

NZX RELEASE

6 March 2023

Kiwi Property portfolio valuation update

Kiwi Property today announced its draft valuations for the six months ended 31 March 2023, including a preliminary 4.1% or \$134.7 million reduction in the fair value of its property portfolio. The Company's mixed-use, office, retail and other properties are expected to be worth \$3.2 billion at the close of the period.

Kiwi Property Chief Executive Officer, Clive Mackenzie said: "Our investment portfolio continued to track well through the second half of the financial year, posting sales growth and rental uplift, while maintaining almost 100% occupancy.

"Despite this strong operational performance, the trend of rising interest and capitalisation rates being felt in New Zealand, and around the world, has caused valuations to decrease. By continuing to diversify our mixed-use asset base at locations like Sylvia Park, LynnMall and The Base, we will help mitigate the impact of these movements going forward."

Kiwi Property's draft asset valuations are subject to final independent audit, finalisation of year-end book values and will be confirmed in the Company's annual results for the year ended 31 March 2023, due to be released on 22 May 2023.

Note:

The fair value movements referred to above relate to independent property valuation movements and exclude any fair value movement arising from accounting for lease liabilities under NZIFRS16.
