June 2014 Quarterly Activities Report

- **Feasibility study is in progress on the Consolidated Fire Lake North Project**
- **Champion Iron Limited has \$7,030,000 cash on hand at 30 June 2014**
- **Québec government commits up to \$20m for rail feasibility study in Labrador Trough**

REPORTING CURRENCY

The Company has adopted Canadian Dollars as the reporting currency. Accordingly all financial details are in Canadian Dollars unless otherwise stated.

CONSOLIDATED FIRE LAKE NORTH PROJECT

The Company completed all planned drilling and field work programs initiated in the previous quarter at the West and East deposits of the Consolidated Fire Lake North project.

A total of 29 diamond drill holes were completed totaling 7,179 meters. Sixteen (16) of the drill holes were completed at the West deposit to further define resources and obtain geomechanical data for pit slope optimization. Twelve (12) drill holes were completed at the East deposit for geomechanical data collection and pit slope optimization. One (1) drill hole was completed for condemnation purposes at the proposed location of the gyratory crusher.

A total of 24 split-spoon diamond drill holes totaling 530 meters were completed to obtain soils and bedrock geotechnical data. Eleven (11) drill holes were completed at locations for proposed infrastructure while thirteen holes and 38 back-hoe dug test pits were completed around the perimeters of the proposed open pits.

The Company also completed re-logging of all diamond drill hole intersections obtained to date at the West and East deposits in order to collect additional data with respect to hardness of the mineralized zones. The data is being modelled to better understand hardness distribution within the deposits in order to maximize AG/SAG mill throughput during production.

QUEBEC GOVERNMENT COMMITS UP TO \$20m FOR RAIL FEASIBILITY STUDY

In tabling the Budget 2014-2015, the Québec Finance Minister Carlos Leitão announced a series of actions and measures to support mining development in Québec. Among these measures, the government has announced that it will evaluate the need for a new rail link to the Labrador Trough to determine the optimum features of the new infrastructure.

The government has set aside a maximum of \$20 million from its Northern Plan Fund to contribute to a study to determine the optimum rail option for iron ore miners in the Labrador Trough region to reach ports to service international markets competitively.

It is intended that these funds be allocated towards evaluating the anticipated transportation needs between the Labrador Trough and the port of Sept-Îles. The study will consider the concerns of all potential users and in doing so ensure a multi-user system favouring the conclusion of joint investment.

On 24 July 2014, the Company announced its intention to participate in the feasibility study.

SNELGROVE LAKE PROJECT

There were no activities at the Snelgrove Lake project during the quarter.

BOARD AND MANAGEMENT

A number of board and management changes were made in early April following the completion of the merger with Champion Iron Mines Limited. The board is now comprised of Michael O'Keeffe as Executive Chairman, Thomas Larsen as Chief Executive Officer and five non-executive directors, being Donald A. Sheldon, Paul Ankorn, James Wang, Gary Lawler and Andrew Love. The Chief Operating Officer is Alexander S. Horvath and Chief Financial Officer is Miles Nagamatsu. During the quarter, Pradip Devalia was appointed Company Secretary-Australia following the resignation of Niall Lenahan. Jorge Estepa is the Company Secretary in Canada.

CASH POSITION

As at 30 June 2014, Champion had \$7 million cash in hand. During the quarter ended 30 June 2014, \$3.2 million was spent on exploration and administration activities. Further detail is provided in the attached Appendix 5B.

About Champion

Champion is an iron exploration and development company with offices in Montreal, Toronto and Australia, and is focused on developing its significant iron resources in the Labrador Trough in the province of Québec. Champion holds a 100% interest in the Fermont Iron Holdings, including its flagship Consolidated Fire Lake North Project, that is located in Canada's major iron ore producing district, in close proximity to producing iron mines, existing transportation and power infrastructure.

Consolidated Fire Lake North is located immediately north of Arcelor Mittal's operating Fire Lake Mine and 60 km south of Cliffs Natural Resources Inc.'s Bloom Lake Mine in northeastern Québec. Champion's management and board includes mining and exploration professionals with the mine development and operations experience to build, commission and operate the future Consolidated Fire Lake North mine.

Champion also holds an option to earn into 100% of the Snelgrove Lake Project, a highly prospective iron ore project located in the Labrador Trough in Newfoundland and Labrador. The Snelgrove Lake Project has excellent access to infrastructure, with potential for both a hematite and multi-billion tonne magnetite project.

Notes

1 The quarterly report provides a basis for informing the market how the entity's activities have been financed for the past quarter and the effect on its cash position. An entity wanting to disclose additional information is encouraged to do so, in a note or notes attached to this report.

2 The "Nature of interest" (items 6.1 and 6.2) includes options in respect of interests in mining tenements acquired, exercised or lapsed during the reporting period. If the entity is involved in a joint venture agreement and there are conditions precedent which will change its percentage interest in a mining tenement, it should disclose the change of percentage interest and conditions precedent in the list required for items 6.1 and 6.2.

3 **Issued and quoted securities** The issue price and amount paid up is not required in items 7.1 and 7.3 for fully paid securities.

4 The definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report.

5 **Accounting Standards** ASX will accept, for example, the use of International Financial Reporting Standards for foreign entities. If the standards used do not address a topic, the Australian standard on that topic (if any) must be complied with.
