RUTILA APPOINTS MR. PETER JONES AS “GROUP EXECUTIVE, ENGINEERING”

Rutila Resources Ltd (“Rutila”, ASX:RTA) is pleased to announce the appointment of Mr. Peter Jones as Group Executive, Engineering, with project engineering responsibilities for the proposed Balla Balla Mine Export Facility (“BBMEF”) and Central Pilbara Iron Ore Project (“CPIP”) which is owned together with the Company’s Joint Venture partner Todd Corporation, (Rutila 68%, Todd 32%).

Mr. Jones, a Chartered Professional Engineer with over thirty years’ of Engineering, Procurement & Construction (“EPC”) experience in the heavy industry market, is joining the Company from UGL Limited where he was Group Manager Major Projects.

From his early days as a tradesman in the Hunter Valley coal industry Peter has risen to manage major projects from FEED (“Front End Engineering Design”) through to commissioning, across the globe spanning major infrastructure & power plant projects in the Middle East, pharmaceutical in UK & Singapore, to water & wastewater, LNG, mineral extraction, processing & handling in Australia.

Peter has previously managed Feasibility Studies including FEED for iron ore and pulp plants from feedstock to port. His technical experience is based in EPC delivery with particular skills in Project Controls, Estimating & Cost Control and management of multi-disciplinary project teams related to process design, layouts, SMP & E&I design, equipment selection and procurement, tender documentation and construction supervision.

Peter is also an experienced integrator and facilitator of HAZOP, Safety in Design and other Risk Management processes during the design and implementation phases of a project and is a member of AACE, Association for Advancement of Cost Engineers.

Quote from Nicholas Curtis Executive Chairman of Rutila:

“The Company is very pleased to appoint someone of Peter’s calibre to the Group Executive, Engineering role. Peter has hit the ground running and is already making a significant contribution to the project and company. His skills and experience shall be invaluable as we progress our project through FEED engineering, contractor selection and engagement into construction.”

- END -

For further information please contact Mr. Nicholas Curtis, Executive Chairman on +61 2 9259 4400.

About Rutila Resources:

Rutila has received approvals from the Minister of the Environment, the local Ngarluma Aboriginal Corporation, and tenure from the Department of Mines and Petroleum, for a new export facility on the Pilbara coastline. The Export Facility is directly alongside the Company’s proposed Balla Balla Joint Venture Vanadium – Titanium – Magnetite (VTi Magnetite) project. Rutila anticipates the Export Facility shall have excess capacity and has signed an Alliance Agreement with Flinders Mines for Flinders proposed Pilbara Iron Ore Project (“PIOP”) to utilise this excess capacity for their iron ore exports. In addition Rutila is currently farming-in to an exploration project within the Fraser Range region.
