NEW COAL SUPPLY CONTRACT

Bathurst Resources Limited (ASX:BRL) is pleased to announce that it has been successful in reaching agreement for a significant new coal supply contract from the Company's North Island coal mines.

The agreement will see supply of up to 150,000 tonnes per annum (with escalation options) for 30 months from BT Mining's Rotowaro and Maramarua mines.

Bathurst's CEO, Richard Tacon stated "this is an exciting development for the Company. This contract progresses the Company's domestic supply strategy to displace imported coal".

BT Mining completed the sale and purchase agreement with Solid Energy to purchase the assets of Stockton, Rotowaro and Maramarua mines on 31 August 2017.

On behalf of Bathurst Resources Limited.
