Distribution Reinvestment Plan (DRP)

For such distributions, it is expected the record date will be the first ASX trading day of each month and the last day for electing into the DRP will be 5.00pm (Sydney time) on the first business day after the record date.

Units under the DRP are currently issued at the net asset value of a unit as determined in accordance with the Fund's Constitution on the record date.

1 General information

These interim financial statements cover Ophir High Conviction Fund (the "Fund") as an individual entity. The Fund was constituted on 23 July 2015, commenced operations on 31 August 2015 and admitted to the Australian Securities Exchange ("ASX") on 19 December 2018. The Fund will terminate on 30 August 2095 unless terminated earlier in accordance with the provisions of the Fund's Constitution.

The Trust Company (RE Services) Limited (ABN 45 003 278 831) (AFSL 235150) is the responsible entity of the Fund (the "Responsible Entity"). The Responsible Entity's registered office is Level 18 Angel Place, 123 Pitt Street, Sydney, NSW 2000.

The investment manager of the Fund is Ophir Asset Management Pty Limited (the "Investment Manager").

The Fund principally invests in a concentrated exposure to a high-quality portfolio of Australian listed companies outside the S&P/ASX 50. The Fund may also invest in international equities such as listed securities in New Zealand in accordance with the Product Disclosure Statement and the provisions of the Fund's Constitution.

The interim financial statements of the Fund are for the half-year ended 31 December 2020. The financial statements are presented in Australian dollars, which is the functional currency of the Fund.

The interim financial statements were authorised for issue by the directors of the Responsible Entity (the "Directors of the Responsible Entity") on 25 February 2021. The Directors of the Responsible Entity have the power to amend and reissue the interim financial statements.

2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these interim financial statements are set out below. These policies have been consistently applied to all periods presented, unless otherwise stated in the following text.

(a) Basis of preparation

These interim financial statements have been prepared in accordance with Australian Accounting Standards AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standards IAS 34 *Interim Financial Reporting*.

These interim financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these interim financial statements are to be read in conjunction with the annual financial statements for the year ended 30 June 2020 and any public announcements made in respect of the Fund during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The statement of financial position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and do not distinguish between current and non-current. All balances are expected to be recovered or settled within 12 months, except for investments in financial assets and liabilities.

(b) Significant accounting policies

The accounting policies applied in these interim financial statements are the same as those applied in the Fund's financial statements for the year ended 30 June 2020.

There are no other standards, interpretations or amendments to existing standards that are effective for the first time for the half-year beginning 1 July 2020 that have a material impact on the amounts recognised in the prior periods or will affect the current or future periods.

(c) Rounding of amounts

The Fund is an entity of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' report) Instrument 2016/191* issued by the Australian Securities and Investments Commission (ASIC) relating to the "rounding off" of amounts in the interim financial statements. Amounts in the interim financial statements have been rounded to the nearest thousand dollars in accordance with that *ASIC Corporations Instrument*, unless otherwise indicated.

3 Fair value measurement

The Fund measures and recognises the following financial assets at fair value on a recurring basis.

- Financial assets at fair value through profit or loss (FVTPL) (see Note 5)

The Fund has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

AASB 13 *Fair Value Measurement* requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); and
- Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

(i) Fair value in an active market (level 1)

The fair value of financial assets and liabilities traded in active markets (such as listed equity securities and listed property trusts) is based on their quoted market prices at the close of trading at the end of the reporting period without any deduction for estimated future selling costs.

The Fund values its investments in accordance with the accounting policies set out in Note 2 to the interim financial statements. For the majority of its investments, information provided by independent pricing services is relied upon for valuation of investments.

The quoted market price used to fair value financial assets held by the Fund is the last-traded prices.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

(ii) Recognised fair value measurements

The following table presents the Fund's financial assets measured and recognised at fair value as at 31 December 2020 and 30 June 2020.

As at 31 December 2020	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000

Australian listed equity securities	519,070	-	-	519,070
Total	519,070	-	-	519,070

3 Fair value measurement (continued)

(iii) Transfers between levels

The Fund's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between the levels in the fair value hierarchy for the half-year ended 31 December 2020.

(iv) Fair value measurements using significant unobservable inputs (level 3)

The Fund did not hold any financial instruments with fair value measurements using significant unobservable inputs during the half-year ended 31 December 2020 or year ended 30 June 2020.

(v) Valuation processes

Portfolio reviews are undertaken regularly by management to identify securities that potentially may not be actively traded or have stale security pricing. This process identifies securities which possibly could be regarded as being level 3 securities.

Further analysis, should it be required, is undertaken to determine the accounting significance of the identification. For security types, in selecting the most appropriate valuation model, management performs back testing and considers actual market transactions. Changes in allocation to or from level 3 are analysed at the end of each reporting period.

(vi) Fair value of other financial instruments

The Fund did not hold any financial instruments which were not measured at fair value in the statement of financial position. Due to their short term nature, the carrying amounts of receivables and payables are assumed to approximate fair value.

6 Net assets attributable to unitholders

Under AASB 132 *Financial Instruments: Presentation*, puttable financial instruments meet the definition of a financial liability to be classified as equity where certain strict criteria are met. The Fund has elected into the AMIT tax regime and consequently the Fund's Constitution has been amended. The Fund does not have a contractual obligation to pay distributions to unitholders. Therefore, the net assets attributable to unitholders of the Fund meet the criteria set out under AASB 132 and are classified as equity.

Movements in number of units and net assets attributable to unitholders during the half-year were as follows:

	Half-year ended		Half-year ended

Closing balance	199,526	654,344	200,000	551,134

As stipulated within the Fund's Constitution, each unit represents a right to an individual unit in the Fund and does not extend to a right to the underlying assets of the Fund.

(a) Units buy-back

On 13 January 2020, the Fund announced a 12-month on-market buy-back program. No units were bought back during the half-year ended 31 December 2020.

Capital risk management

The Fund classifies its net assets attributable to unitholders as equity.

The Fund is a closed-ended Fund and is not subject to applications and redemptions from the date of listing on the ASX.

Generally, the Fund's strategy is to hold liquid investments. Liquid assets include cash and cash equivalents and listed investments.

7 Distributions to unitholders

Distributions are payable at the end of each financial period. Such distributions are determined by reference to the net taxable income of the Fund.

No distributions relating to the half-year were paid or are payable (31 December 2019: nil).

8 Auditor's remuneration

During the half-year the following fees were paid or payable for services provided by the auditor of the Fund:

	Half-year ended

Total auditor's remuneration	17,000	17,000

The auditor's remuneration is borne by the Fund. Fees are stated exclusive of GST.

9 Earnings/(loss) per unit

Basic earnings/(loss) per unit amounts are calculated by dividing operating profit/(loss) before distributions by the weighted average number of units outstanding during the half-year.

Diluted earnings per unit are the same as basic earnings/(loss) per unit.

	Half-year ended	
	31 December 2020	31 December 2019
Operating profit/(loss) for the half-year (\$'000)	79,504	29,999

10 Segment information

The Fund has only one reportable segment. The Fund operates predominantly in Australia and is engaged solely in investment activities, deriving revenue from dividend and distribution income, interest income and from the sale of its investment portfolio.

11 Significant events during the half-year

The Directors continue to assess the potential financial and other impacts of the coronavirus (COVID-19) outbreak to the Fund. The current high-level of uncertainty regarding the severity and length of COVID-19 on investment markets has impacted investment outcomes and increased volatility in investment performance during the period.

At the date of signing, the future impacts of COVID-19 on global and domestic economies and investment market indices, and their resulting impact on the Fund are uncertain. The Directors and management will continue to monitor this situation.

There were no other significant events during the half-year.

12 Events occurring after the reporting period

On 1 February 2021, Glenn Foster was appointed as Non-Executive Director of The Trust Company (RE Services) Limited.

The Directors are not aware of any other event or circumstance since the end of the half-year not otherwise addressed within these interim financial statements that has affected or may significantly affect the operations of the Fund, the results of those operations or the state of affairs of the Fund in subsequent periods. The Fund continues to operate as a going concern.

There are no outstanding contingent assets, liabilities or commitments as at 31 December 2020 and 30 June 2020.

 - (i) complying with Australian Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and

Independent Auditor's Review Report to the Unitholders of Ophir High Conviction Fund

Report on the Half-Year Financial Report

Conclusion

We have reviewed the accompanying half-year financial report of Ophir High Conviction Fund (the "Fund") which comprises the statement of financial position as at 31 December 2020, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, nothing has come to our attention that causes us to believe that the half-year financial report of the Fund is not in accordance with the *Corporations Act 2001*, including:

- a) giving a true and fair view of the Fund's financial position as at 31 December 2020 and of its financial performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Directors' Responsibility for the Half-Year Financial Report

The directors of the Responsible Entity of the Fund are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, anything has come to our attention that causes us to believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Fund's financial position as at 31 December 2020 and its financial performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of the Fund, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
