **Liquidity risk**

Liquidity risk arises from the Group's management of working capital and the finance charges and principal repayments on its debt instruments. It is the risk that the Group will encounter difficulty in meeting its financial obligations as they fall due.

The Group's policy is to ensure that it will always have sufficient cash to allow it to meet its liabilities as and when they fall due. The Group maintains cash and marketable securities to meet its liquidity requirements for up to 30-day periods. Funding for long-term liquidity needs is additionally secured by an adequate amount of committed credit facilities and the ability to sell long-term financial assets.

The Group manages its liquidity needs by carefully monitoring scheduled debt servicing payments for long-term financial liabilities as well as cash-outflows due in day-to-day business.

Liquidity needs are monitored in various time bands, on a day-to-day and week-to-week basis, as well as on the basis of a rolling 30-day projection. Long-term liquidity needs for a 180-day and a 360-day period are identified monthly.

At the reporting date, these reports indicate that the Group expected to have sufficient liquid resources to meet its obligations under all reasonably expected circumstances and will not need to draw down any of the financing facilities.

The Group's liabilities have contractual maturities which are summarised below:

#### **Credit risk**

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Group. Credit risk arises from cash and cash equivalents, derivative financial instruments and deposits with banks and financial institutions, as well as credit exposure to wholesale and retail customers, including outstanding receivables and committed transactions.

The Group has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults.

## Anti-Aging House Holding Limited

ARBN 606 301 106

### Notes to the Financial Statements

For the Year Ended 31 December 2020

#### 19 Financial Risk Management continued

The Board receives monthly reports summarising the turnover, trade receivables balance and aging profile of each of the key customers individually and the Group's other customers analysed by industry sector as well as a list of customers currently transacting on a prepayment basis or who have balances in excess of their credit limits.

Management considers that all the financial assets that are not impaired for each of the reporting dates under review are of good credit quality, including those that are past due.

The following table details the Group's trade and other receivables exposure to credit risk (prior to collateral and other credit enhancements) with ageing analysis and impairment provided for thereon. Amounts are considered as 'past due' when the debt has not been settled, within the terms and conditions agreed between the Group and the customer or counter party to the transaction. Receivables that are past due are assessed for impairment by ascertaining solvency of the debtors and are provided for where there is objective evidence indicating that the debt may not be fully repaid to the Group.

The balances of receivables that remain within initial trade terms (as detailed in the table) are considered to be of high credit quality.

	<b>Gross amount</b>	<b>Past due and impaired</b>	<b>&lt; 30</b>	<b>31-60</b>	<b>61-90</b>	<b>&gt; 90</b>	<b>Within initial trade terms</b>
	\$	\$	\$	\$	\$	\$	\$
<b>2020</b>							
Trade and term receivables	907,299	-	257,026	504,003	-	146,270	906,384
<b>2019</b>							
Trade and term receivables	1,492,996	173,015	-	1,295,429	24,552	173,015	1,492,996

The Group does not hold any financial assets with terms that have been renegotiated, but which would otherwise be past due or impaired.

#### Market risk

##### (i) Foreign currency sensitivity

Most of the Group transactions are carried out in Chinese Yuan (RMB). The movement of exchange rates may have favourable or unfavourable impact on returns as the Company holds a majority of non-Australian Dollar denominated investments and cash.

## Anti-Aging House Holding Limited

ARBN 606 301 106

### Notes to the Financial Statements

For the Year Ended 31 December 2020

#### 19 Financial Risk Management continued

The following table illustrates the sensitivity of the net result for the year and equity in regards to the Group's financial assets and financial liabilities and the RMB – Australian Dollar exchange rate.

It assumes a +/- 10% change of the Australian Dollar / RMB exchange rate for the year ended 31 December 2020.

The sensitivity analysis is based on the foreign currency financial instruments held at the reporting date.

If the Australian Dollar had strengthened and weakened against the RMB by 10% and -10% respectively then this would have had the following impact:

	2020	
	+10%	-10%
<b>RMB</b>		
Net results	(18,173)	18,173
Equity	134,890	(134,890)

Exposures to foreign exchange rates vary during the year depending on the volume of overseas transactions. Nonetheless, the analysis above is considered to be representative of the Group's exposure to foreign currency risk.

#### Share risk

The market value of ordinary shares of the Company will be affected by a number of factors, including the dividend yield from time to time of the ordinary shares, prevailing interest rates and supply and demand for those ordinary shares, along with wider economic factors and changes in the law, including tax law, political factors, economical factors and environment factors in each market. The market value of the income derived from the Company's ordinary shares can fluctuate and may go down as well as up. The market value of the ordinary shares may not always reflect the Net Asset value (NAV) per ordinary share.

Whilst it is the intention of the Board to pay dividends to shareholders on an annual basis, the ability to do so will largely depend on the amount of income the Company receives on its investments and the timing of such receipts. Any reduction in income received by the Company will lead to a reduction in earnings per share and therefore in the Company's ability to pay dividends. Accordingly, the amount of dividends payable by the Company, if any, may vary.

## Anti-Aging House Holding Limited

ARBN 606 301 106

### Notes to the Financial Statements

For the Year Ended 31 December 2020

#### 20 Key Management Personnel Disclosures

Key management personnel remuneration included within employee expenses for the year is shown below:

	2020	2019
	\$	\$
Short-term employee benefits	22,749	24,271
	<u>22,749</u>	<u>24,271</u>

#### 21 Auditors' Remuneration

	2020	2019
	\$	\$
Remuneration of the auditor of the parent entity for: - auditing or reviewing the financial statements	8,600	8,800
<b>Total</b>	<u>8,600</u>	<u>8,800</u>

#### 22 Fair Value Measurement

##### Fair value hierarchy

AASB 13 *Fair Value Measurement* requires all assets and liabilities measured at fair value to be assigned to a level in the fair value hierarchy as follows:

Level 1	Unadjusted quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date.
Level 2	Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
Level 3	Unobservable inputs for the asset or liability.

The carrying amounts of current receivables and payables are assumed to approximate their fair values due to their short-term nature. The fair value of financial liabilities approximates the carrying amount as the impact of discounting is not significant.

#### 23 Contingencies

In the opinion of the Directors, the Company did not have any contingencies at 31 December 2020.

## Anti-Aging House Holding Limited

ARBN 606 301 106

## Notes to the Financial Statements

For the Year Ended 31 December 2020

### 24 Related Parties

There were no related party transactions and balances during the financial year 31 December 2020 except for the key management personnel remuneration as disclosed in Note 20.

### 25 Cash Flow Information

#### Reconciliation of result for the period to cash flows from operating activities

Reconciliation of net income to net cash provided by operating activities:

	2020	2019
	\$	\$
Loss for the year	(181,733)	(1,414,104)
Cash flows excluded from loss attributable to operating activities		
Non-cash flows in loss:		
- depreciation	17,231	17,236
- impairment loss on receivables	-	1,250,000
- interest income	-	(52)
Changes in assets and liabilities, net of the effects of purchase and disposal of subsidiaries:		
- (increase)/decrease in inventories	(127,957)	496,494
- decrease/(increase) in trade and other receivables	529,045	(590,323)
- increase in trade and other payables	25,331	361,368
Cash flow generated from operations	<u>261,917</u>	<u>120,619</u>

### 26 Significant Event

The outbreak of COVID-19 in early 2020 has affected the business and economic environments of the Company. The government and various private corporations have taken different measures to prevent the spread of the virus such as travel bans, quarantines, closures of non-essential services, social distancing and home quarantine requirement which impacted consumers' spending pattern and the Company's operations directly or indirectly. Given the widespread nature of the outbreak and unpredictability of future development of COVID-19, the Company is unable to quantify the potential financial impact of the COVID-19 pandemic on the Company's 2021 financial statements reliably at this juncture.

### 27 Events Occurring After the Reporting Date

The financial report was authorised for issue on 13 April 2021 by the Board of Directors.

No matters or circumstances have arisen since the end of the financial year which significantly affected or could significantly affect the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial years.

### Directors' Declaration

The directors of the Company declare that:

1. the financial statements and notes for the year ended 31 December 2020 are in accordance with the Corporations Act 2001 and:
  - a. comply with Accounting Standards, which, as stated in basis of preparation Note 1 to the financial statements, constitutes explicit and unreserved compliance with International Financial Reporting Standards; and
  - b. give a true and fair view of the financial position and performance of the consolidated group;
2. the Chief Executive Officer and Chief Finance Officer have given the declarations required by Section 295A that:
  - a. the financial records of the Company for the financial year have been properly maintained in accordance with section 286 of the Corporations Act 2001;
  - b. the financial statements and notes for the financial year comply with the Accounting Standards; and
  - c. the financial statements and notes for the financial year give a true and fair view.
3. In the directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

The directors have been given the declarations by the Chief Executive Officer and Financial Controller as required by Section 295A of the Corporations Act 2001.

This declaration is made in accordance with a resolution of the Board of Directors.

**INDEPENDENT AUDITORS' REPORT  
TO THE MEMBERS OF  
ANTI-AGING HOUSE HOLDING LIMITED**

**Report on the Audit of the Financial Report**

**Opinion**

We have audited the financial statements of **ANTI-AGING HOUSE HOLDING LIMITED** ("The Company") and its controlled entities ("the Group"), which comprise the consolidated statement of financial position as at 31 December 2020, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and the directors' declaration.

In our opinion, the accompanying financial statements of the Group is in accordance with the Corporations Act 2001, including:

- a) giving a true and fair view of the Group's financial position as at 31 December 2020 and of its financial performance for the year then ended on that date; and
- b) complying with Australian Accounting Standards and the Corporations Regulations 2001.

**Basis for Opinion**

We conducted our audit in accordance with Australian Auditing Standards. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Report section of our report.

We are independent of the Group in accordance with the audit independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants ("the Code") that are relevant to our audit of the financial report in Australia. We have fulfilled our other ethical responsibilities in accordance with the Code.

**INDEPENDENT AUDITORS' REPORT  
TO THE MEMBERS OF  
ANTI-AGING HOUSE HOLDING LIMITED** *(Continued)*

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no other key audit matters to communicate in our report.

**Information Other than the Financial Report and Auditors' Report Thereon**

The directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 31 December 2020, but does not include the financial report and our auditors' report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of the Directors for the Financial Report**

The directors of the Company are responsible for the preparation of financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

**INDEPENDENT AUDITORS' REPORT  
TO THE MEMBERS OF  
ANTI-AGING HOUSE HOLDING LIMITED** *(Continued)*

**Auditors' Responsibilities for the Audit of the Financial Report**

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

**INDEPENDENT AUDITORS' REPORT  
TO THE MEMBERS OF  
ANTI-AGING HOUSE HOLDING LIMITED (Continued)**

**Auditors' Responsibilities for the Audit of the Financial Statements (Continued)**

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them, all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because of the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Report on Remuneration Report**

**Opinion on the Remuneration Report**

We have audited the Remuneration Report included in the directors' report for the year ended 31 December 2020.

In our opinion, the Remuneration report of Anti-Aging House Holding Limited for the year ended 31 December 2020, complies with Section 300A of the Corporations Act 2001.

**Responsibilities**

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with Section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
