ASX ANNOUNCEMENT

ACTIVITIES REPORT AND APPENDIX 4C – QUARTERLY CASH FLOW REPORT SEPTEMBER 2020

Adelaide, Australia, Wednesday 21 October 2020: Axiom Properties Limited (ASX:AXI) lodges the attached Appendix 4C Quarterly report for entities admitted on the basis of commitments for the quarter ended 30 September 2020.

The Company's cash reserves for the September quarter decreased by \$1.549 million and the Company held cash reserves of \$5.670 million as at 30 September 2020.

Details of the Company's business activities for the quarter are as follows:

- o The Company continued to strategically deploy a net \$2.475m of capital into its direct property development projects, the majority being for its Worldpark Emergency Services Headquarters at Keswick in Adelaide, following the commencement of construction during the quarter.
- o The balance of net operating cash flows for the September quarter included receipts from the settlement of sales of constructed homes at the Company's Glenlea project in Mt Barker, less cash out flows for employee, office overhead and interest costs as disclosed in item 1 in the below 4C, which are representative of regular quarterly operating costs.
- o Net investing cash inflows for the September quarter were \$0.056m. The Company lent \$0.201m of capital to the Glenlea Mt Barker joint venture to expedite approvals to commence development of the next stage of allotments whilst the joint venture finalises BankSA funding approval, expected to occur in the following quarter.

During the quarter the Company received \$0.007m in distributions from its investment in Churchill North Centre Investment Trust 1 and sold 250,000 units of its units in the Churchill North Centre Investment Trust 1 at \$1 per unit. As at quarter end, the Company held a total balance of 1,680,000 units in the Trust. The Directors continue to believe the time is appropriate for the Company to deploy its passive capital into other pipeline development assets and is therefore continuing to sell down its units in this investment.

- o Net financing cash inflows for the September quarter were \$0.735m. During the quarter, the Company entered into a construction finance facility with NAB to fund its SAFECOM development, secured against the Worldpark Pty Ltd land, Richmond SA. The inflows were because of the Company achieving financial close and therefore commencing drawdown on the NAB construction facility. The Safecom facility is now fully funded on a cost to complete basis.

In respect to the current environment, the Board and its executives continue to assess the viability of each of its projects and equity investments in collaboration with their counterparties. It is consistently monitoring project timelines and associated cashflows to ensure relevance in line with market conditions.

The Board and its executives continue to monitor operating and overhead costs to ensure the Company remains in an optimal financial position. There were no substantive changes to business activities during the quarter.

Authorised for release by the Board.
