

## Quarterly Activities Report and Appendix 4C for Quarter Ending 31 March 2024

### Highlights

- Foresta chipper sale clears debt with Altor Finance
- Harvesting contract signed with Silvertree Biomass Solutions
- 30 year lease agreement signed with the Putauaki Trust
- Offtake purchase contract signed with AV Pound & Co

**Foresta Group Holdings Limited** (ASX: FGH) (“FORESTA” or the “Company”), a natural and renewable pine chemical and biomass pellet manufacturing company, is pleased to provide a summary of its activities for the quarter ending 31 March 2024 and attaches its Appendix 4C.

### Sale of Chipper

This quarter, **Essential Queensland Pty Ltd** (“Essential Queensland”), a wholly owned subsidiary of FORESTA, completed the sale of its Vermeer HG6000TC Horizontal Grinder, otherwise referred to as the “Chipper”.

Essential Queensland had been actively advertising the Chipper for sale and accepted an offer of \$990,000 AUD plus GST from an independent party. Furthermore, we are delighted to report that the proceeds from the sale have enabled FORESTA to settle and be released from the *Altor Finance* borrowing facility associated with the Chipper.

The outstanding principal amount owed on this facility, totalling \$129,954 AUD, has been fully discharged. This represents a significant achievement for the Company, thereby materially reducing FORESTA’s monthly outgoings.

### Harvesting Contract Signed with Silvertree Biomass Solutions

**Foresta NZ Limited**, a wholly owned subsidiary of FORESTA, signed a ten (10) year Harvesting Contract with **Silvertree Biomass Solutions Limited** (“SILVERTREE”). The contract represents approximately 243,000 tonnes per annum of logs, stumps and other approved biomass which accounts for the total raw feedstock requirements for Stage 1A of the proposed integrated manufacturing facility in New Zealand.

The contract underpins FORESTA's raw material supply strategy to secure forest cutting rights. Once cutting rights are secured, SILVERTREE will harvest and deliver the logs and stumps to FORESTA's designated processing site. Harvesting and delivery costs of the feedstock represent 50-90% of the total supply costs of FORESTA's biomass requirements.

As part of this contract, SILVERTREE is committed to assist in sourcing raw feedstock for FORESTA on an annual basis. These supply volumes represent up to 100% of the required quantity of biomass feedstock to continuously run Stage 1A production of the manufacturing plant, year upon year.

### 30 Year Lease Agreement Signed with the Putauaki Trust

FORESTA signed a 30-year lease agreement, inclusive of a 20-year renewal option, for 9.6 hectares of industrially zoned land in Kawerau for its flagship manufacturing facility in New Zealand. This partnership with the Putauaki Trust, paves the way for the development of our innovative and state-of-the-art integrated pine chemicals and black wood pellet manufacturing plant, marking the commencement of Stage 1A.

### Long-Term Offtake Purchase Contract with AV Pound & Co

**Foresta NZ Limited**, a wholly owned subsidiary of FORESTA signed a long-term sale and purchase agreement with **AV Pound & Co Limited** ("AV Pound") in relation to the supply of 2,000 tonnes per annum of natural wood rosin, a premium food grade wood rosin and 2,000 tonnes per annum of natural wood terpene.

The initial term of this offtake agreement is for a period of five (5) years, with a right of renewal for an additional five (5) years commencing at the commissioning of the proposed integrated manufacturing facility at Kawerau, New Zealand.

FORESTA's Managing Director Ray Mountfort and Gordon Pound from AV Pound have a long-standing relationship. We look forward to the two companies working strategically together towards a sustainable biobased future.

### Operational Update

The **Overseas Investment Office** (OIO) application is currently being revised for the Kawerau site and will be submitted at the end of April 2024.

Reports are underway for resource consents, earthworks consents and geotechnical investigations with detailed design of the plant commencing in May 2024.

Utilities / site services have been investigated and there is sufficient capacity for Stage 1A plant (i.e. power, water, sewer, gas, stormwater). Additional capacity is being investigated for Stage 1B with the utility supply organisations.

The preferred contractor has been selected for civil works and buildings.

Tender responses have been received for three work packages from equipment suppliers, with tenders closing in late May 2024 for the remaining equipment suppliers.

## Financials

Payments to related parties include compensation paid to Directors for services performed and executive consulting fees for Directors providing executive consulting services to the Board, which were \$271,000 for the quarter.

Forest Group Holdings Limited had a cash balance of \$557,000 as at 31 March 2024.
