**About Euro Manganese:**

Euro Manganese Inc. is a Canadian mineral resource company focused on the development of the Chvaletice Manganese Project in the Czech Republic. The Project will recycle historic mine tailings that host Europe's largest manganese deposit and result in an environmental remediation of this site. The European Union is emerging as a major electric vehicle manufacturing hub. EMN's goal is to become the preferred supplier of sustainably produced ultra-high-purity manganese products for the lithium-ion battery industry and for producers of specialty steel, high-technology chemicals and aluminum alloys.
