**FOR RELEASE TO MARKET**

**TRANSPACIFIC FINALISES ACQUISITION OF MELBOURNE LANDFILL**

Transpacific Industries Group Ltd (ASX: TPI) has today announced that completion of its purchase of the Melbourne Regional Landfill business from Boral Ltd occurred on 28 February 2015.

The acquisition secures TPI's long term position in the Melbourne market by delivering on an integral component of the overall TPI growth strategy of increasing internalisation rates (collected waste delivered to its own sites rather than to third parties) for TPI's Melbourne operations, which will drive enhanced cash flow and higher returns.
