ASX: IGE

Release of Securities from Escrow

Further to the announcement by Integrated Green Energy Solutions Ltd (“IGES” or “the Company”) of 21 January 2019, attached is an Appendix 3B application for quotation of 94,283,320 fully paid ordinary shares that will be released from escrow on 11 February 2019.

About IGES

IGES is focused on creating a cleaner planet for the next generation through the conversion of end of life plastic into valuable fuels. Plastic used in the process would otherwise be sent to landfill or be discarded into the environment. The Company has a patented plastic to fuels process that results in a range of fuels and products, including EN590 (Road Ready Diesel), EN228 (Road Ready Petrol), Naphtha, Marine fuel and Marine Diesel Oil (MDO). The specific products we provide from our range are determined by the territory requirements for each individual site location. The Company believes that utilising its technology will inevitably reduce the amount of plastic entering the environment. It will also help to develop circular economies, thereby creating a cleaner planet for the next generation, while bringing value to shareholders.
