

Beroni Group Featured in New Research Initiation Report

NEW YORK and SYDNEY, Australia, February 12, 2020 (GLOBE NEWSWIRE) - Beroni Group (OTCQX: BNIGF; NSX: BTG) ("Beroni" or the "Company"), an international diversified biopharmaceutical enterprise focused on the research, development, innovation and commercialization of therapies and products for treatment of global diseases, is pleased to announce that Marble Arch Research Inc., a leading independent equity research provider, has produced a new investment research report on the Company.

The initiation report provides an overview of Beroni's clinical pipeline with multiple modalities including a Phase II oncology drug PENAO. The report also elaborates on Beroni's US FDA approved virus diagnostic kit and e-commerce platform for the sale of pharmaceutical and wellness products. The sponsored research report carries a rating and price target derived from the Company's valuation benchmarked across its peers.

Marble Arch Research notes that, "With its unique apoptotic anti-cancer product candidate, PENAO, moving to Phase II, along with a promising solid tumor Gamma Delta T cell therapy, a commercial-ready viral detection platform and revenue generating e-commerce healthcare product opportunities, we believe Beroni has a multi-prong strategy that can realize tremendous stock price growth in the next 12 months."

Forward-Looking Statements Disclaimer

This press release contains forward-looking statements or forward-looking information, within the meaning of applicable United States and Australian securities laws with respect to the Company. By their nature, forward-looking statements are subject to a variety of factors that could cause actual results to differ materially from the results suggested by the forward-looking statements. Accordingly, readers should not place undue reliance on the forward-looking statements. Generally forward-looking statements can be identified by the use of terminology such as “anticipate”, “will”, “expect”, “may”, “continue”, “could”, “estimate”, “forecast”, “plan”, “intend”, “believe”, “potential” and similar expressions.

Forward-looking information contained in this press release is based on Company management’s opinions, estimates and assumptions in light of its experience and perception of historical trends, current conditions and expected future developments, as well as other factors that management currently believes are appropriate and reasonable in the circumstances. Forward-looking statements involve significant risks, uncertainties and assumptions, and there can be no assurance that such statements, or its underlying risks, uncertainties and assumptions will prove to be accurate. Factors that could cause actual results or events to differ materially include, without limitation, risks related to laws, rules and regulation applicable to the Company as well as the industry in which it operates (including in respect of taxes and other levies), economic or market conditions on both a national and global level, currency fluctuations, risks inherent to other entities at a similar stage of development and industry in which the Company currently is, competition from the Company’s competitors, unsatisfactory development or marketing of the Company and/or its products or services, regulatory action or litigation (including product liability claims), and failure to enter into agreements or arrangements with other parties on fair or reasonable terms. Forward-looking information is made only as of the date on which it is provided and, except as may be required by applicable laws, the Company disclaims any intent or obligation to update such forward-looking information whether as a result of new information, future events or otherwise.
