About Shekel Brainweigh (“Shekel” or “the Company”)

Shekel is a global leader in developing scale and weighing technology. The company provides weighing solutions to the highly regulated retail and healthcare markets via global giants such as G.E Healthcare, Toshiba, Fujitsu, Diebold Nixdorf and others.

Utilising its experience in weighing technology, Shekel has established its Retail Innovation suite of products, which is aimed at meeting the challenges that traditional retailers face today, such as store automation, operational efficiency including overstock and under-stock inventory issues and enhancing the consumer experience. The Retail Innovation suite of products are sold in a model of one time unit sale and an on-going SAAS (Software as Service) fee.

Shekel’s patented combination of weighing technology with Artificial Intelligence (AI) has led to the development of its “Product Aware Technology”.

Shekel is committed to continuing to innovate and expand into global markets. To learn more about Shekel Brainweigh, visit www.shekelbrainweigh.com
