## WANGLE STRENGTHENS BOARD WITH NEW APPOINTMENT

Wangle Technologies Limited (**ASX:WGL**) (**Wangle** or the **Company**) is pleased to announce that the Company's Chief Technology Officer, Cam Worth, has been appointed as an executive director of Wangle.

The appointment brings critical specialist technical knowledge to Wangle's board given his successful track record that spans over a decade in developing and leading IT projects. Mr Worth, who has been spearheading the development of the Wangle platform, has founded three successful technology companies and has launched platforms and deployed large-scale business intelligence systems in multiple markets for a number of leading companies.

His work includes projects with Toxfree Solutions (ASX:TOX), designing and delivering the software and associated hardware for an Enterprise Waste Management Platform, Hawaiian Pty Ltd and The National Franchise Insurance Brokers and Worldwide Franchise Insurance Brokers where he led the implementation of a national eCommerce Platform.

*"I consider it a privilege to be given this opportunity to serve the Company as I have great faith in Wangle's technology and the significant opportunity for the Company's solution within the consumer and enterprise markets, said Mr Worth.*

*I am fully committed to the commercial success of the Wangle App as the Company embarks on its critical path to the product launch."*

## ABOUT WANGLE TECHNOLOGIES

Wangle Technologies has developed patented algorithms to optimise data flow between devices. It allows faster data transfer and reduces data overhead, while enhancing security and privacy. Wangle's technology provides compelling value to consumers and to service providers looking for innovative low cost solutions to manage network capacity in the face of unprecedented growth in data consumption.
