Maslins Project Update

Investigator Resources Limited (ASX: IVR, “Investigator” or the “Company”) wishes to announce that, as anticipated and cognisant of drilling results, OZ Minerals (ASX:OZL) have notified the Company they do not intend to proceed to Stage 2 of their earn-in and will withdraw from the Maslins Project.

OZ Minerals have satisfied the Stage 1 commitments under the terms of the earn-in and have not earned any interest in the project, which remains 100% owned by Investigator.

Investigator’s Managing Director, Andrew McIlwain said: ***“We welcomed the opportunity to work with OZ Minerals to drill test the Maslins anomaly and it is a credit to the personnel of our partner OZ Minerals, Titeline Drilling and Investigator that the programme was completed without incident.***

“Review of other anomalies with IOGC potential and opportunities across our Stuart Shelf tenements for sediment hosted copper targets is underway”.

For and on behalf of the Board of Directors

Andrew McIlwain

Managing Director & CEO

About Investigator Resources

Investigator Resources Limited is a metals explorer with a focus on the opportunities for silver-lead, copper-gold and other metal discoveries. In addition to the Maslins IOCG Project, Investigator’s assets include the 100% owned Paris Silver Project in South Australia and other prospective tenements within the state.
