

# ASX RELEASE

14 April 2016

## CESSATION OF QUARTERLY PRODUCTION REPORTING

Arrium Limited (Administrators appointed) (ASX:ARI) (the "Company") announces that it has ceased voluntary reporting of its mining production activities. The Company commenced issuing quarterly reports of its mining activities in 2012 for the convenience of its shareholders. However, as the Company is not a mining entity under the ASX Listing Rules, the Administrators have decided that in the current circumstances it is appropriate that the Company cease providing those reports to the ASX until further advised.
