Fax (07) 56464317

Thank you for attending the 2017 Annual General Meeting today.

I will make some brief remarks and then invite questions from the floor, after the meeting you may wish to ask further questions informally over refreshments.

Our 57 unit townhouse project in Springwood on the south side of Brisbane has achieved practical completion and units have commenced settling this week.

The income for this project can only be recognised as the units settle.

As future projects are secured we will advise the market.

Thank you for attending this meeting, I declare the meeting formally closed and I invite you all to join us for refreshments.

James Raptis
