RBC platform goes live, powered by 9 Spokes

9 Spokes International Limited, (ASX: 9SP) ("9 Spokes" or "the Company"), the business insights dashboard for SMEs, is pleased to announce that its white-label platform for Royal Bank of Canada ("RBC") has gone live and is now available to small business customers in Canada. RBC is the largest bank in Canada, and one of the largest banks in the world, based on market capitalization.

The contract to provide a white-label version of the 9 Spokes platform was signed 18 Sep. The platform went live on 1 Nov. This was comfortably within indications for the December quarter. 9 Spokes has already received the full payment for the implementation and has invoiced for recurring licence fees.

9 Spokes Co-Founder and CEO Mark Estall said:

"This was a rapid deployment cycle to one of the largest banks globally, following a first meeting in Toronto in February 2017. The rate of deployment is a credit to both RBC and our team, who have worked seamlessly together, and we look forward to working together to bring more value to small businesses in Canada."

"This also demonstrates greater efficiencies in our platform that were developed this year. As opposed to several isolated bespoke solutions, 9 Spokes is designed as "one platform" with one code base for multiple white-label channels. As a result, we can continue to accelerate deployments over time, whilst enhancing our offering for channel partners and small businesses globally."
