CORPORATE REVIEW

Company Background

Superior Resources Limited (**Superior** or the **Company**) is a Brisbane based ASX-listed company (ASX code: SPQ) exploring for copper, lead-zinc-silver and gold deposits in northern Queensland, Australia.

Superior currently holds a number of exploration permits, exploration permit applications and a granted mining lease in northern Queensland for base metal exploration. Superior is also a party to a farm-in agreement for gold over three granted mining leases at Tick Hill in northwest Queensland.

Superior has an expanding portfolio of volcanogenic massive sulphide properties in the Greenvale area of northeastern Queensland with inferred resources defined for one property. In northwest Queensland exploration for Mount Isa style deposits over the last six years has resulted in Superior holding a first class portfolio of properties for these deposits. A farm-in agreement on three granted mining leases at Tick Hill in northwest Queensland gives Superior exposure to an area with potential for high grade gold mineralisation adjacent to an old high grade gold mine.

Corporate Philosophy

Superior's aim is to increase shareholder value through the discovery of significant mineral deposits and it has a strategy consistent with this aim.

Superior targets areas with potential for larger high-grade deposits of copper, lead-zinc-silver and gold. These include the large Mount Isa style deposits in northwest Queensland, the more moderate volcanogenic massive sulphide (VMS) deposits in northeast Queensland and the Proterozoic Tick Hill gold deposits in northwest Queensland.

Superior has adopted a conceptual approach in its search for Mount Isa style deposits which identifies permissive environments for these deposits and then explores these areas. Models, derived from the existing large mineral deposits, are an integral part of this approach. Once a permissive environment is identified, Superior utilises advanced exploration methods (particularly geophysics) with modern computer modelling of results to produce targets for further testing.

While a conceptual approach is also appropriate to a search for Proterozoic gold and VMS copper-gold deposits, Superior has adopted the more traditional approach in this search of exploring around existing indications of mineralisation.

Drilling is an essential part of Superior's exploration programs with drill testing of conceptual targets being part of the search for Mount Isa style deposits and drilling around and beneath existing mineralisation part of the search for gold and copper-gold deposits.

Superior continues to utilise experienced explorers in its exploration as they offer the best chance for discovery of resources.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

DIRECTORS' REPORT

Your Directors present their report on the consolidated entity (referred to hereafter as the group) consisting of Superior Resources Limited and the entities it controlled at the end of, or during, the year ended 30 June 2014.

Directors

The following persons were Directors of Superior Resources Limited during the whole of the year and up to the date of this report:

K J Harvey
D J Horton
P H Hwang

Mr C Fernicola was appointed a director on 24 August 2014 and continues in office at the date of this report.

Principal activities

During the year the principal activity of the group was exploration for base metals and gold in Australia. There were no significant changes in the nature of the company's activities during the year and no changes are anticipated.

Dividends

There were no dividends paid to members during the financial year.

Review of operations

The loss for the year was \$712,135 after income tax benefit of \$102,654 (2013: loss of \$708,349).

Superior's principle activities during the period were focused on the following:

1. Exploration project development

- Progress geophysical and soil geochemical modelling and drilling for copper deposits at the Greenvale Project;
- Increase the project tenement coverage to include newly identified highly anomalous copper and zinc anomalies and historic copper mineralised areas; and
- Develop surface gold recovery programs to realise potential early stage cash flow from the Tick Hill Gold Project.

2. Capital Raising

- Conduct and finalise a rights issue campaign;

3. Dealings

- Facilitate the expedited transfer of the Tick Hill mining leases to enable rapid access to the Tick Hill Gold Project;
- Engage with third parties for joint venture arrangements in relation to the North West Queensland, Greenvale and Hedley's Uranium projects; and
- Identify and engage with third parties in relation to new project opportunities.

The Company's Board had established a clear set of objectives for the 2013–2014 year, which were based on being cognisant of the following market factors:

- (a) Severe downturn in the capital and investor markets;
- (b) Global trends in the zinc commodity and supply markets; and
- (c) Increasing project acquisition opportunities as a result of the significant industry sector downturn.

On this basis, the Board raised capital through a successful rights issue and took steps to rationalise the Company's overheads. A significant portion of our resources were focussed on expanding and

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

DIRECTORS' REPORT
(continued)

improving the Company's exploration asset base, whilst fast-tracking the realisation of potential early stage cash flow opportunities with the Tick Hill Gold Project.

In terms of building on and progressing Superior's current exploration assets, the Company:

- achieved the grant of one EPM and added two new EPM applications to the Greenvale Project, which elevates the project to a first class copper exploration project;
- conducted extensive ThreeD computer modelling of geophysical data to build on the current copper resources at the Greenvale Project;
- identified high grade copper at the new Greenvale Project prospects, which include Riesling, Halls Reward, Bottletree and Wyandotte prospects;
- identified significant high order zinc anomalous targets at its North West Queensland Mount Isa style lead-zinc-silver projects; and
- applied for a new EPM to expand the lead-zinc potential of its North West Queensland Projects.

The Company also commenced processes to obtain statutory access agreements with relevant landholders and Aboriginal cultural heritage clearance surveys. Access and clearance to the majority of planned drill holes was completed during the period, which will enable drill testing of several high order coincident geochemical and geophysical anomalies identified from modelling of the geochemical and geophysical data.

Superior continues to advance and build on its current copper, zinc and gold projects, in tune with the projected commodity and equity markets and consistent with its strategy to build value as these markets improve into and beyond the next financial year.

Significant changes in the state of affairs

Significant changes in the state of affairs of the group during the financial year were as follows:

	2014
	\$
(a) Significant gains and expenses:	
Expenses:	
Exploration written off	197,849
(b) Contributed equity increased by \$985,305 (from \$6,244,136 to \$7,229,441) as the result of a placement of 93,838,424 shares under the rights issue.	

Matters subsequent to the end of the financial year

There are no matters or circumstances that have arisen since 30 June 2014 that have significantly affected, or may significantly affect:

- (a) the group's operations in future financial years, or
- (b) the results of those operations in future financial years, or
- (c) the group's state of affairs in future financial years.

Likely Developments and Expected Results from Operations

Results from exploration are difficult to predict in advance so expected results are uncertain.

Environmental regulation

The group's operations are subject to significant environmental regulation under the laws of the commonwealth and state.

REMUNERATION REPORT (AUDITED)

The directors are pleased to present your Group's 2014 remuneration report which sets out remuneration information for Superior Resources Limited's non-executive directors, executive directors, and other key management personnel.

The report contains the following sections:

- (a) Directors and key management personnel disclosed in this report
- (b) Remuneration governance
- (c) Use of remuneration consultants
- (d) Executive remuneration policy and framework
- (e) Relationship between remuneration and Superior Resources Limited's performance
- (f) Non-executive director remuneration policy
- (g) Voting and comments made at the company's 2013 Annual General Meeting
- (h) Details of remuneration
- (i) Service agreements
- (j) Details of share-based compensation and bonuses
- (k) Equity instruments held by key management personnel
- (l) Loans to key management personnel
- (m) Other transactions with key management personnel

(a) Directors and key management personnel disclosed in this report

<i>Non-executive and executive directors (see pages 4 to 5 for details about each director)</i>	
D J Horton K J Harvey P H Hwang	
<i>Other key management personnel</i>	
Name	Position

(b) Remuneration governance

The board is responsible for:

- the over-arching executive remuneration framework
- operation of the incentive plans which apply to the executive team, including key performance indicators and performance hurdles
- remuneration levels of executive directors and other key management personnel, and
- non-executive directors fees

The objective is to ensure that remuneration policies and structures are fair and competitive and aligned with the long-term interests of the Group.

(c) Use of remuneration consultants

The Group has not engaged the services of any remuneration consultants during the current or prior financial years.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

DIRECTORS' REPORT
(continued)

REMUNERATION REPORT (AUDITED) (continued)

(d) *Executive remuneration policy and framework*

The combination of base pay and superannuation make up the executive directors total remuneration. Base pay for the executive directors is reviewed annually to ensure the executives' pay is competitive with the market. The board ensures that executive reward satisfies the following key criteria for good reward governance practices:

- competitiveness and reasonableness
- acceptability to shareholders
- transparency
- capital management

Long-term incentives

Long-term incentives are provided to executive directors by obtaining approval at a general meeting of shareholders. Any issue of options to executive directors is designed to focus executives on delivering long-term shareholder returns.

(e) *Relationship between remuneration and Superior Resources Limited's performance*

There is no direct link between remuneration, company performance and shareholder wealth. The Group's activities focuses on the objective of delivery of long term shareholder returns.

(f) *Non-executive director remuneration policy*

Fees and payments to non-executive directors reflect the demands which are made on, and the responsibilities of, the directors. Non-executive directors' fees and payments are reviewed annually by the Board.

Non-executive directors' fees are determined within an aggregate directors' fee pool limit, which is periodically recommended for approval by shareholders. The maximum currently stands at \$250,000 in aggregate plus statutory superannuation.

(g) *Voting and comments made at the company's 2013 Annual General Meeting*

Superior Resources Limited received more than 95% of "yes" votes on its remuneration report for the 2013 financial year. The company did not receive any feedback at the AGM or throughout the year on its remuneration practices.

(h) *Details of remuneration*

The following tables show details of the remuneration received by the directors and the key management personnel of the group for the current and previous financial year.

(l) Service agreements

Remuneration and other terms of employment of the Managing Director are formalised in an agreement. The major provisions of the agreements relating to remuneration are set out below.

P H Hwang, Managing Director

- Term of employment agreement – indefinite commencing 22 April 2013.
- Base salary, inclusive of superannuation, for the year ended 30 June 2014 of \$230,000, to be reviewed at least annually by the Board.
- Payment of a termination benefit on early termination by the company, other than for gross misconduct, equal to six months remuneration.
- Agreement may be terminated by employee giving six months notice in writing.

K J Harvey, Exploration Director

- Term of employment agreement – indefinite commencing 1 July 2007.
- Base salary, inclusive of superannuation, for the year ended 30 June 2014 of \$218,000, to be reviewed at least annually by the Board.
- Payment of a termination benefit on early termination by the company, other than for gross misconduct, equal to six months remuneration plus four weeks salary for every year of service.
- Agreement may be terminated by employee giving one months notice in writing.

(j) Details of share based compensation and bonuses

There have been no options granted affecting remuneration in the current or a future reporting period.

(k) Equity instruments held by key management personnel

The tables below show the number of shares in the company that were held during the financial year by key management personnel of the group, including their close family members and entities related to them. There were no options or performance rights on issue at 30 June 2014.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

DIRECTORS' REPORT
(continued)

Shares under option

There are no unissued ordinary shares of Superior Resources Limited under option at the date of this report.

During the year ended 30 June 2014, and since year end, there were no shares issued on the exercise of options granted.

Insurance of officers

During the financial year the Group paid a premium of \$14,434 to insure the directors and secretaries of the company.

The liabilities insured are legal costs that may be incurred in defending civil or criminal proceedings that may be brought against the officers in their capacity as officers and any other payments arising from liabilities incurred by the officers in connection with such proceedings. This does not include such liabilities that arise from conduct involving a wilful breach of duty by the officers or the improper use by the officers of their position or of information to gain advantage for themselves or someone else or to cause detriment to the company. It is not possible to apportion the premium between amounts relating to the insurance against legal costs and those relating to other liabilities.

Proceedings on behalf of the company

No person has applied to the Court under section 237 of the Corporations Act 2001 for leave to bring proceedings on behalf of the company or to intervene in any proceedings to which the company is a party for the purpose of taking responsibility on behalf of the company for all or part of those proceedings.

No proceedings have been brought or intervened in or on behalf of the company with leave of the court under section 237 of the Corporations Act 2001.

Non-audit services

The Group may decide to employ the auditor on assignments additional to their statutory audit duties where the auditor's expertise and experience with the company are important.

Details of amounts paid or payable to the auditor for audit and non-audit services provided during the year are set out below.

The board of directors has considered the position and, in accordance with the advice received from the audit committee is satisfied that the provision of the non-audit services is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001*. The directors are satisfied that the provision of non-audit services by the auditor, as set out below, did not compromise the auditor independence requirements of the *Corporations Act 2001* for the following reasons:

- all non-audit services have been reviewed by the audit committee to ensure they do not impact the impartiality and objectivity of the auditor, and
- none of the services undermine the general principles relating to auditor independence as set out in APES 110 *Code of Ethics for Professional Accountants*.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

DIRECTORS' REPORT
(continued)

Non-audit services (continued)

During both the current and previous financial year there were no fees paid or payable for non-audit services provided by the auditor.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 13.

Auditor

PKF Hacketts Audit continues in office in accordance with section 327 of the *Corporations Act 2001*.

This report is made in accordance with a resolution of Directors.

C A Fernicola
Chairman

Brisbane, 26 September 2014

**AUDITOR'S INDEPENDENCE DECLARATION
UNDER S 307C OF THE CORPORATIONS ACT 2001
TO THE DIRECTORS OF SUPERIOR RESOURCES LIMITED**

I declare that, to the best of my knowledge and belief, during the year ended 30 June 2014 there have been:

- i. no contraventions of the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the audit; and
- ii. no contraventions of any applicable code of professional conduct in relation to the audit.

PKF Hacketts Audit

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014

1. Summary of Significant Accounting Policies

This note provides a list of all significant accounting policies adopted in the preparation of these consolidated financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated. The financial statements are for the group consisting of Superior Resources Limited Limited and its subsidiaries.

Superior Resources Limited is a company limited by shares, incorporated and domiciled in Australia. Superior Resources Limited's shares are listed on the Australian Securities Exchange.

The financial statements were authorized for issue by the directors on 26 September 2014. The directors have the power to amend and reissue the financial statements.

The financial statements are presented in Australian dollars which is the Company's and consolidated entity's functional and presentation currency.

New, revised or amending Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Any significant impact on the accounting policies of the consolidated entity from the adoption of these Accounting Standards and Interpretations are disclosed below. The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the consolidated entity.

The following Accounting Standards and Interpretations are most relevant to the consolidated entity:

AASB 10 Consolidated Financial Statements

The consolidated entity has applied AASB 10 from 1 July 2013, which has a new definition of 'control'. Control exists when the reporting entity is exposed, or has the rights, to variable returns from its involvement with another entity and has the ability to affect those returns through its 'power' over that other entity. A reporting entity has power when it has rights that give it the current ability to direct the activities that significantly affect the investee's returns. The consolidated entity not only has to consider its holdings and rights but also the holdings and rights of other shareholders in order to determine whether it has the necessary power for consolidation purposes.

AASB 11 Joint Arrangements

The consolidated entity has applied AASB 11 from 1 July 2013. The standard defines which entities qualify as joint arrangements and removes the option to account for joint ventures using proportional consolidation. Joint ventures, where the parties to the agreement have the rights to the net assets are accounted for using the equity method. Joint operations, where the parties to the agreements have the rights to the assets and obligations for the liabilities, will account for its share of the assets, liabilities, revenues and expenses separately under the appropriate classifications.

AASB 13 Fair Value Measurement and AASB 2011-8 Amendments to Australian Accounting Standards arising from AASB 13

The consolidated entity has applied AASB 13 and its consequential amendments from 1 July 2013. The standard provides a single robust measurement framework, with clear measurement objectives, for measuring fair value using the 'exit price' and provides guidance on measuring fair value when a market becomes less active. The 'highest and best use' approach is used to measure non-financial assets whereas liabilities are based on transfer value. The standard requires increased disclosures where fair value is used.

ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014

1. Summary of Significant Accounting Policies (continued)

AASB 127 Separate Financial Statements (Revised), AASB 128 Investments in Associates and Joint Ventures (Reissued) and AASB 2011-7 Amendments to Australian Accounting Standards arising from the Consolidation and Joint Arrangements Standards

The consolidated entity has applied AASB 127, AASB 128 and AASB 2011-7 from 1 July 2013. AASB 127 and AASB 128 have been modified to remove specific guidance that is now contained in AASB 10, AASB 11 and AASB 12 and AASB 2011-7 makes numerous consequential changes to a range of Australian Accounting Standards and Interpretations. AASB 128 has also been amended to include the application of the equity method to investments in joint ventures.

AASB 2012-5 Amendments to Australian Accounting Standards arising from Annual improvements 2009-2011 Cycle

The consolidated entity has applied AASB 2012-5 from 1 July 2013. The amendments affect five Australian Accounting Standards as follows: Confirmation that repeat application of AASB 1 'First-time Adoption of Australian Accounting Standards' is permitted; Clarification of borrowing cost exemption in AASB 1; Clarification of the comparative information requirements when an entity provides an optional third column or is required to present a third statement of financial position in accordance with AASB 101 'Presentation of Financial Statements'; Clarification that servicing of equipment is covered by AASB 116 'Property, Plant and Equipment', if such equipment is used for more than one period; clarification that the tax effect of distributions to holders of equity instruments and equity transaction costs in AASB 132 'Financial Instruments: Presentation' should be accounted for in accordance with AASB 112 'Income Taxes'; and clarification of the financial reporting requirements in AASB 134 'Interim Financial Reporting' and the disclosure requirements of segment assets and liabilities.

AASB 2012-10 Amendments to Australian Accounting Standards - Transition Guidance and Other Amendments

The consolidated entity has applied AASB 2012-10 amendments from 1 July 2013, which amends AASB 10 and related standards for the transition guidance relevant to the initial application of those standards. The amendments clarify the circumstances in which adjustments to an entity's previous accounting for its involvement with other entities are required and the timing of such adjustments.

AASB 2011-4 Amendments to Australian Accounting Standards to Remove Individual Key Management Personnel Disclosure Requirement

The consolidated entity has applied 2011-4 from 1 July 2013, which amends AASB 124 'Related Party Disclosures' by removing the disclosure requirements for individual key management personnel ('KMP'). Corporations and Related Legislation Amendment Regulations 2013 and Corporations and Australian Securities and Investments Commission Amendment Regulation 2013 (No.1) now specify the KMP disclosure requirements are to be included within the directors' report.

(a) Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board and the *Corporations Act 2001*. Superior Resources Limited is a for-profit entity for the purposes of preparing the financial statements under Australian Accounting Standards.

Compliance with IFRSs

The consolidated financial statements of the Group also comply with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB).

Historical cost convention

The financial statements have been prepared on an accrual basis and under the historical cost convention, as modified by the revaluation of available-for-sale financial assets, financial assets and liabilities (including derivative instruments) at fair value through profit or loss, certain classes of property, plant and equipment and investment property.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014

1. Summary of Significant Accounting Policies (continued)

Critical accounting estimates

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

(b) Principles of consolidation

Subsidiaries

Subsidiaries are all entities (including structured entities) over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the group (refer to note 1(n)).

Intercompany transactions, balances and unrealized gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of the impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated income statement and statement of comprehensive income, statement of changes in equity and balance sheet respectively.

(c) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable when it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

Interest revenue is recognised using the effective interest rate method.

All revenue is stated net of the amount of goods and services tax (GST).

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014

1. Summary of Significant Accounting Policies (continued)

(d) Income Tax

The income tax expense or revenue for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, the deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the reporting date and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the assets and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(e) Cash and cash equivalents

For the consolidated statement of cash flows presentation purposes, cash and cash equivalents includes cash on hand and deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014

1. Summary of Significant Accounting Policies (continued)

(f) Investments and other financial assets

Available for sale

Available-for-sale financial assets, comprising principally marketable equity securities, are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless management intends to dispose of the investment within 12 months of the balance date.

When securities classified as available-for-sale are sold, the accumulated fair value adjustments recognised in other comprehensive income are included in the income statement as gains and losses from investment securities.

Subsequent measurement

Available-for-sale financial assets are subsequently carried at fair value. Gains or losses arising from changes in the fair value of the monetary and non-monetary securities classified as available-for-sale are recognised in other comprehensive income.

Fair value

The fair value of financial assets and financial liabilities must be estimated for recognition and measurement or for disclosure purposes.

The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and trading and available-for-sale securities) is based on quoted market prices at the balance date. The quoted market price used for financial assets is the current bid price.

In order to provide an indication about the reliability of the inputs used in determining fair value, the accounting standards prescribe that the Group must classify its financial instruments into three levels of fair value hierarchy.

The Group's only financial instrument measured at fair value is its shares in Deep Yellow Limited which are classified as Level 1 under the fair value hierarchy. Level 1 represents the fair value, based on a quoted market price, determined by an active market (such as publicly traded securities).

Impairment

The Group assesses at each balance date whether there is objective evidence that a financial asset or group of financial assets is impaired. In the case of equity securities classified as available-for-sale, a significant or prolonged decline in the fair value of a security below its cost is considered as an indicator that the securities are impaired. If any such evidence exists for available-for-sale financial assets and the Group determine that the financial asset is impaired, the cumulative loss – measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in profit or loss – is recognised in the income statement. Impairment losses recognised in the income statement on equity instruments classified as available-for-sale are not reversed through the income statement.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014

1. Summary of Significant Accounting Policies (continued)

(g) Plant and equipment

Plant and equipment is stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives, as follows:

- Equipment / Software 3 – 5 years

The asset's residual values and useful lives are reviewed, and adjusted if appropriate, at each balance date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the income statement. When revalued assets are sold, it is company policy to transfer the amounts included in other reserves in respect of those assets to retained earnings.

(h) Trade and other payables

These amounts represent liabilities for goods and services provided to the company prior to the end of the financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

(i) Exploration expenditure

Expenditure is accumulated separately for each area of interest until such time as the area is abandoned or sold. The realisation of the value of the expenditure carried forward depends on any commercial results that may be obtained through successful development and exploitation of the area of interest or alternatively by its sale. If an area of interest is abandoned or is considered to be of no further commercial interest the accumulated exploration costs relating to the area are written off against income in the year of abandonment. Some exploration expenditure may also be written off where areas of interest are partly relinquished. In cases where uncertainty exists as to the value, provisions for possible diminution in value are established.

(j) Contributed equity

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

(k) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the financial year but not distributed at balance date.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014

1. Summary of Significant Accounting Policies (continued)

(l) Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing the profit attributable to equity holders of the Group, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the year.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares and the weighted average number of shares assumed to have been issued for no consideration in relation to dilutive potential ordinary shares.

(m) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the taxation authority. In this case it is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the taxation authority is included with other receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the taxation authority, are presented as operating cash flow.

(n) Business combinations

The acquisition method of accounting is used to account for all business combinations, regardless of whether equity instruments or other assets are acquired. The consideration transferred for the acquisition of a subsidiary comprises the fair values of the assets transferred, the liabilities incurred and the equity interests issued by the group. The consideration transferred also includes the fair value of any asset or liability resulting from a contingent consideration arrangement and the fair value of any pre-existing equity interest in the subsidiary. Acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date. On an acquisition-by-acquisition basis, the group recognises any non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's net identifiable assets.

The excess of the consideration transferred and the amount of any non-controlling interest in the acquiree over the fair value of the net identifiable assets acquired is recorded as goodwill. If those amounts are less than the fair value of the net identifiable assets of the subsidiary acquired and the measurement of all amounts has been reviewed, the difference is recognised directly in profit or loss as a bargain purchase.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014

1. Summary of Significant Accounting Policies (continued)

(n) Business combinations (continued)

Where settlement of any part of cash consideration is deferred, the amounts payable in the future are discounted to their present value as at the date of exchange. The discount rate used is the entity's incremental borrowing rate, being the rate at which a similar borrowing could be obtained from an independent financier under comparable terms and conditions.

Contingent consideration is classified either as equity or a financial liability. Amounts classified as a financial liability are subsequently remeasured to fair value with changes in fair value recognised in profit or loss.

(o) Employee benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits, annual leave and accumulating sick leave expected to be settled within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liability for annual leave is recognised in the provision for employee benefits. All other short-term employee benefit obligations are presented as payables.

(ii) Other long-term employee benefit obligations

The liability for long service leave and annual leave which is not expected to be settled within 12 months after the end of the period in which the employees render the related service is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the end of the reporting period on government bonds with terms and currencies that match, as closely as possible, the estimated future cash outflows.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting date, regardless of when the actual settlement is expected to occur.

(p) New accounting standards and interpretations

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the consolidated entity for the annual report period ended 30 June 2014. The consolidated entity's assessment of the impact of these new or amended Accounting Standards and Interpretations, most relevant to the consolidated entity, are set out below.

AASB 9 Financial Instruments and its consequential amendments

This standard and its consequential amendments are applicable to annual reporting periods beginning on or after 1 January 2018 and completed phases I and III of the IASB's project to replace IAS39 (AASB 139) 'Financial Instruments: Recognition and Measurement'. This standard introduces new classification and measurement models for financial assets, using a single approach to determine whether a financial asset is measured at amortised cost or at fair value. The accounting for financial liabilities continues to be classified and measured in accordance with AASB 139, with one exception, being that the portion of a change of fair value relating to the entity's own credit risk is to be presented in other comprehensive income unless it would create an accounting mismatch. The consolidated entity will adopt this standard from 1 July 2018 but the impact of its adoption is yet to be assessed by the consolidated entity.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014

1. Summary of Significant Accounting Policies (continued)

AASB 2013-3 Amendments to AASB 136 – Recoverable Amount Disclosures for Non-Financial Assets

These amendments are applicable to annual reporting periods beginning on or after 1 January 2014. The disclosure requirements of AASB 136 'Impairment of Assets' have been enhanced to require additional information about the fair value measurement when the recoverable amount of impaired assets is based on fair value less costs of disposals. Additionally, if measured using a present value technique, the discount rate is required to be disclosed. The adoption of these amendments from 1 July 2014 may increase the disclosures by the consolidated entity.

Annual Improvements to IFRSs 2010-2012 Cycle

These amendments are applicable to annual reporting periods beginning on or after 1 July 2014 and affects several Accounting Standards as follows: Amends the definition of 'vesting conditions' and 'market condition' and adds definitions for 'performance condition' and 'service condition' in AASB 2 'Share-based Payment'; Amends AASB 3 'Business Combinations' to clarify that contingent consideration that is classified as an asset or liability shall be measured at fair value at each reporting date; Amends AASB 8 'Operating Segments' to require entities to disclose the judgements made by management in applying the aggregation criteria; Clarifies that AASB 8 only requires a reconciliation of the total reportable segments assets to the entity's assets, if the segment assets are reported regularly; Clarifies that the issuance of AASB 13 'Fair Value Measurement' and the amending of AASB 139 'Financial Instruments: Recognition and Measurement' and AASB 9 'Financial Instruments' did not remove the ability to measure short-term receivables and payables with no stated interest rate at their invoice amount, if the effect of discounting is immaterial; Clarifies that in AASB 116 'Property, Plant and Equipment' and AASB 138 'Intangible Assets', when an asset is revalued the gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount (i.e. proportional restatement of accumulated amortisation); and Amends AASB 124 'Related Party Disclosures' to clarify that an entity providing key management personnel services to the reporting entity or to the parent of the reporting entity is a 'related party' of the reporting entity. The adoption of these amendments from 1 July 2014 will not have a material impact on the consolidated entity.

Annual Improvements to IFRSs 2011-2013 Cycle

These amendments are applicable to annual reporting periods beginning on or after 1 July 2014 and affects four Accounting Standards as follows: Clarifies the 'meaning of effective IFRSs' in AASB 1 'First-time Adoption of Australian Accounting Standards'; Clarifies that AASB 3 'Business Combination' excludes from its scope the accounting for the formation of a joint arrangement in the financial statements of the joint arrangement itself; Clarifies that the scope of the portfolio exemption in AASB 13 'Fair Value Measurement' includes all contracts accounted for within the scope of AASB 139 'Financial Instruments: Recognition and Measurement' or AASB 9 'Financial Instruments', regardless of whether they meet the definitions of financial assets or financial liabilities as defined in AASB 132 'Financial Instruments: Presentation'; and Clarifies that determining whether a specific transaction meets the definition of both a business combination as defined in AASB 3 'Business Combinations' and investment property as defined in AASB 140 'Investment Property' requires the separate application of both standards independently of each other. The adoption of these amendments from 1 July 2014 will not have a material impact on the consolidated entity.

There are no other standards that are not yet effective and that are expected to have a material impact on the entity in the current or future reporting periods and on foreseeable future transactions.

(q) Parent entity financial information

The financial information for the parent entity, Superior Resources Limited, disclosed in note 31 has been prepared on the same basis as the consolidated financial statements.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014

2. Financial risk management

The Group's overall risk management plan seeks to minimize potential adverse effects due to the unpredictability of financial markets.

The Group does not actively engage in the trading of financial assets for speculative purposes nor does it write options. The most significant financial risks to which the Group is exposed are credit risk, liquidity risk, market risk and cash flow interest rate risk.

The Group holds the following financial instruments:

	2014	2013
	\$	\$
Financial assets		
Cash and cash equivalents	360,601	213,456
Trade and other receivables	94,818	44,636
Available-for-sale financial assets	133,000	210,000
	<u>588,419</u>	<u>468,092</u>
Financial liabilities		
Trade and other payables	61,819	104,755
	<u>61,819</u>	<u>104,755</u>

Risk management is carried out by the Group's finance function under policies and objectives which have been approved by the Board of Directors. The Managing Director has been delegated the authority for designing and implementing processes which follow the objectives and policies.

The Board receives monthly reports which provide details of the effectiveness of the processes and policies in place.

Credit risk

Credit risk is the risk of loss from a counter-party failing to meet its financial obligations to the Company.

The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognized financial assets is the carrying amount of those assets, net of any provision for doubtful debts, as disclosed in the balance sheet and notes to the financial statements.

Credit risk arises from cash and cash equivalents and deposits with banks and financial institutions. For bank and financial institutions, only independently rated parties with a minimum rating of 'A' are accepted.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014

2. Financial risk management (continued)

The credit quality of financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings (if available).

	2014 \$	2013 \$
Cash at bank and short-term bank deposits		
AAA	-	-
A	360,601	213,456
	<u>360,601</u>	<u>213,456</u>

Other than cash and cash equivalents, the most significant other financial assets are trade and other receivables. The Group does not have any material credit risk exposure to any single debtor or group of debtors under financial instruments entered into by the Group. There were no past due debts at balance date requiring consideration of impairment provisions.

Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities to meet obligations when due. At the end of the reporting period the Group held deposits at call of \$352,156 (2013: \$199,093) that are expected to readily generate cash inflows for managing liquidity risk.

The Group manages liquidity risk by continuously monitoring forecast and actual cash flows. No finance facilities were available to the Group at the end of the reporting period.

Maturities of financial liabilities

The table below analyses the Group's financial liabilities into relevant maturity groupings.

Contractual maturities of financial liabilities	Less then 6 months \$	6 – 12 months \$	Between 1 and 2 years \$	Between 2 and 5 years \$	Over 5 years \$	Total contractual cash flows \$	Carrying amount \$
At 30 June 2014							
Trade and other payables	61,819	-	-	-	-	61,819	61,819
	<u>61,819</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>61,819</u>	<u>61,819</u>
At 30 June 2013							
Trade and other payables	104,755	-	-	-	-	104,755	104,755
	<u>104,755</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>104,755</u>	<u>104,755</u>

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014

2. Financial risk management (continued)

Market risk

The Group is exposed to equity securities price risk. This arises from investments held by the Group in Deep Yellow Limited and classified on the statement of financial position as available-for-sale financial assets. The Group is not exposed to commodity price risk.

The table below summaries the impact of increases/decreases in the Deep Yellow Limited share price on the Group's total comprehensive income / (loss) for the year and on equity. The analysis is based on the assumption that the share price had increased/decreased by 25% (2013 – 25%) from balance date fair value with all other variables held constant.

		Impact on post-tax loss				Impact on reserves			
		2014		2013		2014		2013	
		\$	\$	\$	\$	\$	\$	\$	\$
		+25%	-25%	+25%	-25%	+25%	-25%	+25%	-25%
Investment in									
Deep Yellow		23,275	(23,275)	-	-	-	-	36,750	(36,750)
Limited									

Cash flow and fair value interest rate risk

As the Group has no significant interest-bearing assets or borrowings, the Group's income and operating cash flows are not materially exposed to changes in market interest rates.

At 30 June 2014, if interest rates had changed by +/- 100 basis points from the year-end rates with all other variables held constant, post-tax loss for the year would have been \$3,606 lower/higher (2013 – change of 100 bps \$2,135 higher/lower), as a result of higher/lower interest income from cash and cash equivalents.

Fair value measurements

The fair value of financial assets and financial liabilities must be estimated for recognition and measurement or for disclosure purposes. The net fair value of financial assets and financial liabilities approximates their carrying values as disclosed in the consolidated statement of financial position and notes to the financial statements.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014

3. Critical accounting estimates and judgements

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the entity and that are believed to be reasonable under the circumstances.

Critical judgements in applying the entity's accounting policies

The Group has capitalised exploration expenditure of \$4,193,269 (2013 : \$3,997,035). This amount includes costs directly associated with exploration. These costs are capitalised as an intangible asset until assessment and/or drilling of the permit is complete and the results have been evaluated. These costs include employee remuneration, materials, rig costs, delay rentals and payments to contractors. The expenditure is carried forward until such a time as the area moves into the development phase, is abandoned or sold. Given exploration activities have not yet reached a stage which permits a reasonable assessment of the existence or otherwise of recoverable resources and the difficulty in forecasting cash flows to assess the fair value of exploration expenditure there is uncertainty as to the carrying value of exploration expenditure. The ultimate recovery of the carrying value of exploration expenditure is dependent upon the successful development and commercial exploitation or, alternatively, sale of the interest in the tenements. The Directors are of the opinion that the exploration expenditure is recoverable for the amount stated in the financial report.

4. Going concern

The financial statements have been prepared on a going concern basis which contemplates the continuity of normal business activities and the realisation of assets and discharge of liabilities in the ordinary course of business.

The Directors acknowledge that to continue the exploration and development of the Group's exploration projects, the budgeted cash flows from operating and investing activities for the future will necessitate further capital raisings. In the event that the Group is unable to raise future funding requirements there exists a material uncertainty that may cast doubt on the Group's ability to continue as a going concern with the result that the Group may be required to realise its assets at amounts different from those currently recognised, settle liabilities other than in the ordinary course of business and make provisions for costs which may arise as a result of cessation or curtailment of normal business operations.

5. Segment information

The Group operates solely within one segment, being the mineral exploration industry in Australia.

(b) Ordinary shares:

Ordinary shares entitle the holder to participate in dividends and the proceeds on winding up of the company in proportion to the number of and amounts paid on the shares held.

On a show of hands every holder of ordinary shares present at a meeting, in person or by proxy, is entitled to one vote, and upon a poll each share is entitled to one vote.

(c) Capital risk management

The Group's objectives when managing capital are to safeguard its ability to continue as a going concern, so that they can continue to provide returns for shareholders, benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

The capital structure of the Group includes cash and cash equivalents, equity attributable to equity holders, comprising of contributed equity, reserves and accumulated losses. In order to maintain or adjust the capital structure, the Group may issue new shares, sell assets to reduce debt or adjust the level of activities undertaken by the company.

The Group monitors capital on the basis of cash flow requirements for operational, and exploration and evaluation expenditure. The Group's exposure to borrowings as at 30 June 2014 totals \$nil (2013: \$nil). The Group will continue to use capital market issues and joint venture participant funding contributions to satisfy anticipated funding requirements.

The Group's strategy to capital risk management is unchanged from prior years.

SUPERIOR RESOURCES LIMITED

ABN 72 112 844 407

DIRECTORS' DECLARATION

In the directors' opinion:

1. the consolidated financial statements and notes set out on pages 14 to 45, are in accordance with the *Corporations Act 2001*, including:
 - (a) complying with Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements, and
 - (b) giving a true and fair view of the consolidated entity's financial position as at 30 June 2014 and of its performance for the financial year ended on that date, and
2. there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Note 1(a) confirms that the financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

The directors have been given the declarations by the chief executive officer and chief financial officer required by section 295A of the *Corporations Act 2001*.

This declaration is made in accordance with a resolution of the directors.

C A Fericola
Chairman

Brisbane, 26 September 2014

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF SUPERIOR RESOURCES LIMITED

Report on the Financial Report

We have audited the accompanying financial report of Superior Resources Limited., which comprises the consolidated statements of financial position as at 30 June 2014, the consolidated statements of comprehensive income, the consolidated statements of changes in equity and the consolidated statements of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the company and the consolidated entity comprising the company and its controlled entity at the year's end or from time to time during the financial year.

Directors' Responsibility for the Financial Report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error. In Note 1, the directors also state, in accordance with Accounting Standard AASB 101 *Presentation of Financial Statements*, that the financial statements comply with *International Financial Reporting Standards (IFRS)*.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the company's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*.

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF SUPERIOR RESOURCES LIMITED

Auditor's Opinion

In our opinion:

- a. the financial report of Superior Resources Limited is in accordance with the *Corporations Act 2001*, including:
 - (i) giving a true and fair view of the Company's and controlled entity's financial position as at 30 June 2014 and of their performance for the year ended on that date; and
 - (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*; and
- b. The consolidated financial report also complies with International Financial Reporting Standards as disclosed in Note 1.

Emphasis of Matter - Inherent Uncertainty regarding Capitalised Exploration Expenditure

Without qualification to the opinion expressed above, attention is drawn to the following matter. As a result of the matter described in Note 3 to the financial statements, there is uncertainty as to whether the company will be able to recover the carrying value of exploration expenditure for the amount recorded in the financial report. The ultimate recovery of the carrying value of exploration expenditure, and future exploration expenditure, is dependent upon the successful development and commercial exploitation or, alternatively, sale of the interest in the tenements.

Report on the Remuneration Report

We have audited the Remuneration Report included in pages 7 to 10 of the directors' report for the year ended 30 June 2014. The directors of the company are responsible for the preparation and presentation of the remuneration report in accordance with s 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

Auditor's Opinion

In our opinion the Remuneration Report of Superior Resources Limited for the year ended 30 June 2014 complies with s 300A of the *Corporations Act 2001*.
