

**ASX ANNOUNCEMENT (ASX:BLY)**

5 November 2021

**BOART LONGYEAR - EXECUTIVE COMMITTEE**

Boart Longyear Group Ltd (ASX:BLY) (the **Company** or **Boart Longyear**) announces the following change to the executive management team effective 5 November 2021.

Ms Nora Pincus, Chief Legal Officer, General Counsel and Corporate Secretary has decided to pursue interests outside of Boart Longyear. Ms Nora Pincus joined the Company in August 2020 and played a key role in the project that saw a substantial recapitalisation of the Company.

Jeff Olsen, Boart Longyear' s President and Chief Executive Officer (CEO), said "Nora's knowledge of the metals and mining sector and extensive experience in the financing and capital markets transactions were key to the success of the Company's recapitalisation. I would like to thank Nora for her support guiding the Company through a challenging period and wish her well in her future endeavours."

The Company has begun the executive search process for a suitable successor and will provide an update to the market shortly.

In the interim the Company Secretarial role will be fulfilled by:

Alex Nikolic, Partner  
Fasken Martineau DuMoulin LLP  
333 Bay Street, Suite 2400  
Toronto, ON M5H 2T6

**Authorised for lodgement by:**  
Jeffrey Olsen, President and Chief Executive Office

## ASX ANNOUNCEMENT (ASX:BLY)

### About Boart Longyear

Established in 1890, Boart Longyear is in its 131st year as the world's leading provider of drilling services, orebody-data-collection technology, and innovative, safe and productivity-driven drilling equipment. With its main focus in mining and exploration activities spanning a wide range of commodities, including copper, gold, nickel, zinc, uranium, and other metals and minerals, the company also holds a substantial presence in the energy, oil sands exploration, and environmental sectors.

The Global Drilling Services division operates for a diverse mining customer base with drilling methods including diamond coring exploration, reverse circulation, large diameter rotary, mine dewatering, water supply drilling, pump services, production, and sonic drilling services.

The Geological Data Services division utilises innovative scanning technology and down-hole instrumentation tools to capture detailed geological data from drilled core and chip samples. This valuable orebody knowledge gives mining companies the ability to make timely decisions for more efficient exploration activities.

The Global Products division offers sophisticated research and development and holds hundreds of patented designs to manufacture, market, and service reliable drill rigs, innovative drill string products, rugged performance tooling, durable drilling consumables, and quality parts for customers worldwide.

Boart Longyear is headquartered in Salt Lake City, Utah, USA, and listed on the Australian Securities Exchange in Sydney, Australia (ASX:BLY).
