About Oil Search

Established in January 1929, Oil Search has grown into PNG's largest single investor and most active explorer, operating all the country's producing oil fields and holding an extensive appraisal and exploration portfolio. Its 29 per cent interest in the ExxonMobil-operated PNG LNG Project has transformed Oil Search into a regionally significant oil and gas producer. The Company also holds material interests in the Elk - Antelope and P'nyang gas fields and is undertaking a range of activities to support further LNG expansion in PNG. Oil Search also holds world class oil assets in Alaska's prolific North Slope. Oil Search is listed on the Australian (OSH) and PNG (OSH) security exchanges and its ADRs trade on the US Over the Counter market (OISHY). For more information, please visit oilsearch.com.
