Regarding the Racing Victoria partnership, BetMakers’ CEO Todd Buckingham commented:

“BetMakers is delighted to reach agreement with VTRIMB as a distribution partner for Racing.com’s live horse racing vision. Making this top-quality content available to more consumers will drive increased interest and wagering in Victorian horse racing. The content will also continue to bridge the product gap for BetMakers’ platform customers and is the first of many exciting updates we will roll out in this space.”

“BetMakers is committed to working with racing bodies and rights holders to broaden distribution and reach more customers. This type of integration and partnership with VTRIMB enables us to deliver value to our customers and benefit rights holders, so it’s a fantastic example of a win-win for all parties.”

VTRIMB CEO Peter Campbell said;

“The Victorian racing industry is committed to ensuring the broadest possible distribution and reach of live Victorian horse racing content for the benefit of consumers nationally. BetMakers’ distribution platform is an important route to market for us within a landscape that has evolved rapidly.”

“We are delighted to be working with a company that is dedicated to delivering great technology outcomes for consumers and offering our live racing coverage to an increased and engaged audience.”
