Zoono specialises in the development, manufacture and global distribution of a suite of proven, long lasting and environmentally friendly antimicrobial solutions. It has developed products, including aerosol-based sprays, suited for skin care, surface sanitisers, treatment of acne and mould remediation. The products are based around the "Zoono Molecule"; a unique, antimicrobial molecule that bonds to any surface and kills pathogens including bacteria, viruses, algae, fungi and mould. It has proven efficacy, longevity and, importantly, it does not leach. Zoono products are currently sold in many countries.
