China.

FTC's **T-Linx™** PaaS middleware empowers banks including:

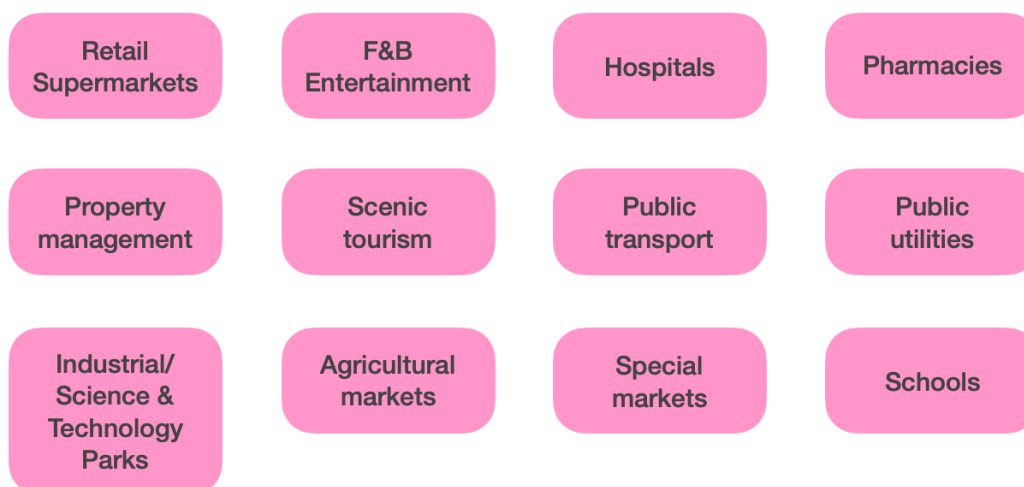

1. Establishing bank's independent + integrated payment and settlement capabilities while improving bank's comprehensive service levels for merchants;
2. Securing sustained and stable low-cost deposit features;
3. Strengthening the PaaS ecological collection of merchants and partners to create extended revenue value;
4. Creating multilateral winning environment for all parties (merchants, partners and banks) by means of PaaS.

T-Linx™ Merchant Industry Application - The redefinition of “integration”

T-Linx™ has not only integrated all available payment methods, but also integrated and deployed a platform with complete software application services and hardware products for a wide-spectrum of

**40+
Merchant Industry Applications
including**

merchants across a broad range of industries.
