Launch of Prospectus to raise between \$3.5M and \$9.0M to fund acquisitions

Full-year results show progress towards improved financial performance.

Key Business Activities

December Quarter 2023

Capital Raising

Investor Centre Limited (IC) is undertaking a capital raise involving the issue of between 140,000 and 360,000 "A" Class Redeemable Preference Shares at an issue price of \$25.00 to raise between \$3,500,000 and \$9,000,000. The Offer is expected to close on 1 March 2024. The proceeds of the offer will be used to fund the proposed acquisition of Investor Centre Data Pty Ltd (subject to shareholder approval and a number of other conditions precedent), to repay borrowings and for working capital.

Pulse Markets streamlined

Investor Centre's (IC) wholly owned subsidiary, Pulse Markets Pty Ltd has streamlined the new wholesale Corporate Authorised Representative (CAR) business model to be highly competitive.

As such, Pulse Markets has been able to add two new CARs, increasing monthly revenue for the next quarter substantially.

With the effective integration of management and systems, the Pulse Markets' management team has continued to reduced costs, rationalised compliance and debt with an increase in revenue from existing CARs.

Existing CARs are improving performance and market penetration. This has been particularly effective with Mortgage Backed Investments Pty Ltd and Morgan Clarke (Aust) Pty Ltd, which has seen a substantial increase in business performance since the September quarter with a flow-on effect for Pulse Markets' profitability expected in the March 2024 quarter.

Pulse Markets is still in discussion with a wholesale fund manager to provide services commencing in the first quarter of 2024, with more than \$50 million in funds under management.

Pulse Markets' improved administrative processes include the ability to manage databases and more effectively communicate with CARs.

New Responsible Managers appointed

Pulse Markets has confirmed the appointment of its two Responsible Managers who are undertaking an active role in the supervision of Pulse Markets.

- Parminder (Brian) Singh, who brings a strong connection to the new ASX brokerage, Tiger Trading. This is expected to see further opportunities for the organisation in the next six months.

- Graham Holmes from Financial Services Group Australia (FSGA), who brings its association with Australian Super Finder and more than \$250M of funds under management.

New acquisitions

IC is continuing its due diligence for the acquisition of an operational US stock brokerage. The option to purchase of a 51% interest has not occurred to date however it is expected the transaction will occur in the upcoming calendar year. As mentioned previously this will create a key portal into the US financial markets in the long term.

This company is profitable and if final negotiations are successful, will broaden IC's presence in the diversified financial services sector and add to an increasingly profitable bottom line.

Other activities

Other activities for the quarter included the following:

- IC continues developing its new corporate strategy, involving a broadening of its wholesale and planned development of retail financial product offerings
- IC has maintained its line of credit funding with Amram Pty Ltd for up to \$2 million
- The Notice of Meeting which sought shareholder approval for the change of name of the Company, was finalised and the meeting was held on 17 November 2023 with Shareholder approval being provided.
- A total of 13,709,333 fully paid ordinary shares have been issued to various third party suppliers in lieu of cash during the September quarter, utilizing the Company's 15% capacity. Shareholder ratification of this share issue was obtained at the Company's AGM held on 17 November thereby partially refreshing the Company's ability to issue shares without shareholder approval A further 2,902,877 fully paid ordinary shares were issued in October 2023 to various third party suppliers in lieu of cash.
- Revenue was still down slightly in the quarter due to transitioning the business away from the equity capital market transactions previously conducted by IC's wholly owned subsidiary, Pulse Markets Pty Ltd..
