NATIONAL STOCK EXCHANGE OF AUSTRALIA

ANNOUNCEMENT

Notwithstanding current market conditions which are in line with prior years, the Company advises a pre-audit loss before income tax expense of \$246k for the year ended 30 June 2018.

This reported loss is the result of the Board's decision to donate \$430k, part of a total of \$500k donation to the Sandringham Community Bank Day Procedure Centre, at the Sandringham Hospital. This amount was covered entirely from our reserves. This is consistent with our philosophy and fulfilled our community objective.

For the current year, we expect our performance to realign with our previous operating results.
