The mineral resources estimated in respect of the projects marked with \* were prepared and first disclosed under the JORC Code 2004. They have not been updated since to comply with the JORC Code 2012 on the basis that the information has not materially changed since they were last reported. The Company intends to update all the White Range projects to comply with the JORC Code 2012 in the next few months.

The information in relating to the mineral resources of the Greenmount project was released to ASX on 7 August 2013. The information in relating to the mineral resources of Young Australian was released to ASX on 26 July 2016. The Company confirms that it is not aware of any new information or data that materially affects the information included in the relevant market announcements and all material assumptions and technical parameters underpinning the estimates in the relevant market announcements continue to apply and have not materially changed.

**Competent Person's Statement:**

The information in relating to the Kuridala, Mt McCabe, Vulcan, Desolation, Gilded Ross, Mt Freda, Flamingo, Horseshoe and Stuart projects (projects marked with \* next to their names) are based on information compiled by Dr Guojian Xu. Dr Xu is a Member of Australasian Institute of Mining and Metallurgy and is a consultant to Queensland Mining Corporation Limited through Redrock Exploration Services Pty Ltd. Dr Xu has sufficient experience deemed relevant to the style of mineralization and type of deposit under consideration and to the activity, which he is undertaking to qualify as a Competent Person as defined in the 2004 Edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'. Dr Xu consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.
