Unaudited NTA per share April 2023

Kaizen Global Investments Limited ("**KGI**") advises that the unaudited pre-tax Net Tangible Asset (**NTA**) backing per share of the company as at 30 April 2023 is **\$1.2073** and on a post-tax basis is **\$1.2170**.

This NTA includes the cash that will be paid out as a dividend for the first half of 6.5 cents per share. The payment date is after the month end so it was included on the balance sheet for the purpose of calculating the NTA. The NTA would, therefore, drop by 6.5 cents per share when the dividend is paid to shareholders.

As highlighted in the first half results of 2021, we have taken a tax charge for the sale of the private business in the audited 1H numbers, as per the accounting standards. Investors should be aware that if we make an acquisition of a controlling stake out of the proceeds of the sale, within two years, this tax charge will not crystallise and it will be added back to the NTA.

All holding enquiries should be directed to our share registry, Boardroom on 1300 737 760.
