**Restatement – Appendix 4D 31 December 2015 Financial Results**

Novatti advises that during the audit of the 30 June 2016 annual report of Novatti Group Limited, the company discovered that an error had been made in relation to the accounting for the share based transaction whereby Novatti Group Limited obtained control of Novati Pty Ltd via a reverse acquisition.

The impact upon the 31 December 2015 financial result is that Group total comprehensive income for that half-year is restated to a loss of \$1,650,291 from a loss of \$1,425,416. The effect of accounting for the reverse acquisition is that the transaction expense in relation to the deemed consideration of \$224,875 was not previously recognised in the December 2015 half year financial statements. As it is a deemed value, it does not impact cash paid or payable by any Group member.

The restated Appendix 4D for the period ended 31 December 2015 is attached.

The effects of the reverse acquisition transaction flow through into the Appendix 4E 30 June 2016 Preliminary report, which will be lodged shortly.

### Comments

Novatti Group Limited was incorporated on June 6 2015. On September 28 2015 Novatti Group Limited entered into a Share Purchase Agreement with the equity holders of Novatti Pty Ltd to acquire, via a share for share scrip rollover, all the shares in Novatti Pty Ltd. For accounting purposes this transaction is a reverse takeover. Novatti Group's listed equity value at the time of incorporation has been eliminated on consolidation.

During the audit of the annual report of Novatti Group Ltd, the company discovered that an error had been made in relation to accounting for the share based transaction whereby Novatti Group Ltd obtained control of Novatti Pty Ltd.

The transaction was not originally classified as a reverse acquisition that is not a business; however, it has now been determined that it was. As such, comparative information for the accounting acquirer (Novatti Pty Ltd) were not included in the half year accounts as issued on the 18 February 2016 and these have now been added into the restated half year financial statements.

Further, the effect of accounting for the reverse acquisition that is not a business is that the transaction expense in relation to the deemed consideration of \$224,875 was not previously recognised in the December 2015 half year financial statements.

The error has been corrected by restating each of the affected financial statement line items for the December half year periods as follows:

Statement of Financial Position:

	December 2015	(Increase)/ Decrease	December 2015 (Restated)
<b>Equity</b>	\$	\$	\$

This restated Appendix 4D is the first financial report for Novatti Group Limited.

**Subsequent event**

Novatti Group Limited successfully listed on the Australian Stock Exchange on January 18, 2016. The listing was successful in issuing 35,000,000 shares at \$0.20. Shares to the offer were allotted January 12, 2016.

This is the Group's first ASX report subsequent to listing on 18 January 2016. The Group remains committed to carrying out its strategy, as detailed in its December 2015 Prospectus.

The financial position of the consolidated entity is very strong with excellent liquidity and no debt.

## Restated Interim Report – 31 December 2015

## Directors' report

The directors present their report, together with the restated financial statements, on the consolidated entity (referred to hereafter as the 'consolidated entity') consisting of Novatti Group Limited (referred to hereafter as the 'company' or 'parent entity') and the entities it controlled at the end of, or during, the half-year ended 31 December 2015.

### Directors

The following persons were directors of Novatti Group Limited during the whole of the financial half-year, or part year per the respective appointment dates, and up to the date of this report, unless otherwise stated:

Name	Office
Peter Samuel Cook (appointed 12 October 2015)	Managing Director and Chief Executive Officer
Brandon Munro (appointed 12 October 2015)	Non Executive Director
Peter Pawlowitsch (appointed 19 June 2015)	Non Executive Chairman
Kenneth Lai (appointed 31 May 2016)	Non Executive Director
Paul Burton (appointed 31 May 2016)	Non Executive Director

### Principal activities

The principal continuing activities of the consolidated entity consisted of:

Marketing the Novatti Platform to telecommunications companies, financial institutions, and alternative payment system providers for enterprise or SaaS/PaaS sales. The Group has deployed the Novatti Platform into its controlled subsidiaries TransferBridge and Flexewallet (Flexepin), and its joint ventures of Monisend and Novatti (Malaysia), where the platform generates income on a transactional basis.

### Review of operations

Novatti Group Limited was incorporated on June 6 2015. On September 28 2015 Novatti Group Limited entered into a Share Purchase Agreement with the equity holders of Novatti Pty Ltd to acquire, via a share for share scrip rollover, all the shares in Novatti Pty Ltd. For accounting purposes this transaction is a reverse acquisition that is not a business and as such Novatti Group Pty Ltd was identified as the acquirer for accounting purposes. Accordingly, Novatti Group Limited's equity value at the time of incorporation has been eliminated on consolidation. This restated Appendix 4D is the first financial report for Novatti Group Limited and its controlled entities subsequent to the transaction taking place.

The loss for the consolidated entity after providing for income tax and non-controlling interest amounted to \$1,650,291. Prior year loss for the same period was \$504,869

The Group has no debt.

### Significant changes in the state of affairs

Novatti Group Limited listed on the ASX on January 18, 2016 and this is the Group's first restated financial report to shareholders, as an ASX listed entity.

Novatti Group Limited raised \$7,000,000 by issuing 35,000,000 shares at \$0.20.

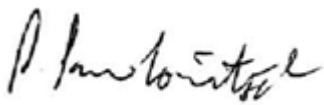

There were no other significant changes in the state of affairs of the consolidated entity during the financial half-year.

### Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on the following page.

This report is made in accordance with a resolution of directors, pursuant to section 306(3)(a) of the Corporations Act 2001.

## Notes to the Appendix 4D Restated financial statements

### Note 1. Significant accounting policies

These general purpose restated financial statements for the interim half-year reporting period ended 31 December 2015 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

Novatti Group Limited has prepared these restated financial statements using Australian Accounting Standards and their related pronouncements. These restated financial statements are for the first financial period reported in accordance with Australian Accounting Standards.

#### New, revised or amending Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted and the Group has not yet assessed what impact if any these pronouncements may have.

#### Basis of Preparation

The condensed restated financial report has been prepared in accordance with the mandatory Australian Accounting Standards applicable to entities reporting under the Corporations Act 2001 and the significant accounting policies disclosed below, which the directors have determined are appropriate to meet the needs of members. All amounts are presented in Australian dollars, unless otherwise noted.

The restated financial statements, except for cash flow information, have been prepared on an accruals basis and are based on historical costs unless otherwise stated in the notes.

This consolidated interim financial report does not include all the notes of the type normally included in an annual financial report. As this is the Groups' first time preparing consolidated financial statements there is no relevant annual report to refer to.

#### Principals of Consolidation

These are the restated financial statements of Novatti Group Limited (the company) and its controlled entities (the Group) as at 31 December 2015.

As outlined in Note 1(m) and 16, for accounting purposes Novatti Pty Ltd was identified as the accounting acquirer and Novatti Group Ltd was identified as the accounting subsidiary.

Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee,
- Rights arising from other contractual arrangements,
- The Group's voting rights and potential voting rights.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a controlled entity begins when the Group obtains control over the controlled entity and ceases when the Group loses control of the controlled entity. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the statement of profit or loss and other comprehensive income from the date the Group gains control until the date the Group ceases to control the controlled entity.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- De-recognises the assets (including goodwill) and liabilities of the subsidiary,
- De-recognises the carrying amount of any non-controlling interests,
- De-recognises the cumulative translation differences recorded in equity,
- Recognises the fair value of the consideration received,
- Recognises the fair value of any investment retained,
- Recognises any surplus or deficit in profit or loss, and
- Reclassifies the parent's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.

#### (a) Income Tax

The income tax expense (revenue) for the year comprises current income tax expense (income) and deferred tax expense (income).

Current income tax expense charged to the profit or loss is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, as at reporting date. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax asset and deferred tax liability balances during the year as well as unused tax losses.

Current and deferred income tax expense (income) is charged or credited directly to equity instead of the profit or loss when the tax relates to items that are credited or charged directly to equity.

Deferred tax assets and liabilities are ascertained based on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the restated financial statements. Deferred tax assets also result where amounts have been fully expensed but future tax deductions are available. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates enacted or substantively enacted at reporting date. Their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

Where temporary differences exist in relation to investments in subsidiaries and joint ventures, deferred tax assets and liabilities are not recognised where the timing of the reversal of the temporary difference can be controlled and it is not probable that the reversal will occur in the foreseeable future.

Current tax assets and liabilities are offset where a legally enforceable right of set-off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur. Deferred tax assets and liabilities are offset where a legally enforceable right of set-off exists, the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entity where it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur in future periods in which significant amounts of deferred tax assets or liabilities are expected to be recovered or settled.

#### *Tax Consolidation*

The parent entity and its controlled entities have formed an income tax consolidated group under the tax consolidation legislation. The parent entity is responsible for recognising the current tax liabilities and deferred tax assets arising in respect of tax losses, for the tax consolidated group. The tax consolidated group has also entered a tax funding agreement whereby each company in the group contributes to the income tax payable in proportion to their contribution to the net profit before tax of the tax consolidated group.

In addition to its own current and deferred tax amounts, the head entity also recognises the current tax liabilities (or assets) and the deferred tax assets arising from unused tax losses and unused tax credits assumed from controlled entities in the tax consolidated group.

Assets or liabilities arising under the tax funding agreements with the tax consolidated entities are recognised as amounts receivable from or payable to other entities in the tax consolidated group.

The tax funding arrangement ensures that the intercompany charge equals the current tax liability or benefit of each tax consolidated group member, resulting in neither a contribution by the head entity to the subsidiaries nor a distribution by the subsidiaries to the head entity

#### *(b) Inventories*

Inventories are measured at the lower of cost and net realisable value. The cost of manufactured products includes direct materials, direct labour and an appropriate portion of variable and fixed overheads. Overheads are applied on the basis of normal operating capacity. Costs are assigned on an average cost basis.

### (c) Plant and equipment

#### *Plant and equipment*

Plant and equipment are measured on the cost basis and therefore carried at cost less accumulated depreciation and any accumulated impairment. In the event the carrying amount of plant and equipment is greater than the estimated recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount and impairment losses are recognised in profit or loss. A formal assessment of recoverable amount is made when impairment indicators are present.

The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the asset's employment and subsequent disposal. The expected net cash flows have been discounted to their present values in determining recoverable amounts.

The cost of fixed assets constructed within the Group includes the cost of materials, direct labour, borrowing costs and an appropriate proportion of fixed and variable overheads.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are recognised as expenses in profit or loss during the financial period in which they are incurred.

#### *Depreciation*

The depreciable amount of all fixed assets is depreciated on a straight-line basis over the asset's useful life to the Group commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The estimated useful lives for the current period are as follows:

Leasehold improvements	2 years
Property and equipment	1 - 12 years
Fixtures and Fittings	1 - 12 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of the reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are included in the statement of profit or loss and other comprehensive income in the period in which they arise.

### (d) Intangible assets

#### *Other intangible assets*

Other intangible assets that are acquired by the Group and have finite useful lives are measured at cost less accumulated amortisation and impairment losses.

#### *Subsequent expenditure*

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in profit or loss as incurred.

#### *Amortisation*

Amortisation is based on the cost of an asset less its residual value.

Amortisation is recognised in profit or loss on a straight-line basis over the estimated useful lives of intangible assets, other than goodwill, from the date they are available for use. The estimated useful lives for the current period are as follows:

Research and Development	5 years
--------------------------	---------

Amortisation methods, useful lives and residual lives are reviewed at each reporting date and adjusted if appropriate.

### **(e) Financial Instruments**

#### *Recognition and initial measurement*

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the Group commits itself to either the purchase or sale of the asset (i.e. trade date accounting is adopted). Financial instruments are initially measured at fair value plus transaction costs.

#### *Classification and subsequent measurement*

Financial instruments are subsequently measured at fair value, amortised cost using the effective interest method, or cost.

Amortised cost is calculated as the amount at which the financial asset or financial liability is measured at initial recognition less principal repayments and any reduction for impairment, and adjusted for any cumulative amortisation of the difference between that initial amount and the maturity amount calculated using the effective interest method.

The effective interest method is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) over the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying amount with a consequential recognition of an income or expense item in profit or loss.

#### *Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost. Gains or losses are recognised in the statement of profit or loss and other comprehensive income through the amortisation process and when the financial asset is derecognised.

#### *Financial liabilities*

Non-derivative financial liabilities other than financial guarantees are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss through the amortisation process and when the financial liability is derecognised.

**(f) Impairment of Assets**

At the end of each reporting period, the Group assesses whether there is any indication that an asset may be impaired. The assessment will include the consideration of external and internal sources of information. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss.

Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

**(g) Employee Benefits**

Provision is made for the Group's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be wholly settled within one year have been measured at the amounts expected to be paid when the liability is settled. Other employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wages increases and the probability that the employee may satisfy any vesting requirements. Those cash flows are discounted using market yields on national corporate bonds with terms to maturity that match the expected timing of cash flows attributable to employee benefits.

**(h) Provisions**

Provisions are recognised when the Group has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

**(i) Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

**(j) Borrowing Cost**

Borrowing costs directly attributable to the acquisition, construction or production of assets that necessarily take a substantial period of time to prepare for their intended use or sale are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

**(k) Revenue and Other Income**

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. Any consideration deferred is treated as the provision of finance and is discounted at a rate of interest that is generally accepted in the market for similar arrangements. The difference between the amount initially recognised and the amount ultimately received is interest revenue.

Revenue from the sale of goods is recognised at the point of delivery as this corresponds to the transfer of significant risks and rewards of ownership of the goods and the cessation of all involvement in those goods.

Interest revenue is recognised using the effective interest rate method, which, for floating rate financial assets is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

All revenue is stated net of the amount of goods and services tax (GST).

**(l) Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense.

Receivables and payables in the statement of financial position are shown inclusive of GST. Cash flows are presented in the statement of cash flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

**(m) Critical Accounting Estimates and Judgements**

The directors evaluate estimates and judgments incorporated into the restated financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Group.

*Provision for doubtful debts*

The directors have reviewed the carrying amount of the trade receivables during the financial year and determined that the trade receivables will be recoverable.

*Estimation of useful lives of assets*

The Group determines the estimated useful lives and related depreciation and amortisation charges for its property, plant and equipment and finite life intangible assets. The useful lives could change significantly as a result of technical innovation or some other event. The depreciation and amortisation charge will increase where the useful lives are less than previously estimated lives, or technically obsolete or non-strategic assets that have been abandoned or sold will be written off or written down.

*Impairment of intangible assets other than goodwill*

The Group tests annually or more frequently if events or changes in circumstances indicate impairment whether intangible assets other than goodwill have suffered any impairment. If an impairment trigger exists, the recoverable amount of the assets is determined. This requires the use of assumptions, including estimated discount rates based on the current cost of capital and growth rates of the estimated future cash flows.

*Reverse Acquisition of Novatti Group Ltd by Novatti Pty Ltd*

Judgements have been applied to the accounting treatment of the transaction whereby Novatti Group Ltd obtained control of Novatti Pty Ltd. The transaction has been treated as a reverse acquisition that is not a business in accordance with AASB 2 Share Based Payments.

In accounting for the transaction as a reverse acquisition that is not a business the following significant judgements were made:

- Novatti Pty Ltd was identified as the acquirer for accounting purposes using the guidance contained in AASB 3 Business Combinations and therefore the restated financial statements are treated as a continuation of Novatti Pty Ltd; and
- The deemed consideration to effect the transaction for accounting purposes was determined by assigning a price to the number of shares that Novatti Pty Ltd have had to issue to effect the transaction.

### Note 3. Correction of Error in accounting for the Reverse acquisition of Novatti Group Ltd by Novatti Pty Ltd

Subsequent to the issue of the 31 December 2015 half year financial statements, as part of the audit of the annual financial statements of Novatti Group Ltd and controlled entities, it was determined that an error had been made in relation to the accounting treatment applied to the transaction whereby Novatti Group Ltd obtained control of Novatti Pty Ltd.

The 31 December 2015 half year financial statements issued on 18 February 2016 treated the transaction as an asset acquisition because the legal parent (Novatti Group Limited) did not meet the definition of a business under AASB 3 *Business Combinations*. The transaction however should have been treated as a reverse acquisition that is not a business in accordance with AASB 2 *Share Based Payment*.

In identifying the transaction as a reverse acquisition that is not a business, and accounting for it in accordance with AASB 2, the following was required:

- Identification of Novatti Pty Ltd as the acquirer for accounting purposes and therefore treating the financial statements as a continuation of Novatti Pty Ltd;
- Determining a deemed consideration to effect the transaction for accounting purposes;
- Recognising the difference between the deemed consideration and the fair value of the net assets of the accounting acquiree as a transaction cost in the statement of profit or loss and other comprehensive income.

As such the following changes have been made in these restated financial statements for the half year ended 31 December 2015.

- Comparative information of Novatti Pty Ltd has been included;
- The Principals of Consolidation accounting policy as included in the 31 December 2015 half year financial statements has been replaced with a revised policy as disclosed;
- Note 1(m) as included in the original 31 December 2015 half year financial statements has been updated to include disclosure in relation to the significant judgements made by management in accounting for this transaction;
- Note 5
- Note 7 Issued Capital and contributed equity as included in the original 31 December 2015 half year financial statements has been updated;
- Note 14 Business Combinations included in the original 31 December 2015 half year financial statements has been replaced with Note 16 Share based payment acquisition; and

A transaction expense of \$224,875 has been recognised

## Note 4. Operating segments

## Identification of reportable operating segments

The consolidated entity is organised into three operating business segments: Novatti, Flexewallet and TransferBridge. These operating business segments are based on the internal reports that are reviewed and used by the Board of Directors (who are identified as the Chief Operating Decision Makers ('CODM')) in assessing performance and in determining the allocation of resources. There is no aggregation of operating segments.

The CODM reviews EBITDA (earnings before interest, tax, depreciation and amortisation). The accounting policies adopted for internal reporting to the CODM are consistent with those adopted in the restated financial statements.

The information reported to the CODM is on at least a monthly basis.

## Types of products and services

The principal products and services of each of these operating segments are as follows:

*Novatti*

develops, deploys and supports specialised mobile and Alternate Payment technology, primarily through the deployment of the Novatti Platform.

*Flexewallet*

offers a cost-effective option to consumers for low value international transfers for purposeful remittances.

*TransferBridge*

provides a comprehensive global network that interconnects emerging payment platforms, remittance operators, financial institutions, retailers, utilities and all types of telecommunication operators.

**Intersegment transactions**

Intersegment transactions were made at market rates. Intersegment transactions are eliminated on consolidation.

**Intersegment receivables, payables and loans**

Intersegment loans are initially recognised at the consideration received. Intersegment loans receivable and loans payable that earn or incur non-market interest are not adjusted to fair value based on market interest rates. Intersegment loans are eliminated on consolidation.

### Entitlement

The Options will entitle the holder to subscribe for one Share upon the exercise of each Option that has vested in the holder. If the Options are subject to vesting, where the relevant person is no longer employed or engaged, as the case may be, by the Group on a vesting date, the Options will not vest to that holder. Options that have previously vested in the holder shall be retained by the holder.

### Shares issued on exercise

Shares issued on exercise of the Options will rank equally with the other issued Shares.

If there is any reconstruction of the issued share capital of the Company, the rights of the Option holder may be varied to comply with the Listing Rules which apply to the reconstruction at the time of the reconstruction.

There are no participation rights or entitlements inherent in the Options and the holder will not be entitled to participate in new issues of capital offered to Shareholders during the currency of the Options.

The fair value of the options are valued at "grant date" using the Black-Scholes model.

## Note 9.3 Performance Shares

The following is a summary of the terms and conditions of the Performance Shares.

### a) Performance Shares

Each Performance Share is a share in the capital of the Company.

### b) Conversion into Ordinary Shares

Each Performance Share is convertible into one Ordinary Share, upon the following milestones being achieved:

Milestone	No. Performance Shares converted
<b>Milestone 1</b> Upon the Company achieving \$3.5 million in invoiced customer revenue at any time during the financial year commencing 1 July 2015 (2015/16), specifically excluding invoiced revenues arising directly or indirectly from (1) Transferbridge Pty Ltd ACN 168 010 802, (2) Flexewallet Pty Ltd ACN 164 657 032 and (3) the contract (if any) that triggers the achievement of Milestone 4.	5,000,000
<b>Milestone 2</b> Upon the Company achieving \$4 million in invoiced customer revenue at any time during the financial year commencing 1 July 2015 (2015/16), specifically excluding invoiced revenues arising directly or indirectly from (1) Transferbridge Pty Ltd ACN 168 010 802, (2) Flexewallet Pty Ltd ACN 164 657 032.	5,000,000
<b>Milestone 3</b> Upon the Company achieving \$5 million in invoiced customer revenue at any time during the financial year commencing 1 July 2015 (2015/16), specifically excluding invoiced revenues arising directly or indirectly from (1) Transferbridge Pty Ltd ACN 168 010 802, (2) Flexewallet Pty Ltd ACN 164 657 032.	5,000,000
<b>Milestone 4</b> Subject to Milestone 4 not being achieved, upon the Company achieving \$7 million in invoiced customer revenue at any time during the financial year commencing 1 July 2015 (2015/16), specifically excluding invoiced revenues arising directly or indirectly from (1) Transferbridge Pty Ltd ACN 168 010 802 and (2) Flexewallet Pty Ltd ACN 164 657 032 but including net transaction fees arising from those companies.	5,000,000

The Performance Shares shall not convert to Ordinary Shares until such time as the milestones referred to above have been satisfied. If the milestones are not achieved, or not achieved within the expiry dates, the Performance Shares for a particular tranche will be redeemed by the Company for a total nominal sum of \$1.00.

### Note 14. Events after the reporting period

Novatti Group Limited successfully listed on the ASX in 18 January 2016. It raised 35,000,000 shares via an IPO at \$0.20 per share with the shares allotted on January 12 2016.

At 30 June 2016, 5,000,000 of the 20,000,000 performance shares issued (see note 9.3) vested and were convertible (subject to board approval) into 5,000,000 ordinary shares of Novatti Group Limited. The remaining performance shares did not vest as the milestones were not met and accordingly they were redeemed for a total of \$3 in accordance with the terms of the initial grant.

There no other matters or circumstances that have arisen since 31 December 2015 that has significantly affected, or may significantly affect the consolidated entity's operations, the results of those operations, or the consolidated entity's state of affairs in future financial years.

### Note 15. AASB 1: First time adoption of Australian Accounting Standards

As disclosed in Note 1, these are the Group's first financial statements (restated) prepared in accordance with Australian Accounting Standards. The Group was not required to prepare general purpose financial statements for periods and up to and including 30 June 2015.

The accounting policies set out in note 1 have been applied in preparing the restated interim financial report for the Group for the interim period ending 31 December 2015; for the comparative period ending 30 June 2015 (statement of financial position) and 31 December 2014 (statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows) and in the preparation of an opening Australian Accounting Standards statement of the financial position as at 1 July 2014. (The Group's date of transition to Australian Accounting Standards).

In preparation for the transition to IFRS the Group has not identified any material adjustments which were required to the current or comparative periods in order to present Australian Accounting Standard Compliant financial statements. Consequently, no further disclosure has been provided.

### Note 16. Share based payment acquisition

On 28 September 2015, Novatti Group Ltd completed the acquisition of Novatti Pty Ltd and its subsidiaries, Flexewallet Pty and TransferBridge Pty Ltd. Under Australian Accounting Standards, Novatti Pty Ltd is considered the accounting acquirer. The acquisition has been accounted for as a share based payment by which Novatti Pty Ltd acquires the assets of Novatti Group Ltd.

#### 16 (a) Deemed consideration for reverse acquisition

Under reverse acquisition principals, the consideration deemed to be provided was determined to be \$225,000 based on a combination of the 16 cents post transaction share price of Novatti Group Limited at which seed capital was issued and the fair value of the performance share issued. The \$225,000 represents the deemed fair value of the 1,250,000 shares owned by existing Novatti Group Limited shareholders.

#### 16 (b) Assets and liabilities acquired

Trade and Other Receivables	125
Net identifiable assets acquired	125

16 (c) Transaction costs

Deemed consideration - 16 (a)	225,000
Net identifiable assets acquired	125
<hr/>	
Transaction costs incurred on reverse acquisition	224,875

**Note 17. Fair value measurement**

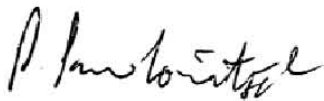

The net fair value of financial assets and liabilities approximates their carrying amounts as disclosed in the statement of financial position and notes to the restated financial statements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

## In the directors' opinion:

- the attached restated financial statements and notes comply with the Corporations Act 2001, Australian Accounting Standard AASB 134 'Interim Financial Reporting', the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached restated financial statements and notes give a true and fair view of the consolidated entity's financial position as at 31 December 2015 and of its performance for the financial half-year ended on that date; and
- there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors made pursuant to section 303(5)(a) of the Corporations Act 2001.

On behalf of the directors

## **INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF NOVATTI GROUP LIMITED AND CONTROLLED ENTITIES**

### **Report on the Half-Year Financial Report**

We have reviewed the accompanying half-year financial report (restated) of Novatti Group Limited (the company) and the entities it controlled at the half-year's end or from time to time during the half year (the consolidated entity) on pages 8 to 35, which comprises the consolidated statement of financial position as at 31 December 2015, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

### *Directors' Responsibility for the Half-Year Financial Report*

The directors of the company are responsible for the preparation of the half-year financial report (restated) that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report (restated) that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express a conclusion on the half-year financial report (restated) based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including:

- giving a true and fair view of the consolidated entity's financial position as at 31 December 2015 and its performance for the half-year ended on that date; and
- complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

As the auditor of Novatti Group Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report (restated) consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### *Independence*

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001.

**INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF NOVATTI GROUP LIMITED AND CONTROLLED ENTITIES (CONT)**

*Conclusion*

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report (restated) of Novatti Group Limited on pages 8 to 35 is not in accordance with the Corporations Act 2001 including:

- a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2015 and of its performance for the half year ended on that date; and
- b) complying with Australian Accounting Standard 134 Interim Financial Reporting and the Corporations Regulations 2001.

*Emphasis of Matter*

*Restatement of previously issued half year financial report*

Without modification to our conclusion expressed above, we draw attention to Note 3 of the financial statements (restated) which outlines a restatement of the 31 December 2015 half year financial report. The restatement resulted in a reissue of the half year financial report in its entirety as the restatement was not previously included in the half year financial report for the half year ended 31 December 2015 which were authorised for issue on 17<sup>th</sup> February 2016. Our conclusion is not modified in respect of this matter.
