Orion Health to provide complete healthcare solution in UK

Auckland, New Zealand— Orion Health (OHE:NZX/ASX), following a competitive process, has signed a five-year license agreement with Dorset County Council in England valued at NZ\$9.34 million (£5.2 million). The contract is to provide a comprehensive care solution to the region's population of over 765,000 people.

The new Dorset Care Record will bring together information from hospitals, GPs, community teams and local councils, enabling summary details of a person's medical or care history to be accessed in one place. Benefits will include improved coordination of care and communication between different health and care agencies, improving treatments and reducing delays. In addition, patients will be able to access and contribute to their records online.

The Dorset Care Council has purchased Orion Health's Amadeus precision medicine platform with additional applications. A portion of this contract will be recognised in FY2017 with the majority of revenues to be earned in the following periods.
