

## ASX Announcement

**Aus Tin Mining Limited (ASX: ANW)**

**10 September 2014**

### **Non-Renounceable Entitlement Offer**

Aus Tin Mining Limited (ASX:ANW) advises that it is seeking to raise up to approximately \$1.6 million by undertaking a pro-rata Non-renounceable Entitlement Offer of up to 403,528,292 new fully paid ordinary shares (**New Shares**) with an offer ratio of 1 New Share for every 2 Shares held on the Record Date, at an offer price of 0.4 cents (\$0.004) per New Share (**Offer**). This represents a discount of over 40% on the 10 day VWAP of the Company's shares as traded in the lead-up to the Offer.

The Offer is being made without a disclosure document pursuant to 708AA of the *Corporations Act 2001* (Cth). A copy of the Offer Booklet which was lodged with the ASX today (and is available on the Company's website [www.austinming.com.au](http://www.austinming.com.au) and the ASX website) will be sent to shareholders on or about 19 September 2014.

The Offer will be available to all registered shareholders at 7 pm AEST on 16 September 2014 (**Record Date**) with a registered address in Australia, New Zealand, Hong Kong or any other jurisdiction in which the Company subsequently determines it may extend the Offer (**Eligible Shareholders**). As at the date of this letter the Company has a minimal number of registered shareholders outside those jurisdictions (**Ineligible Shareholders**).

There are nine (9) holders of options in the Company. The optionholders all have registered addresses in Australia, and are therefore eligible for participation, subject to first exercising their options. However, as the exercise price of all options on issue is currently much higher than the share price, it is unlikely that any optionholders will exercise and participate in the Offer. Accordingly, it is expected that approximately 403,528,292 New Shares will be available under the Offer. Shares issued pursuant to the Offer will rank equally with all existing shares on issue.

You should consider the Information Booklet in full in deciding whether to participate in the Offer. Any shareholder wishing to participate in the Offer will need to complete the "Entitlement and Acceptance Form" that will be in, or will accompany, the Offer Document.

The Offer is non-renounceable, which means that rights to participate in the Offer cannot be sold, and therefore to the extent that shareholders entitled to participate in the Offer do not take up their entitlement, they will not receive any value in respect of those entitlements not taken up. Eligible Shareholders may also apply for additional New Shares over and above their entitlement.

The Board of Directors reserves the right to place any shortfall from the Entitlement Offer to third parties within three (3) months of the close of the Offer at a price no lower than the Offer Price.

## Purpose of the Offer

The Company intends that the funds raised from the Capital Raising will be primarily used to progress development of the Taronga Tin Project, carry-out work across the Company's exploration portfolio, provide working capital, be used for general working capital purposes, and pay the costs of the Offer.

Having recently completed the Pre-Feasibility for the Taronga Tin Project, the Company sits in an enviable position as one of only three tin projects in Australia with JORC compliant ore reserves at a time when global tin reserves are estimated at less than eight years. As important is the enormous potential within the Company's extremely prospective, but under-explored tenement package for tin, base and precious metals. At the same time the resurgence in the global nickel price has provided the impetus to undertake further work over the Company's various nickel sulphide projects, specifically the Pembroke where the Company's previously reported (and unchanged) results such as 4.2m @ 1.1%Ni and 0.05%Co (from 58m depth) are as exciting as some of the exploration results more recently being reported from the Fraser Range region in Western Australia.

### Cleansing Notice under Section 708AA of the Corporations Act

Pursuant to section 708AA(7) of the *Corporations Act*, the Company provides notice of the following:

1. Aus Tin Mining will offer the New Shares for issue without disclosure to investors under Part 6D.2 of the *Corporations Act*.
2. Aus Tin Mining is providing this notice under section 708AA2(f) of the *Corporations Act*.
3. As at the date of this notice, Aus Tin Mining has complied with:
  - (a) the provisions of Chapter 2M of the *Corporations Act* as they apply to Aus Tin Mining; and
  - (b) section 674 of the *Corporations Act*.
4. As at the date of this notice there is no information:
  - (a) that has been excluded from a continuous disclosure notice in accordance with the ASX Listing Rules other than as set out below; and
  - (b) that investors and their professional advisors would reasonably require for the purpose of making an informed assessment of:
    - (1) the assets and liabilities, financial position and performance, profits and losses and prospects of the Company; or
    - (2) the rights and liabilities attaching to the New Shares.
5. If all Eligible Shareholders take up their entitlement under the Offer, the Offer will only have a minimal effect on the control of the Company. As the Offer is only being extended to Australian, New Zealand and Hong Kong registered shareholders, ineligible shareholders will be diluted to the extent that the Offer is subscribed. However, the Company has minimal shareholders resident outside Australia, New Zealand and Hong Kong.
6. If an Eligible Shareholder takes up their full entitlement, they can also apply for additional New Shares (**Additional New Shares**) under the Offer. The offer price for the Additional New Shares will be the Issue Price of \$0.004 per Additional New Share. Any Additional New Shares must be allocated from that pool of New Shares which remain available for allocation, after the allocation of all entitlements to each Eligible Shareholder who has applied for their entitlements. Related Parties of the Company and their associates who are Eligible Shareholders must not apply for, and will not be issued, Additional New Shares.
7. If an Eligible Shareholder does not take up their entitlement in full there may be a dilutionary effect on their proportionate shareholding.

An Appendix 3B applying for quotation of the New Shares is **attached** to this announcement.

The Directors of Aus Tin Mining encourage all Eligible Shareholders to participate in the capital raising.
