LBT INNOVATIONS CONFERENCE CALL WITH CEO & MD BRENT BARNES

Adelaide, Australia, 26 June 2017: Australian medical technology company LBT Innovations Limited (ASX: LBT) will host a conference call at **11:00am Australian Eastern Standard Time (AEST)** on **Tuesday 27 June** to provide investors an opportunity to hear a company update.

LBT CEO and Managing Director Brent Barnes, said: "There have been a number of important milestone announcements over the past few weeks and I wanted to give investors an opportunity to hear from me directly about each of these and what they mean for our company."

Eligible Shareholders are reminded that the opportunity to participate in the LBT Share Purchase Plan (SPP) will close on Friday 30th June. The SPP booklet has been distributed to shareholders and if further information is required please email info@lbtinnovations.com.

Details for participating in the online conference call:

The online conference will be run using a WebEx conferencing service. Participants have the option to access the meeting via their computer or to dial-in using their telephone. Details below:

1. Telephone dial-in details.

Australia Toll dial in:	02 9037 0069 (if dialling in from overseas +61 2 9037 0069)
Meeting number (access code)	573 385 545
Meeting password:	1234
2. Audio and Visual details, for access using a computer.
<https://commercial.webex.com/commercial/j.php?MTID=m379c63f3723eee408cd2c056e5aaed45>

Format for asking questions: to give all participants an opportunity to clearly hear the company update, all participant phones will be automatically muted to avoid any background noise interference. Questions can be made ahead of time by emailing info@lbtinnovations.com, or by using the computer interface to type questions in during the conference. Best efforts will be made to address all questions during the online conference, time permitting.

Questions and answers from the conference call will be made available within 36 hours following the conference on the LBT Innovations website: www.lbtinnovations.com

About LBT Innovations

LBT Innovations (LBT) improves patient outcomes by making healthcare more efficient. Based in Adelaide, South Australia, the Company has two world class-leading products in microbiology automation: MicroStreak®, which provides automated culture plate streaking and Automated Plate Assessment System (APAS®). Based on LBT's intelligent imaging and interpretative software, US FDA-cleared APAS® automates imaging, analysis and interpretation of culture plates following incubation. LBT has entered into a joint venture Clever Culture Systems AG (CCS) with Hettich Holding Beteiligungs- und Verwaltungs-GmbH to commercialise APAS® products. LBT's third product WoundVue® is in early development; this is a proposed automated solution to assist in the management of chronic wounds.
