

ASX Announcement

MGM Wireless Limited (ASX:MWR)

6 August 2019

INVESTOR CALL

6 August 2019 – Technology company **MGM Wireless Limited (ASX:MWR)** ('MGM' or 'the Company') advises that MGM Wireless CEO Mark Fortunatow will host an investor call to discuss the company's agreement with Sky, Europe's leading media, entertainment and communications company, which will sell the SPACETALK children's smartwatch mobile phone in the UK. The call will be held on Wednesday 7 August, 11.00am AEST.

The call number for investors is +61 (0)2 8047 9393 and the pin code is 81237438#.

About SPACETALK

SPACETALK is an all-in-one children's smartwatch, mobile phone and GPS device that allows parents and children to be in constant contact without exposing their kids to the dangers of social media apps and unrestricted access to the Internet.

Developed in Australia, and one of the first mobile devices of its type worldwide, the child can make or receive calls from a list of contacts parents choose in the AllMyTribe® smartphone app. If the child needs help, a special SOS alert function can be customised to call parents and other guardians. Parents can see their child's location on their smartphone and the AllMyTribe App features alerts so whenever children leave designated safe spaces such as school or home, parents are notified. A step counter tracks the wearer's physical activity.

SPACETALK has been independently verified by leading international cyber security experts as using best in class, world's best practice security and privacy features built in. It also meets European GDPR Data Privacy regulations. All data is hosted in Australia or UK in highly secure data centres and protected by European GDPR Privacy and Data Security regulations, so privacy and security is assured.

ABOUT MGM

MGM Wireless Limited is a technology company designing, developing and commercialising a smartphone + watch wearables device for children, and software for school communication and student absence management. The Company's AllMyTribe division has developed a children's all-

in-one smartphone, watch and GPS device called SPACETALK, which allows two-way 3G phone calls and SMS messaging to a parent-controlled list of contacts. Other features include GPS tracking to alert parents whenever children leave designated safe spaces, such as school or the home.

MGM Wireless built its track record with school communication solutions after discovering in 2002 the application of SMS communication in schools. The Company went on to create the world's first SMS based Automated Student Absence Notification Solution and many other innovations since then. It is recognised as a global leader and pioneer in socially responsible and technology-enabled school communication.

MGM Wireless products include student absence notifications 'messageyou', absence analytics software 'Watchlists', school news and messaging app 'School Star', a content management and messaging platform for mobile school communication called Outreach+, and student attendance management solution 'RollMarker'.

Used by over 1400 schools and 1.7 million parents, the Company's school communication solutions empower schools to effectively communicate and engage parents and caregivers through SMS, mobile in-app and other means to improve student attendance and safety, help schools reduce operating costs and increase parent engagement.
