EXPLANATORY NOTES TO NOTICE OF ANNUAL GENERAL MEETING

ORDINARY BUSINESS

Item 1: Financial Reports

The business of the meeting will include receipt and consideration of the Financial Statements of the Company and the reports of the Directors and Auditors for the year ended 30 June 2014. Shareholders are not required to vote on these reports but will be given an opportunity to raise questions on the Reports at the meeting. The Auditors will be available at the meeting to answer any questions in relation to the Auditor's Report.

Item 2: Remuneration Report

The Board submits its Remuneration Report to shareholders for consideration and adoption by way of a non-binding resolution. The Remuneration report is set out in pages 10-13 of the Annual Report.

A reasonable opportunity will be provided for discussion of the Remuneration Report at the meeting.

The Board unanimously recommends that shareholders vote in favour of adopting the Remuneration Report.

Item 3: Election of Director

Mr G J Forsyth retires by rotation in accordance with the Company’s Constitution and, being eligible for re-election, offers himself for re-election.

Mr Forsyth was appointed as a Non-executive Director on 25 January 2006 and was appointed Chairman of the Board on 17 March 2010. He is also the Chairman of the Audit Committee and a member of the Remuneration Committee. Mr Forsyth has over 28 years’ experience in financial markets specialising in Australian listed equities.

The Board unanimously recommends that shareholders vote in favour of Mr Forsyth’s re-election.

How to Vote on Items of Business

All your securities will be voted in accordance with your directions.

Appointment of Proxy

Voting 100% of your holding: Direct your proxy how to vote by marking one of the boxes opposite each item of business. If you do not mark a box your proxy may vote or abstain as they choose (to the extent permitted by law). If you mark more than one box on an item your vote will be invalid on that item.

Voting a portion of your holding: Indicate a portion of your voting rights by inserting the percentage or number of securities you wish to vote in the For, Against or Abstain box or boxes. The sum of the votes cast must not exceed your voting entitlement or 100%.

Appointing a second proxy: You are entitled to appoint up to two proxies to attend the meeting and vote on a poll. If you appoint two proxies you must specify the percentage of votes or number of securities for each proxy, otherwise each proxy may exercise half of the votes. When appointing a second proxy write both names and the percentage of votes or number of securities for each in Step 1 overleaf.

A proxy need not be a securityholder of the Company.

Signing Instructions for Postal Forms

Individual: Where the holding is in one name, the securityholder must sign.

Joint Holding: Where the holding is in more than one name, all of the securityholders should sign.

Power of Attorney: If you have not already lodged the Power of Attorney with the registry, please attach a certified photocopy of the Power of Attorney to this form when you return it.

Companies: Where the company has a Sole Director who is also the Sole Company Secretary, this form must be signed by that person. If the company (pursuant to section 204A of the Corporations Act 2001) does not have a Company Secretary, a Sole Director can also sign alone. Otherwise this form must be signed by a Director jointly with either another Director or a Company Secretary. Please sign in the appropriate place to indicate the office held. Delete titles as applicable.

Attending the Meeting

Bring this form to assist registration. If a representative of a corporate securityholder or proxy is to attend the meeting you will need to provide the appropriate “Certificate of Appointment of Corporate Representative” prior to admission. A form of the certificate may be obtained from Computershare or online at www.investorcentre.com under the help tab, "Printable Forms".

Comments & Questions: If you have any comments or questions for the company, please write them on a separate sheet of paper and return with this form.

CHAIRMAN'S AND MANAGING DIRECTOR'S REPORT

"In the year to June 2014, Sales Revenue was a record $81.2m."

In the year to June 2014, Sales Revenue was a record $81.2m, an increase of 20% on the prior year. Group Earnings Before Interest and Tax was $8.8m, Net Profit After Tax was $6.0m and Earnings Per Share increased to 17.5 cents.

These excellent results were built on an operating platform and business opportunities constructed with skill and determination over a number of years, and we congratulate staff on what they have achieved.

Review of Operations

Over the course of the past financial year we have achieved a similar rate of growth in both the Bus and Truck markets in Australia and in New Zealand.

Most of our growth in the Bus market came from the expansion of our network of managed parts stores as both new and existing customers were awarded new metropolitan route bus contracts. A number of the new parts stores have been delivered using our fully automated B2B transaction platform, which provides customers with additional efficiency opportunities and increased control over their parts purchasing and supply.

Growth in our Truck business came from the continuing extension of our range to established customers and further success of niche marketing activities. We also benefitted from the ongoing expansion of our owner driver and independent workshop customer base.

The two new Branches opened in Smeaton Grange and Kwinana during the prior financial year showed steady growth in Truck business and are well placed to establish their position in local markets over the next 2-3 years. In New Zealand our Team worked towards opening Dunedin Branch, which commenced serving Otago and Southland on 1st July. The Australian Team has been working towards opening Toowoomba Branch, which we now expect to commence trading from October this year. Development of these new trading sites and the relocation of our Brisbane Branch to a high profile site overlooking the Ipswich Motorway at Darra are primarily investments in improved service levels for Truck customers, in support of long term business growth objectives.

Depreciation of the Australian Dollar against the Euro and the US Dollar has reduced our gross margin in some high volume and highly competitive market segments. We have worked hard to offset this by expanding business in other segments, particularly where service levels provide greater opportunity for differentiation. Improving our service levels has required additional expenditure in Branch activities but effective controls have contained overall operating costs and delivered solid earnings growth as sales revenues have increased.

The combination of accelerated growth, expansion of our network and a weaker Australian Dollar were behind a significant increase in stock that also impacted on cashflow over the past year. In the later part of financial year 2014, as revenue growth settled back towards long term trend, we have refocused on stock management and expect to gradually improve stock turns to around our 4-year average over the next 12 months.

Relocation of Sydney Operations

The Australian business has achieved substantial growth while core facilities at Guildford, Sydney have been operating at close to 100% capacity for at least two years. To assist the main warehouse we relocated some distribution to Adelaide, incurring a significant freight cost penalty, before returning these operations to the south of Sydney upon opening our Smeaton Grange site in early 2013. Further fragmentation of distribution is not practical and a new main distribution site was found to support the next phase of business growth.

Sales Revenue increased by

20%

Net Profit After Tax was

$6.0m

and Earnings Per Share increased to

17.5 cents.

Directors recently finalised a binding Agreement to Lease two adjacent sites in the Quarry, a new industrial precinct developed by Dexus Property Group on Reconciliation Road, Pemulwuy, a new link road between Wetherill Park and the M4 Motorway. The first site will allow the separation of our busy Sydney Branch from the Distribution Centre and the second site will become our new, standalone Distribution Centre, giving us roughly twice the current capacity and opportunities to relieve warehouse congestion and improve operating efficiency.

Relocation to the Quarry will require capital outlays and one-off operating costs in the order of $1.5 – $2.0m, mostly over the first half of financial year 2016, and will increase annual operating costs by around $1.0m from February 2016.

Capital Management

Supply Network paid an interim dividend of 4.0 cents per share and Directors have declared a final dividend of 5.0 cents per share in respect of the 2014 financial year, which represents an increase of 1 cent per share compared with the prior year and a payout ratio of approximately 51%.

Before declaring these Dividends and announcing the reactivation of our Dividend Reinvestment Plan, Directors have weighed up their stated preference for steady growth in dividends over the long term, forecast operating cash flows and the significant planned investment in the relocation of our Head Office, Distribution Centre and Sydney Branch.

CHAIRMAN'S AND MANAGING DIRECTOR'S REPORT
CONTINUED

The Future

Our focus for new investment is on improved support for those customer segments where we believe high service levels will underpin growth and sustain business at current gross margins well into the future.

It is likely our rate of growth in the Bus market will slow this year, settling at around 5% over the longer term. The main competitive drivers in this market are significant consolidation amongst Bus operators and strong cost pressures in the now cyclically tendered, high volume metropolitan route service contracts. Because of our relatively high market share and long term commitment to route bus operations around Australia and New Zealand, we are directly affected by this changed landscape and are working hard to support customers in their drive to manage costs.

We have a solid product and customer foundation for the much larger Truck market, where we hold a considerably lower market share, and we believe there are many opportunities to maintain growth in Truck business at above 10% p.a. in the medium term.

We will continue to extend our range of Truck parts so that we offer customers a broad service across most models, and will continue to review and upgrade Branch locations where we believe this will raise our profile with core customer groups. A commitment has already been made to relocate Perth Branch in May 2015 to an adjacent site with twice the capacity and improved truck access.

After a year of dramatic change, Directors have brought forward the development of a new 3-Year Plan that includes the significant new investments outlined above and an average compound revenue growth target of 8% p.a. A combination of market conditions and this investment phase in new branches and facility relocations is likely to hold EBIT flat at around $9.0m over the 2015 and 2016 financial years, and Directors have targeted an EBIT Margin of 10% on turnover of $100m in financial year 2017.

The commitment by Directors to the relocation of Sydney operations demonstrates a strong conviction in a successful future for your business. We will continue the careful expansion of this financially strong Group that has served our customers, our staff and our shareholders so well.

Who we are:

Supply Network Limited is a listed company operating trading entities in Australia and New Zealand under the Multispares brand. Each trading entity has its own management team and its own operating focus within a broad market definition of replacement parts for road transport equipment.

In simple terms we sell truck and bus parts. In practice we sell a range of services including parts interpreting, procurement, supply management and problem solving. Through the skill we apply to these services we add considerable value to a growing range of products.

Our business principles:

The Australia-New Zealand market for trucks and buses is among the most diverse and most competitive in the world. Vast distances, sophisticated operators and an open economy drive significant diversity in vehicle makes and models and present many challenges for replacement part suppliers. Our business has evolved around these unique characteristics of our local markets.

First and foremost we operate at the "quality" end of the aftermarket. The cost of product failure in our markets is high so we have built our reputation around long-term relationships, reliable products and lowering fleet operating costs. We often tell our customers, "there is nothing that we sell that we couldn't buy for less, but we don't compromise quality."

The diversity of vehicle makes and models and the concentration of certain vehicles for particular tasks sets up considerable difference in the demand for replacement parts from one region to another. In order to deal with the complexities of regional market demand we have developed a decentralised management structure with a strong regional focus. We actively build depth in our branch network to improve local decision-making and strengthen support for local requirements.

The breadth of our product range, significant regional differences and a strong regional structure does add to our operating cost. However we are an organisation with substantial scale, which allows us to buy products well and many of our operational and administrative activities are highly efficient. This keeps us competitive while our branch network keeps service levels strong.

Organisational culture:

Our Code of Conduct states:

We value initiative and independent thought but work in teams for a team result.

We show respect for other stakeholders including staff, suppliers and customers.

We obey the law and through good business aim to make a positive contribution to local communities.

In many ways this Code embodies our organisational culture. In a business with thousands of daily transactions, dealing with thousands of different products, we rely on our staff to operate professionally, to interpret requirements and serve customers. They can't do this alone and in every location our success depends on the strength of the local team.

In the background we build organisational strength to support decision making and to streamline as many transactions as possible. Our staff thrive on the challenges that come from local empowerment but also appreciate the strong business and social ethics that bind us together.

Our organisational culture is an important factor in our ability to compete and to grow in this industry and has laid a strong platform for growth in the years ahead.

DIRECTORS' REPORT

DIRECTORS' REPORT

"The Directors forecast sales revenue growth for the Group of at least 8% in 2014/15."

The Directors of Supply Network Limited (the company) submit their report on the consolidated entity (the Group) consisting of Supply Network Limited and the entities it controlled at the end of, or during, the financial year ended 30 June 2014.

Directors

The names of the company's directors in office during the financial year and until the date of this report are as follows. Directors were in office for this entire period unless otherwise stated.

G J Forsyth (Chairman)

G D H Stewart (Managing Director)

P W McKenzie

P W Gill

Principal Activities

The principal activity of the Group during the financial year was the provision of after market parts to the commercial vehicle industry.

Results

The net profit of the Group after providing for income tax for the financial year was $6.00m (2013: $4.55m).

Earnings per Share

Basic and diluted earnings per share for the financial year are 17.55 cents per share (2013: 13.30 cents).

Dividends

Dividends paid or declared for payment are as follows:

Review of Operations

Group sales revenue for the year was $81.2m, an increase of 20% when compared to last year.

Sales revenue in the Australian operation increased by 16.5% and in the New Zealand operation increased by 23.3% in NZ$ terms.

Earnings before interest and tax for the year were $8.8m, an increase of 31.4% on last year.

Profit after income tax for the year was $6.0m, an increase of 31.9% on last year.

Our strong performance for the year is the result of continuing sales growth and focus on cost management. In the second half of the financial year we relocated our Brisbane branch to a larger facility however the planned openings of two new regional branches were delayed and both will now open in the first half of the 2014-15 financial year.

Since last year inventory has increased by $6.8m. The increase is partly due to the decline in the Australian dollar and increasing product costs but predominantly the increase was a result of sales growth and expansion of our product range to support customer requirements. In the later part of the year increased product costs and competition has put pressure on gross margins and we expect this pressure to continue next financial year.

The increase in inventory levels has impacted on our cash flow from operations, which has declined from $3.4m last year to $1.0m. Additional long term borrowings of $1.0m, repayable over 5 years, were secured during the year resulting in gearing increasing to 18.8% from 17.9%.

Net assets of the group are $22.0m (2013: $18.5m) and net tangible asset backing is 64.6 cents per share (2013: 54.1 cents).

	$000
Final dividend for 2013 of 4.50 cents per share paid 26 September 2013	1,538
Interim dividend for 2014 of 4.00 cents per share paid 16 April 2014	1,368
Final dividend for 2014 of 5.00 cents per share declared 30 July 2014 and payable 30 September 2014	1,709

Total dividends of 8.5 cents per share were paid during the year, which is an increase of 1.0 cent per share over last year. The dividend reinvestment plan did not operate during the year.

Since the end of the year the Directors have recommenced the Dividend Reinvestment Plan and declared a fully franked final dividend of 5.0 cents per share payable on 30 September 2014. The Dividend Reinvestment Plan will operate in respect of this final dividend.

Further information on Review of Operations is detailed in the Chairman's and Managing Director's Report.

Significant Changes in the State of Affairs

There were no significant changes in the state of affairs of the Group during the financial year not otherwise disclosed in this report or the consolidated financial statements.

Significant Events after Balance Date

Since balance date the company has entered into two 15 year lease agreements for premises in Sydney western suburbs. The current Sydney distribution centre and sales branch will relocate to these premises in the first half of the June 2016 financial year. The new leases are expected to increase operating lease costs by around $800k per annum.

Other than the leases detailed above and final dividend declared, there is no other matter or circumstance that has arisen since the end of the financial year which is not otherwise dealt with in this report or in the consolidated financial statements.

Likely Developments and Expected Results

The Directors forecast sales revenue growth for the Group of at least 8% in 2014/15. Management plans for the year focus on organic growth opportunities in the existing business units. Continued expansion of the product range and branch network are the primary considerations in our three year outlook.

Share Options - Unissued shares

As at the date of this report, there were no unissued ordinary shares under options. No options for shares were issued during the year.

The broad remuneration policy is to ensure the remuneration package of directors and senior executives properly reflects the person's duties and responsibilities and that remuneration is competitive in attracting, retaining and motivating people.

The Remuneration Committee assesses the appropriateness of the amount of remuneration of directors and senior executives on an annual basis by reference to relevant employment market survey data.

Non-executive director compensation

The Board seeks to set aggregate compensation at a level which would enable the company to attract and retain suitably qualified directors at a cost which is acceptable to shareholders.

Non-executive Directors receive an annual fee for being a director of the company with no provision for retirement benefits. These fees are determined by reference to industry standards taking into account the company's relative size. No additional payments are made for serving on Board Committees and no performance related compensation or equity incentives are offered.

The present maximum aggregate sum for non-executive directors is $200,000. This amount was approved by shareholders at the 2002 Annual General Meeting.

The compensation of non-executive directors for the period ending 30 June 2014 is detailed in Table 1 below.

Executive director and senior executives compensation

The company aims to reward its executives (Managing Director and Finance Director) with a level of compensation commensurate with their position and responsibilities within the company, to link reward with performance of the company and to ensure total compensation is competitive by market standards.

Compensation consists of the following two elements:

- fixed compensation and
- variable compensation – short-term incentive

The Board has not used equity-based compensation for executives during the financial year and has no plans to introduce it.

Fixed Compensation

The level of fixed compensation is set to provide a level of compensation that is both appropriate to the position and competitive in the market place. Executives' fixed compensation is reviewed annually by the Remuneration Committee using relevant employment market survey data as a guide.

Executives are given the scope to tailor their fixed compensation package in a variety of forms including salary, non-monetary benefits and superannuation.

Variable Compensation - Short Term Incentive

The objective of the short-term incentive is to link the company's performance and operational targets with the compensation of the executives. The short-term incentive is cash based and provides senior executives with the opportunity to earn incentives based on a percentage of fixed annual compensation.

The short-term incentive payable to executives is determined by the Board having regard to the performance of the company and the executive for the relevant year based on qualitative and/or quantitative factors including total shareholder return, return on average equity, return on investment and other business objectives. These factors were chosen as they focused on shareholder wealth and sustainable growth.

The cost of these incentives is deducted from the financial results before determining the performance rewards.

On an annual basis after completion of the audit of the group results the short-term incentives are approved by the Remuneration Committee and usually paid by two instalments, in September and March each year.

Relationship between Remuneration Policies and Group Performance

The table at the top of page 12 sets out summary information about the Group's earnings and movements in shareholder wealth for the five years to 30 June 2014. The Board is of the opinion that these results can be attributed, in part, to the remuneration policies and is satisfied with the overall trend in shareholder wealth over the past five years.

Our strong performance for the year is the result of continuing sales growth and focus on cost management.

"Earnings before interest and tax for the year were $8.8m, an increase of 31.4% on last year."

	2014	2013	2012	2011	2010
Total Revenue	81.2m	67.7m	60.8m	50.6m	43.1m

* 2010 and 2011 include 4 cents per share special dividend.

Employment contracts

All Supply Network Limited executives are employed under contracts with the following common terms and conditions

- No fixed terms.
- Either party may terminate the contract by giving 6 months notice in writing.
- The company may terminate the contract at any time without notice for Causes as defined.
- Termination benefits of 6 months remuneration are payable, in addition to 6 months notice, where the company terminates the contract for other than Causes as defined.

Individual contracts for key management personnel include:

- G D H Stewart – fixed compensation package of $363,040 from 1 July 2014 plus a short-term incentive of up to 33% of the package.
- P W Gill – fixed compensation package of $321,520 from 1 July 2014 plus a short-term incentive of up to 25% of the package.

Rounding

The amounts contained in the directors' report and in the financial report have been rounded to the nearest $1,000 (where rounding is applicable) under the option available to the company under ASIC Class Order 98/100. The company is an entity to which the Class Order applies.

Auditors' Independence Declaration

A copy of the Auditors' Independence declaration for the year ended 30 June 2014 is set out on page 14.

Non-Audit Services

Details of amounts paid or payable to the auditor for non-audit services provided during the year by the auditor are outlined in note 20 to the financial statements. The Directors are satisfied that the provision of non-audit services, during the year, by the auditor is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001.

The Directors are of the opinion that the services as disclosed in note 20 to the financial statements do not compromise the external auditor's independence, based on advice received from the Audit Committee, for the following reasons:

- All non-audit services have been reviewed and approved to ensure that they do not impact the integrity and objectivity of the auditor; and
- None of the services undermine the general principles relating to auditor independence as set out in APES 110 'Code of Ethics for Professional Accountants' issued by the Accounting Professional & Ethical Standards Board, including reviewing or auditing the auditor's own work, acting in a management or decision-making capacity for the company, acting as advocate for the company or jointly sharing economic risks and rewards.

Signed in accordance with a resolution of directors.

Auditor's Independence Declaration

To the Directors of Supply Network Limited

As lead auditor for the audit of the consolidated financial report of Supply Network Limited for the year ended 30 June 2014 I declare that, to the best of my knowledge and belief, there have been no contraventions of:

(a) the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and

(b) any applicable code of professional conduct in relation to the audit.

This declaration is in relation to Supply Network Limited and the entities it controlled during the year.

CORPORATE GOVERNANCE STATEMENT AND FINANCIAL STATEMENTS

CORPORATE GOVERNANCE STATEMENT

The Board promotes a corporate governance framework that achieves the objectives of the business and discharges all responsibilities. It intends to direct the business so that it is managed in a manner consistent with the interests of shareholders, its business partners, and the wider community.

The Board supports the objectives of the guidelines set out in the Corporate Governance Principles and Recommendations put forward by the ASX Corporate Governance Council however the Board acknowledges that at present because of the relatively small size of the company it does not comply with a number of the recommendations.

Below we address each of the ASX Corporate Governance Principles and Recommendations. In each case where we state non-compliance it is because we believe the costs and rigidity of implementing and managing compliance would be contrary to serving the interests of our shareholders.

Principle 1 – Lay solid foundations for management and oversight

Recommendation 1.1

Whilst no formal "Charter of Board Responsibility" has been adopted, the Board has made clear to management which functions are to be reserved for the Board. These functions are:

- Ratification of strategy and monitoring management's implementation.
- Appointment or removal of the Chief Executive Officer.
- Approving the conditions of service and succession planning for all Executives.
- Approval of budgets including all capital expenditure and monitoring financial outcomes.
- Setting authority limits for managers, particularly those relating to expenditure and contracts.
- Audit, risk management and compliance systems.
- Ethical standards.
- Continuous disclosure to shareholders.

With a small Board, it is relatively easy to gather Board and management to address particular issues. This process is helped by an effective relationship between the Managing Director and the Chairman.

Recommendation 1.2

On a scheduled date the Board formally reviews the performance of the Managing Director and the Finance Director over the prior year. For the year ended 30 June 2014 this formal review has taken place. The Board requires management to conduct periodic performance reviews of all senior staff.

Recommendation 1.3

As disclosed above.

Principle 2 – Structure the board to add value

The Board aims to have Directors whose skills meet the business needs of the company and are complementary to each other. Where appropriate, and with the approval of the Chairman, Directors may take independent professional advice at the Company's expense.

The Directors are expected to bring independent views and judgements to the Board's decision-making.

Recommendation 2.1

The Board acknowledges the ASX recommendation regarding the composition of the Board and that a majority of Directors be independent and will consider this for any future appointments.

Recommendation 2.2

Mr G Forsyth (Chairman) is considered to be independent.

Recommendation 2.3

The roles of the Chairman and Chief Executive Officer are not held by the same person.

Recommendation 2.4

With a small Board, there is no need for a formal Nomination Committee however the Board is aware of and regularly considers succession planning. When the Board seeks to fill vacancies it uses a skills matrix and aims to appoint people with complementary skills.

Recommendation 2.5

Each year the Board undertakes an internal review of its performance as a unit and of the performance of its members. Board members are given the opportunity to detail, individually, issues they see as strengths and weaknesses of the Board, of its meetings, and of its members. These views are discussed by all members but the details and any related reports are not made public.

Recommendation 2.6

The skills of the current Directors, their terms of office and their attendance at meetings of the Board and Board committees are detailed in our Annual report. Two of the current four Directors are in Non-Executive roles.

The Board has reviewed the independence of each of the Directors in office at the date of this report in light of the interests disclosed by them. An amount of over 5% of annual turnover of the Group is considered material for these purposes. Materiality for these purposes is determined on both quantitative and qualitative bases.

One member of the Board, Mr G Forsyth (Chairman), is considered to be independent.

Mr G Forsyth is related to Mr H Forsyth, a previous Chairman of SNL and a Director of Hergfor Enterprises Pty Limited (Hergfor), a substantial shareholder in SNL. Mr G Forsyth is not an officer of Hergfor and has no direct or indirect interest in Hergfor. The Board has determined that the relationship does not have an adverse impact on Mr G Forsyth's ability to exercise independent judgement in decision-making.

Mr G Stewart, Managing Director, Mr P W Gill, Finance Director and Company Secretary, and Mr P McKenzie, a trustee and member of PW & LJ McKenzie Superannuation Fund, which is a substantial shareholder in SNL, are considered not to be independent.

Principle 3 - Promote ethical and responsible decision-making

Recommendation 3.1

A summary of the Company's business principles and code of conduct are found in "Our Business" section of the Annual Report.

Recommendation 3.2

The Company has not established a Diversity Policy.

The Board considers that because of the relative small size of the company a Diversity policy is not appropriate. Access to employment is based on skill, qualifications, performance and merit.

Recommendation 3.3

The Company has not set any measurable objectives for achieving gender diversity.

The Board considers that because of the relative small size of the company setting measurable objectives is not appropriate. Refer recommendation 3.2 above.

The Company however seeks to have a diverse mix of skills and talent amongst its directors, senior management and employees. Access to employment, rewards and training opportunities are based on skill, qualifications, performance and merit.

Recommendation 3.4

The percentage of women in various roles as at 30 June 2014 were as follows:-

	Total No.	Women No.	Percentage
Whole Organisation	188	18	9.6%
Senior Management Roles	12	2	16.7%
Board of Directors	4	0	0.0%

Recommendation 3.5

As disclosed above.

Principle 4 – Safeguard integrity in financial reporting

The Company practices high standards of financial reporting, with relevant controls in place. The Board requires the Managing Director and the Finance Director to state in writing to the Board that the Company's financial reports present a true and fair view, in all material respects, of the Company's financial condition and operational results and are in accordance with relevant accounting standards.

Recommendation 4.1

The Board has established an Audit Committee.

Recommendation 4.2

The Audit Committee comprises both Non- Executive Directors.

Mr G Forsyth, Chairman of the Board, is the only independent Non-Executive Director and is the Chairman of the Audit Committee. The Board acknowledges the ASX recommendations regarding the composition of the Audit Committee however with the present structure of the Board the composition of the Audit Committee is considered appropriate.

Recommendation 4.3

The Audit Committee is responsible for annually reviewing the appointment and performance of the Auditors and recommending to the full Board their reappointment or replacement. It has no formal charter.

Recommendation 4.4

Details on the members of the Audit committee and their attendance are found in the Directors report.

Principle 5 – Make timely and balanced disclosure

Recommendations 5.1 and 5.2

The Board is sensitive to the requirements of an informed market. It seeks to keep its Shareholders informed through:

- Reports to the ASX.
- Half and full-year profit announcements.
- Annual Reports.
- Continuous disclosure to the ASX pursuant to the ASX Listing Rules.

Whilst there is no written list of policies and procedures concerning disclosure, the Board approves all announcements and has a diligent approach to disclosure.

Principle 6 – Respect the rights of shareholders

Recommendations 6.1 and 6.2

The Board members recognise their responsibility to consider the interests of all shareholders. Accordingly, market announcements are promptly made available on SNL's website in the Shareholder Information section. Board members are also available for shareholders to speak with at general meetings. The Board requests the external auditor to attend the annual general meeting and to be available to answer shareholder questions.

The Company's communication with shareholders is based on continuous disclosure to the ASX and statutory reporting requirements.

Principle 7 – Recognise and manage risk

Recommendations 7.1

The Board annually reviews the Company's risk matrix. Senior management is involved in drawing up this document, which addresses the likelihood and severity of risks as well as contingency planning.

Recommendation 7.2

While there is no formalised internal compliance and control system policy, in a Company of SNL's size there is close interaction between the executive and staff, and risk is minimised through staff training and monitoring at all levels. Where circumstances dictate, matters are brought to the Board earlier than at scheduled meetings.

Recommendation 7.3

The Managing Director and the Finance Director have stated to the Board in writing that:

- The declarations provided in accordance with section 295A of the Corporations Act 2001 are founded on a sound system of risk management and internal compliance and control that implements the policies adopted by the Board.
- The Company's risk management and internal compliance and control system is operating efficiently and effectively in all material respects in relation to financial reporting risks and material business risks.

Recommendation 7.4

A disclosed above.

Principle 8 – Remunerate fairly and responsibly

Recommendation 8.1

The Board has established a Remuneration Committee which monitors industry practice and advises the Board, which sets the remuneration levels of Executives. It has no formal charter.

Recommendation 8.2

The Remuneration Committee comprises both Non - Executive Directors, however only one is considered independent. The Chairman of the Remuneration Committee is not independent.

Recommendation 8.3

Board members are remunerated by reference to industry standards.

Non-Executive Directors are paid an annual fee with no provision for retirement benefits.

Executives receive a base salary package and may receive an annual performance bonus. The annual performance bonus payable to the executives is determined by the Board having regard to the performance of the Company and the executive for the relevant year based on qualitative and/or quantitative factors which are agreed at the beginning of the year.

The Board has not used equity-based remuneration over the past year and has no plans to introduce it at this stage. Should this change the Board would seek to have plans approved in advance by shareholders.

Recommendation 8.4

Please also refer to the Remuneration Report in the Annual Report.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2014

1. Corporate information

The consolidated financial statements of Supply Network Limited (the company) for the year ended 30 June 2014 were authorised for issue in accordance with a resolution of the directors on 20 August 2014.

Supply Network Limited is a company limited by shares, incorporated and domiciled in Australia, and whose shares are publicly traded on the Australian Securities Exchange.

The nature of the operations and principal activities of the Group are described in the Directors' report.

2. Summary of significant accounting policies

(a) Basis of accounting

These general-purpose financial statements have been prepared in accordance with the requirements of the Corporations Act 2001 and Australian Accounting Standards. These financial statements have also been prepared on a historical cost basis, except for selected financial assets and liabilities, which have been measured at fair value. The Group is a for profit entity for financial reporting purposes under Australian Accounting Standards.

The financial statements are presented in Australian dollars and all values are rounded to the nearest thousand dollars ($'000) unless otherwise stated, under the option available to the company under ASIC Class Order 98/100. The company is an entity to which the class order applies.

(b) Statement of compliance

The consolidated financial statements of Supply Network Limited also comply with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB).

(c) Basis of consolidation

The consolidated financial statements comprise the financial statements of Supply Network Limited and the subsidiaries it controlled at the end of or during the financial year (the Group).

The financial statements of the subsidiaries are prepared for the same reporting period as the parent company, using consistent accounting policies.

In preparing the consolidated financial statements, all inter-company balances and transactions, income and expenses and profits and losses resulting from intra-group transactions have been eliminated in full.

Subsidiaries are fully consolidated from the date on which control is transferred to the Group and cease to be consolidated from the date on which control is transferred out of the Group.

(d) Significant accounting judgements, estimates and assumptions

(i) Significant accounting judgements

In the process of applying the Group's accounting policies, management has not made any significant judgements, apart from those involving estimates.

(ii) Significant accounting estimates and assumptions

The carrying amounts of certain assets and liabilities are often determined based on estimates and assumptions of future events. The key estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of certain assets and liabilities within the next annual reporting period are:

Impairment of assets

The Group determines whether the carrying value of assets is impaired at least on an annual basis, where indicators exist. This requires an estimation of the recoverable amount of the cash generating units to which the assets are allocated.

Long service leave provision

The liability for long service leave is recognised and measured at the present value of the estimated future cash flows to be made in respect of all employees at balance date. In determining the present value of the liability, attrition rates and pay increases through inflation have been taken into account.

Make good provision

Provision is made for the anticipated costs of future restoration of leased premises. The provision includes future cost estimates to restore the premises to their original condition at the end of the lease terms. The future cost estimates are discounted to their present value.

(e) Foreign currency transactions

Both the functional and presentation currency of Supply Network Limited and its Australian subsidiaries are Australian dollars ($). Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency.

Transactions in foreign currencies are initially recorded in the functional currency by applying the exchange rates ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance date. These differences are included in other comprehensive income.

Subsidiary Company

The functional currency of the foreign operation, Multispares N.Z. Limited, is New Zealand dollars (NZ$).

As at the reporting date the assets and liabilities of the foreign subsidiary are translated into the presentation currency of Supply Network Limited at the exchange rate ruling at the balance sheet date and its profit or loss is translated at the weighted average exchange rate for the year.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the date of the initial transaction.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

The exchange differences arising on the translation are taken directly to a separate component of equity.

On disposal of a foreign entity, the deferred cumulative amount recognised in equity relating to that particular foreign operation is recognised in profit or loss.

(f) Cash and cash equivalents

Cash and short-term deposits in the Balance Sheet comprise cash at bank and in hand and short term deposits with an original maturity of three months or less.

For the purpose of the Statement of Cash Flows, cash and cash equivalents consists of cash and cash equivalents as defined above, net of outstanding bank overdrafts.

(g) Trade and other receivables

Trade receivables, which generally have 30 day terms, are recognised and carried at original invoice amount less an allowance for any uncollectible amounts.

An allowance for impairment is made when there is objective evidence that the Group will not be able to collect the debts. Bad debts are written-off when identified.

(h) Inventories

Inventories including finished goods and stocks in transit are valued at the lower of cost and net realisable value.

Cost incurred in bringing each product to its present location and condition is accounted for as follows:

Finished Goods – weighted average cost into store.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs necessary to make the sale.

Obsolete and redundant inventories are provided for as appropriate.

(i) Leases

The determination of whether an arrangement is or contains a lease is based on the substance of an arrangement and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset.

Group as a lessee
Finance leases, which transfer to the Group substantially all the risks and benefits incidental to ownership of the leased item, are capitalised at the inception of the lease at the fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised as an expense in profit or loss.

Capitalised leased assets are depreciated over the shorter of the estimated useful life of the asset and the lease term if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term.

There were no finance leases during the year.

Operating lease payments are recognised as an expense in profit or loss on a straight-line basis over the lease term. Lease incentives are recognised in profit or loss as an integral part of the total lease expense.

(j) Plant and equipment

Plant and equipment is stated at cost less accumulated depreciation and any accumulated impairment losses.

Depreciation is calculated on a straight line over the estimated useful life of the asset as follows:

Plant and equipment	2-10 years

The assets' residual values, useful lives and amortisation methods are reviewed and if appropriate revised at each financial year-end.

An item of plant and equipment is derecognised upon disposal or when no further future economic benefits are expected from its use or disposal.

Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the year the asset was derecognised.

(k) Derivative financial instruments

The Group uses derivative financial instruments such as foreign currency contracts to hedge its risks associated with foreign currency fluctuations. Such derivative financial instruments are stated at market value. None of the forward exchange contracts qualify for hedge accounting and all gains or losses arising from changes in the fair value are charged directly in profit or loss.

The fair value of forward exchange contracts is calculated by reference to current exchange rates for contracts with similar maturity profiles.

(l) Trade and other payables

Trade payables and other payables are carried at amortised cost and represent liabilities for goods and services provided to the Group prior to the end of the financial year that are unpaid and arise when the Group becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, non-interest bearing and are usually paid within 30-60 days of recognition.

(m) Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

When the Group expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is included in profit or loss net of any reimbursement.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2014 (CONTINUED)

2. Summary of significant accounting policies *(continued)*

(m) Provisions *(continued)*

Provisions are measured at present value of management's best estimate of the expenditure required to settle the present obligation at the balance sheet date.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects the risks specific to the liability.

When discounting is used, the increase in the provision due to the passage of time is recognised in finance costs.

(n) Employee leave benefits

(i) Wages, salaries, annual leave and sick leave

Liabilities for wages and salaries, including non-monetary benefits, annual leave and accumulating sick leave expected to be settled within 12 months of the reporting date are recognised in other payables in respect of employees' services up to the reporting date. They are measured at the amounts expected to be paid when the liabilities are settled. Liabilities for non-accumulating sick leave are recognised when the leave is taken and are measured at the rates paid or payable.

(ii) Long service leave

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date. Consideration is given to expected future wage and salary levels, experience of employee departures, and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currencies that match, as closely as possible, the estimated future cash outflows.

(o) Post-employment benefits

Contributions are made to employee superannuation funds and are charged against profit or loss when incurred (refer note 22).

(p) Contributed equity

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds.

(q) Interest bearing liabilities

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

(r) Impairment of assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount. An asset's recoverable amount is the higher of its fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets and the asset's value in use cannot be estimated to be close to its fair value. When the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset or cash-generating unit is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Impairment losses relating to continuing operations are recognised in those expense categories consistent with the function of the impaired asset unless the asset is carried at revalued amount (in which case the impairment loss is treated as a revaluation decrease).

An assessment is also made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the recoverable amount is estimated. A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in profit or loss unless the asset is carried at revalued amount, in which case the reversal is treated as a revaluation increase. After such a reversal the depreciation charge is adjusted in future periods to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining useful life.

(s) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

(i) Sale of goods

Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer and the costs incurred or to be incurred in respect of the transaction can be measured reliably. Risks and rewards of ownership are considered passed to the buyer at the time of delivery of the goods to the customer.

(ii) Interest income

Revenue is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

(t) Borrowing costs

Borrowing costs are recognised as an expense in the period in which they are incurred.

(u) Income tax

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at balance sheet date.

Deferred income tax is provided on all temporary differences at the balance date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred income tax liabilities are recognised for all temporary differences except:

- when the deferred income tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and that, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; or
- when the taxable temporary difference is associated with investments in subsidiaries, associates or interests in joint ventures, and the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred income tax assets are recognised for all deductible temporary differences, carry-forward of unused tax assets and unused losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry-forward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred income tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; or
- when the deductible temporary difference is associated with investments in subsidiaries, associates or interests in joint ventures, in which case a deferred tax asset is only recognised to the extent that it is probable that the temporary difference will reverse in the foreseeable future and taxable profit will be available against which the temporary difference can be utilised.

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted at the balance sheet date.

Income tax relating to items recognised directly in equity is recognised in equity and not in profit or loss.

Deferred tax assets and deferred tax liabilities are offset only if a legally enforceable right exists to set off current tax liabilities and the deferred tax assets and liabilities relate to the same taxable entity and the same taxation authority.

The tax consolidated current tax expense and other deferred tax assets are required to be allocated to the members of the tax-consolidated group. The Group uses a group allocation method for this purpose where the allocated current tax payable, current tax loss, deferred tax assets and other tax credits for each member of the tax consolidated group is determined as if the company is a stand-alone taxpayer but modified as necessary to recognise membership of a tax consolidated group. Recognition of amounts allocated to members of the tax-consolidated group has regard to the tax consolidated group's future tax profits.

(v) Other taxes

Revenues, expenses and assets are recognised net of the amount of GST except:

- when the GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and receivables and payables, which are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

Cash flows are included in the statement of cash flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority, are classified as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

(w) Earnings per share

Basic earnings per share is calculated as net profit attributable to members of the parent, adjusted to exclude any costs of servicing equity (other than dividends) divided by the weighted average number of ordinary shares, adjusted for any bonus element.

Diluted earnings per share is calculated as net profit attributable to members of the parent, adjusted for:

- cost of servicing equity (other than dividends)
- the after tax effect of dividends and interest associated with dilutive potential ordinary shares that have been recognised as expenses; and
- other non-discretionary changes in revenues or expenses during the period that would result from the dilution of potential ordinary shares;

divided by the weighted average number of ordinary shares and dilutive potential ordinary shares, adjusted for any bonus element.

(x) New Accounting standards and interpretations

Certain new accounting standards and interpretations have been published that are not mandatory for the 30 June 2014 reporting period. The Group's assessment of the impact of these new standards and interpretations is they will result in no significant changes to the amounts recognised or matters disclosed in the Group's financial statements.

(d) Tax consolidation

Supply Network Limited and its wholly owned Australian entities elected to form a tax consolidated group from 1 July 2003. The accounting policy in relation to this legislation is set out in note 2(u).

The members of the tax consolidated group have entered into a tax sharing agreement which, in the opinion of the directors, would limit the joint and several liabilities of the wholly-owned entities for future income taxes of the tax consolidated group in the case of a default by the head entity, Supply Network Limited. At balance date the possibility of default is remote.

For the current year the entities have decided to enter into a tax funding agreement under which the funding amounts are based on the amounts of current tax expense allocated to the subsidiary and recognised by it in accordance with the accounting policy. The funding amounts are recognised as an increase/decrease in the subsidiaries' inter-company accounts with the tax consolidated group head company. The amounts receivable/payable under the tax funding agreement are due upon receipt of the funding advice from the head entity, which is issued as soon as practicable after the end of each financial year. The head entity may also require payment of interim funding amounts to assist with its obligations to pay tax instalments. The funding amounts are recognised in the current inter-company receivables or payables.

(ii) Bank loans and overdrafts are secured by fixed and floating charges over the assets of Supply Network Limited and controlled entities. Bank overdrafts have no specific term and are subject to annual review. Interest rates on overdrafts are variable and during the year the average interest rate was 8.8% (2013: 9.6%).

(iii) Bank loan agreements require certain financial ratios to be maintained

Australian loan agreement requires:

Consolidated borrowing base ratio as defined not to exceed 50% of eligible stock plus eligible debtors.

Consolidated debt to EBITDA does not exceed 2.5 to 1.

Consolidated EBITDA to interest expense ratio of not less than 2 to 1.

The Group complied with these ratios during the year.

18. Earnings per share

Basic earnings per share amounts are calculated by dividing net profit for the year attributable to ordinary equity holders of the parent by the weighted average number of ordinary shares outstanding during the year.

Diluted earnings per share amounts are calculated by dividing the net profit attributable to ordinary equity holders of the parent by the weighted average number of ordinary shares outstanding during the year plus the weighted average number of ordinary shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares. There are no dilutive potential ordinary shares.

Rental payments on property are generally fixed, but with inflation escalation clauses. No purchase option exists in relation to operating leases and no operating leases contain restrictions on financing or other leasing activities.

Significant Events after Balance Date

Since balance date the company has entered into two 15 year lease agreements for premises in Sydney western suburbs. The current Sydney distribution centre and sales branch will relocate to these premises in the first half of the June 2016 financial year. The new leases are expected to increase operating lease costs by around $800k per annum.

27. Financial risk management

The Group's principal financial instruments, other than derivatives, comprise cash, bank loans and bank overdrafts. The main purpose of these financial instruments is to finance the Group's operations.

The Group has various other financial assets and liabilities such as trade receivables and trade payables, which arise directly from its operations. The Group also enters into derivative transactions, principally forward currency contracts, the purpose of which is to manage the currency risk arising from the Group's operations. It is, and has been throughout the period under review, the Group's policy that no trading in financial instruments shall be undertaken. The main risks arising from the Group's operations are interest rate risk, foreign currency risk, credit risk and liquidity risk. The Group also has to manage its capital. The Board reviews and agrees policies for managing each of these risks and they are summarised below.

(a) Interest rate risk

The Group is exposed to interest rate risk through financial assets and liabilities. The Group's main interest rate risk arises from long-term borrowings (refer note 11).

The following table summarises interest rate risk for the Group together with effective interest rates as at balance date.

Financial instruments - Contractual Maturities	Floating interest rate (i)	Fixed interest rate maturing 1 year or less	Fixed interest rate maturing 1 to 5 years	Fixed interest rate maturing Over 5 years	Non-interest bearing	Total	Weighted average interest rate Floating	Weighted average interest rate Fixed

	500	74	2,737	-	12,252	15,563		

27. Financial risk management (continued)

(a) Interest rate risk (continued)

(i) Floating interest rates are the most recently determined rate applicable to the instrument at balance date. Floating rate liabilities and non-interest bearing liabilities have contractual maturities of between 1-5 years.

The Group uses a mix of fixed and variable rate debt.

Fixed interest rate debts are used for long term funding. Amounts and maturity dates of long term funding for interest rate repricing vary depending on the interest rates offered at date of maturity. At balance date maturity dates range from 1-5 years.

Variable rate facilities such as bank overdrafts are used for short term funding and are subject to annual renewal and market fluctuations in interest rates.

Surplus funds are invested with banks in short term call accounts and are subject to market fluctuations in interest rates.

Management have assessed the impact of any changes of effective interest rates and have determined there would be minimal effect on the Group's profit after income tax.

(b) Foreign exchange risk

The Group is exposed to the risk of adverse movements in the Australian dollar relative to certain foreign currencies. To manage this risk the Group enters into forward exchange contracts to hedge certain purchases of inventory undertaken in foreign currencies. The terms of these commitments are not more than six months.

The following table summarises the forward currency contracts outstanding at balance date.

		Average exchange rate		Buy	Buy
Currency		**2014**	**2013**	**2014**	**2013**
				$000	**$000**
Euro currency	3 months or less	**0.68**	0.71	**224**	717
Japanese yen	3 months or less	**94.89**	92.78	**425**	181
GB pounds	3 months or less	**0.55**	-	**14**	-
US dollar	3 months or less	**0.93**	0.93	**33**	106
Total				**696**	1,004

Management have assessed the impact of a material movement in the Australian dollar exchange rate on trade payables and have determined there would be minimal effect on the Group's profit after income tax.

The Group has an investment in a foreign subsidiary operation whose net assets are exposed to foreign currency translation risk. Currency exposure arising from this foreign operation is managed primarily through borrowings in that subsidiary's foreign currency.

(c) Credit risk

Credit risk is the risk of financial loss to the Group if a customer fails to meet its contractual obligations and arises primarily from the financial assets of the Group, which comprises cash and cash equivalents and trade and other receivables.

The Group's maximum exposures to credit risk at reporting date in relation to each class of recognised financial assets is the carrying amount of those assets as indicated in the balance sheet.

The Group minimises concentrations of credit risk in relation to trade receivables by undertaking transactions with a large number of customers from across the range of business segments in which the Group operates.

Credit risk in trade receivables is managed in the following ways:

- payment terms are cash or 30 days,
- a risk assessment process is used for customers trading outside agreed terms,
- all new accounts are reviewed for past credit performance.

An allowance for impairment loss is recognised when there is objective evidence that the Group will not be able to collect a trade receivable.

27. Financial risk management (continued)

(d) Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as and when they fall due. Liquidity is managed to ensure, as far as possible, that sufficient funds are available to meet liabilities when they fall due without incurring unacceptable losses or risking damage to the Group's reputation.

The Group manages liquidity risk by maintaining adequate banking facilities and borrowing facilities by continuously monitoring forecasts and actual cash flows and matching maturity profiles of financial assets and liabilities. See note 23(b) for additional undrawn facilities to the Group has available to further reduce liquidity risk.

(e) Capital risk management

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

The capital structure of the Group consists of debt, which comprises the borrowings detailed in note 11, cash and cash equivalents and equity attributable to equity holders of the parent, comprising issued capital (note 15), reserves (note 16) and retained earnings.

The Board reviews the capital structure on a regular basis. As part of this review the cost of capital and the risks associated with each class of capital is considered. The Group balances its overall capital structure through the payment of dividends, operation of dividend reinvestment plan, new share issues, share buy-backs and additional borrowings.

DIRECTORS' DECLARATION

In accordance with a resolution of the directors of Supply Network Limited, I state that:

1. In the directors' opinion:

   (a) the financial statements and notes set out on pages 18 to 43 are in accordance with the *Corporations Act 2001*, including:

      (i) giving a true and fair view of the consolidated entity's financial position as at 30 June 2014 and of its performance for the financial year ended on that date; and

      (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*; and

   (b) there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

   (c) at the date of this declaration, there are reasonable grounds to believe that the members of the closed group identified in note 25 will be able to meet any obligation or liabilities to which they are, or may become, subject by virtue of the deed of cross guarantee described in note 25.

2. The directors have been given the declarations by the chief executive officer and chief financial officer for the year ended 30 June 2014 required by section 295A of the *Corporations Act 2001*.

3. The notes to the financial statements include a statement of compliance with International Financial Reporting Standards.

This declaration is made in accordance with a resolution of the directors.

INDEPENDENT AUDITOR'S REPORT

HLB Mann Judd
Accountants | Business and Financial Advisers

To the members of Supply Network Limited

Report on the Financial Report

We have audited the accompanying financial report of Supply Network Limited ("the company"), which comprises the consolidated balance sheet as at 30 June 2014, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration, for the consolidated entity. The consolidated entity comprises the company and the entities it controlled at the year's end or from time to time during the financial year.

Directors' Responsibility for the Financial Report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In Note 2(b), the directors also state, in accordance with Accounting Standard AASB 101: *Presentation of Financial Statements*, that the consolidated financial statements comply with International Financial Reporting Standards.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the company's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's and its controlled entities' internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

Our audit did not involve an analysis of the prudence of business decisions made by directors or management.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, given to the directors of the company on 20 August 2014, would be in the same terms if provided to the directors as at the time of this auditor's report.

Opinion

In our opinion:

(a) the financial report of Supply Network Limited is in accordance with the *Corporations Act 2001*, including:
   (i) giving a true and fair view of the consolidated entity's financial position as at 30 June 2014 and its performance for the year ended on that date; and
   (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*; and

(b) the financial statements also comply with International Financial Reporting Standards as disclosed in Note 2(b).

Report on the Remuneration Report

We have audited the Remuneration Report included in pages 10 to 13 of the directors' report for the year ended 30 June 2014. The directors of the company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

Opinion

In our opinion, the Remuneration Report of Supply Network Limited for the year ended 30 June 2014 complies with section 300A of the *Corporations Act 2001*.

Matters relating to the electronic presentation of the audited financial report and remuneration report

This auditor's report relates to the financial report and remuneration report of Supply Network Limited for the financial year ended 30 June 2014 published in the annual report and included on the company's website. The company's directors are responsible for the integrity of the company's website. We have not been engaged to report on the integrity of this website. The auditor's report refers only to the financial report and remuneration report identified above. It does not provide an opinion on any other information which may have been hyperlinked to/from the financial report and remuneration report.
