11. EXPLANATORY NOTES

These Explanatory Notes are provided to the Shareholders of the Company to explain the Resolutions to be put to Shareholders at the Annual General Meeting to be only in person, commencing 10.00 AM Sydney Time on Tuesday 28 November 2023.

The Board recommends that Shareholders read the accompanying Notice and these Explanatory Notes in full before making any decision in relation to the Resolutions.

11.1. Financial Reports

The Corporations Act requires the Financial Report (which comprises the Financial Statements and Directors' Report) and Auditor's Report to be presented to the Meeting. There is no requirement for Shareholders to approve the Financial Report. However, the Chair of the Meeting will allow a reasonable opportunity for Shareholders to ask questions about, or make comments on, the management of the Company.

Shareholders will be given a reasonable opportunity to ask the auditor questions about the conduct of the audit and the content of the Auditor's Report.

11.2. Resolution 1: Adoption of the Remuneration Report

11.2.1. Background

The Remuneration Report of the Company for the financial year ended 30 June 2023 is set out in the Company's 2023 Annual Report which is available on the Company's website <https://legacyminerals.com.au/>

The Remuneration Report sets out the Company's remuneration arrangements for Key Management Personnel. The Chair of the Meeting will allow a reasonable opportunity for Shareholders to ask questions about, or make comments on, the Remuneration Report at the meeting. In addition, Shareholders will be asked to vote on the Remuneration Report.

The Resolution is advisory only and does not bind the Company or its Directors. The Board will consider the outcome of the vote and comments made by Shareholders on the Remuneration Report at the meeting when reviewing the Company's remuneration policies. Under the Corporations Act, if 25% or more of votes that are cast are voted against the adoption of the Remuneration Report at two consecutive annual general meetings, Shareholders will be required to vote at the second of

those annual general meetings on a resolution (a “spill resolution”) that another meeting be held within 90 days at which all of the Company’s Directors must go up for re-election.

The Company encourages all Shareholders to cast their votes on Resolution 1. Shareholders not attending the Meeting may use the enclosed Proxy Form to lodge their vote by appointing a Proxy. Any undirected proxies held by the Chair of the Meeting, other Directors or other Key Management Personnel or any of their Closely Related Parties will not be voted on Resolution 1, unless the vote is cast by the Chair of the Meeting pursuant to an express authorisation on the Proxy Form made by a Shareholder who is entitled to vote on Resolution 1.

Key Management Personnel of the Consolidated Entity are the directors of the Company and those other persons having authority and responsibility for planning, directing, and controlling the activities of the Company, directly or indirectly. The Remuneration Report identifies the Company’s Key Management Personnel for the financial year ended 30 June 2023. Their Closely Related Parties are defined in the Corporations Act, and include certain of their family members, dependants, and companies they control. If you choose to appoint a Proxy, you are encouraged to direct your Proxy how to vote on Resolution 1 by marking either “For”, “Against” or “Abstain” on the Voting Form for that item of business.

11.2.2. Recommendation

The Board recommends that Shareholders **vote in favour** of Resolution 1.

11.3. Resolution 2: Re-Election of Director – Dr David Carland

11.3.1. Background

Clause 41.1 of the Company’s Constitution and ASX Listing Rule 14.4 provide that a Director must retire from office at the end of the third annual general meeting following the Director’s last appointment or three years, whichever is longer.

There must be an election of Directors at each annual general meeting of the Company (ASX Listing Rule 14.5).

This can be satisfied by the person who has been a Director the longest without re-election retiring and standing for re-election. If two or more Directors have been in office for the same period, those Directors may agree which of them will retire.

Dr David Carland was last appointed as a Director on 21 June 2021.

Accordingly, Dr Carland holds office only until the end of the meeting and offers himself for re-election to the Board.

Qualifications of David Carland (Non-Executive Chairman) PhD (Econometrics), MEd, BEc (Hons), MAICD

Appointed 21 June 2021

He is the Executive Director of Australian Resources Development Pty Ltd, a company focused on the provision of specialised advice and assistance on the structuring, financing, and developing of energy and resource projects. He is the former chairman of Rex Minerals Limited (ASX: RXM), and former non-executive director of Indophil Resources NL (ASX: IRN) and Polymetals Mining Limited (ASX: PLY). David holds a PhD (Econometrics), MEc, BEc (Hons1) and is a member of the Australian Institute of Company Directors.

In the last three years, Dr Carland has been a director of Rex Minerals Limited (ASX: RXM), appointed on 12 December 2013 and retired on 31 May 2021; and Agua Resources Limited (ASX: AGR) appointed on 4 December 2020 and resigned on 15 July 2022.

11.3.2. Recommendation

Non-candidate Directors recommend that Shareholders **vote in favour** of Resolution 2.

11.4. Resolution 3: Re-Election of Director – Mr Thomas Wall

11.4.1. Background

Clause 41.1 of the Company's Constitution provides that a Director must retire from office at the end of the third annual general meeting following the Director's last appointment or three years, whichever is longer. Further details are described in section 11.3.1 above.

Mr Thomas Wall was last appointed as a Director on 21 May 2021.

Accordingly, Mr Wall holds office only until the end of the meeting and offers himself for re-election to the Board.

Qualifications of Thomas Wall (Executive Director and Exploration Manager) BsC (Hons), MPhil (Geology), MAIG

Appointed 21 May 2021

Thomas is a geologist with wide-ranging experience within the resource sector in NSW and WA having previously held senior roles at Peak Gold Mines, New South Resources and Omya Australia. He has demonstrated mining and exploration success across a variety of commodities and deposit styles with particular focus within the Lachlan Fold Belt of NSW. Thomas is a Member of the Australian Institute of Geoscientists (AIG).

11.4.2. Recommendation

Non-candidate Directors recommend that Shareholders **vote in favour** of Resolution 3.

11.5. Resolution 4: Approval Of 10% Placement Facility

11.5.1. Background

ASX Listing Rule 7.1A enables eligible entities to issue Equity Securities, of up to 10% of its issued share capital on issue at the commencement of the relevant period, being:

- (a) If the eligible entity has been admitted to the ASX's official list for 12 months or more, the 12-month period before the issue date or date of agreement to issue; or
- (b) If the eligible entity has been admitted to the ASX's official list less than 12 months, the period from the date the entity was admitted to the ASX official list to the date immediately preceding the date of the issue or agreement (**Relevant Period**),

through placements over the 10% Placement Period (as defined in section 11.5.5 (a) below) after the annual general meeting (**10% Placement Facility**).

The 10% Placement Facility is in addition to the Company's 15% annual placement capacity under ASX Listing Rule 7.1.

The Company was admitted to the ASX's official list on 9 September 2021.

An eligible entity for the purposes of ASX Listing Rule 7.1A is an entity that:

- (a) is not included in the S&P/ASX 300 Index; and
- (b) has a market capitalisation of \$300 million or less (excluding restricted securities and securities quoted on a deferred settlement basis).

The Company is an eligible entity for the purposes of ASX Listing Rule 7.1A.

Resolution 4 seeks Shareholder approval by way of a **special resolution** for the Company to have the ability to issue Equity Securities under the 10% Placement Facility in addition to its 15% placement capacity under ASX Listing Rule 7.1. The exact number of Equity Securities to be issued under the 10% Placement Facility will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2. Further information is set out in section 11.5.2 below of the Notice.

If passed, the effect of Resolution 4 will be to allow the Directors to issue the Equity Securities under ASX Listing Rule 7.1A during the 10% Placement Period (as defined in section 11.5.5 (a) below) without using the Company's 15% placement capacity under ASX Listing Rule 7.1. This means the Company will be able to issue Equity Securities up to the combined 25% limit in Listing Rules 7.1 and 7.1A without any further Shareholder approval.

If Shareholders do not approve Resolution 4, the issue of any Equity Securities would use up a portion of the Company's 15% placement capacity under ASX Listing Rule 7.1 (2,837,825 Equity Securities at the date of the Notice) until that date that is 12 months from their date of issue, and the Company will therefore have a reduced

ability to issue Equity Securities without seeking Shareholder approval until that time.

Resolution 4 is a special resolution and therefore requires approval of 75% of the votes cast by Shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative).

11.5.2. Description of ASX Listing Rule 7.1A

(a) Shareholder Approval

The ability to issue Equity Securities under the 10% Placement Facility is subject to shareholder approval by way of a special resolution at an annual general meeting.

(b) Equity Securities

Any Equity Securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of Equity Securities of the Company. At the date of the Notice, the Company has quoted Shares on issue.

The Company must rely on its 15% Placement Facility, or the issue must fall within an exception in ASX Listing Rule 7.2, for the Company to issue a new class of Equity Securities (quoted or unquoted) of the Company without approval of holders of ordinary securities.

(c) Formula for calculating 10% Placement Facility

ASX Listing Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an annual general meeting may issue or agree to issue, during the 10% Placement Period (as defined in section 11.5.5 (a) below), a number of Equity Securities calculated in accordance with the following formula:

$$(A \times D) - E$$

A is the number of fully paid ordinary securities on issue at the commencement of the Relevant Period before the date of issue or agreement to issue:

- (i) plus the number of fully paid ordinary securities issued in the Relevant Period under an exception in ASX Listing Rule 7.2 other than exception 9 (issue of Equity Securities as a result of conversion of convertible securities), exception 16 (issue of Equity Securities under an agreement to issue Equity Securities already approved under ASX Listing Rule 7.1) or exception 17 (an agreement to issue Equity Securities that is conditional on the holders of the Company's ordinary securities approving the issue under ASX Listing Rules 7.1, and approval is obtained before issuing the Equity Securities);
- (ii) plus the number of fully paid ordinary securities issued in the Relevant Period on the conversion of convertible securities within ASX Listing Rule 7.2 exception 9 where:

- the convertible securities were issued or agreed to be issued before the commencement of the Relevant Period; or
- the issue of, or agreement to issue, the convertible securities was approved or taken under these rules or have been approved, under ASX Listing Rules 7.1 or 7.4;

(iii) plus the number of fully paid ordinary securities issued in the Relevant Period under an agreement to issue securities within ASX Listing Rule 7.2 exception 16 where:

- the agreement was entered into before the commencement of the Relevant Period; or
- the agreement or issue was approved, or taken under these rules to have been approved under ASX Listing Rules 7.1 or 7.4;

(iv) plus the number of fully paid ordinary securities issued in the Relevant Period with approval of holders of ordinary securities under ASX Listing Rule 7.1 or 7.4. This does not include an issue of fully paid ordinary securities under the entity's 15% placement capacity without shareholder approval;

(v) plus the number of partly paid ordinary securities that became fully paid in the Relevant Period;

(vi) less the number of fully paid ordinary securities cancelled in the Relevant Period.

Note that **A** has the same meaning in ASX Listing Rule 7.1 when calculating an entity's 15% placement capacity.

D is 10%.

E is the number of Equity Securities issued or agreed to be issued under the ASX Listing Rule 7.1A.2 in the Relevant Period before the date of the issue or agreement to issue that are not issued with the approval of holders of ordinary securities under ASX Listing Rule 7.1 or 7.4.

11.5.3. Number of Shares on Issue

Table 1 below shows the Company has the following Equity Securities on issue, at the date of the Notice:

Table 1

Description	Number
Quoted Shares	83,212,169
Unquoted Options exercisable for \$0.30 each expiring 7 September 2024	1,100,000
Unquoted Options exercisable for \$0.30 each expiring 22 June 2026	250,000
Unquoted Options exercisable for \$0.30 each expiring 22 June 2026	3,500,000
Unquoted Options exercisable for \$0.225 each expiring 23 December 2025	401,833
	5,251,833

None of the Equity Securities in Table 1 above are escrowed.

11.5.4. Cash Only

Equity Securities can only be issued under ASX Listing Rule 7.1A for a cash amount which is not less than the prescribed minimum issue price described in section 11.5.5 (b) below.

The Company must rely on its ASX Listing Rule 7.1 (15%) placement capacity, or the issue must fall within an exception in ASX Listing Rule 7.2, for the Company to issue Equity Securities for non-cash consideration, or for cash consideration that is lower than the prescribed minimum issue price, without approval of holders of ordinary securities.

11.5.5. Specific Information required by ASX Listing Rule 7.3A

In accordance with ASX Listing Rule 7.3A, the following information is provided in relation to the approval of the 10% Placement Facility:

- (a) Shareholder approval of the 10% Placement Facility under ASX Listing Rule 7.1A is valid from the date of the annual general meeting at which the approval is obtained and expires the earlier to occur of:
 - (i) the date that is the 12 months after the date of the annual general meeting at which approval is obtained; or
 - (ii) the time and date of the Company's next annual general meeting; or
 - (iii) the time and date of the approval by shareholders of a transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking),

(10% Placement Period).
- (b) Any Equity Securities issued under ASX Listing Rule 7.1A.2 must be in an existing quoted class of the Company's Equity Securities and issued for a cash consideration per Equity Security at an issue price of not less than 75% of the VWAP for the Company's Equity Securities in that class, calculated over the 15 Trading Days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed between the Company and the recipient; or
 - (ii) if the Equity Securities are not issued within 10 Trading Days of the date in paragraph (i) above, the date on which the Equity Securities are issued.
- (c) The Company may seek to issue Equity Securities under its Listing Rule 7.1A mandate (if Resolution 4 is approved by Shareholders), for cash consideration. In such circumstances, the Company intends to allocate the funds towards:
- (i) For all or part of the cost of acquisition of new resources assets and investments (including expenses associated with such acquisition); and/or
 - (ii) exploration and feasibility study expenditure on, and other activities associated with, any of the Company's resource assets; and/or
 - (iii) repayment of any debt; and/or
 - (iv) general working capital.

Under ASX Listing Rule 7.1A, Equity Securities can only be issued for cash consideration.

- (d) If Resolution 4 is approved by Shareholders and the Company issues Equity Securities under the 10% Placement Facility, the existing Shareholders' economic and voting power in the Company will be diluted as shown in Table 2 below (in the case of options, only if the options are exercised). There is a risk that:
- (i) the market price for the Company's Equity Securities in that class may be significantly lower on the date of the issue of the Equity Securities than on the date of the Meeting; and
 - (ii) the Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date, which may have an effect on the amount of funds raised by the issue of the Equity Securities.
- (e) Table 2 below shows the dilution of existing Shareholders on the basis of the current market price of Shares and the current number of ordinary securities for variable "A" calculated in accordance with the formula in ASX Listing Rule 7.1A.2 as at the date of this Notice.

The table also shows:

- (i) two examples where variable "A" has increased, by 50% and 100%. Variable "A" is based on the number of ordinary securities the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under ASX Listing Rule 7.1 that are approved at a future Shareholders' meeting; and
- (ii) two examples of where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the current market price.

Table 2

		Variables			
			50% decrease in Issue Price	Issue Price	100% increase in Issue Price
Issue price examples			\$0.090	\$0.180	\$0.360
Variable 'A' in ASX Listing Rule 7.1A.2	Number of Shares examples				
Current Variable A	83,212,169	10% Voting Dilution	8,321,217	8,321,217	8,321,217
		Funds raised	\$748,910	\$1,497,819	\$2,995,638
50% increase in Current Variable A	124,818,254	10% Voting Dilution	12,481,825	12,481,825	12,481,825
		Funds raised	\$1,123,364	\$2,246,729	\$4,493,457
100% increase in Current Variable A	166,424,338	10% Voting Dilution	16,642,434	16,642,434	16,642,434
		Funds raised	\$1,497,819	\$2,995,638	\$5,991,276

- (f) The table has been prepared on the following assumptions:
- (i) The Company issues the maximum number of Equity Securities available under the 10% Placement Facility.
 - (ii) No options (including any options issued under the 10% Placement Facility) are exercised before the date of the issue of the Equity Securities.
 - (iii) The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
 - (iv) The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Facility, based on that Shareholder's holding at the date of the Meeting.
 - (v) The table shows only the effect of issues of Equity Securities under ASX Listing Rule 7.1A, not under the 15% Placement Facility.
 - (vi) The issue of Equity Securities under the 10% Placement Facility consists only of Shares. If the issue of Equity Securities includes Options, it is assumed that those Options are exercised into Shares for the purpose of calculating the voting dilution effect on existing Shareholders.
 - (vii) The issue price is 18.0 cents (\$0.180), being the closing price of the Shares on the ASX on 15 October 2023.
- (g) The Company will only issue and allot the Equity Securities during the 10% Placement Period. The approval under Resolution 4 for the issue of the Equity Securities will cease to be valid in the event that Shareholders approve a transaction under ASX Listing Rule 11.1.2 (a significant change to the nature or scale of activities) or ASX Listing Rule 11.2 (disposal of main undertaking).

- (h) The Company will comply with the disclosure obligations under ASX Listing Rule 7.1A.4 upon the issue of any Equity Securities.
- (i) The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to the factors including but not limited to the following:
 - (i) the methods of raising funds that are available to the Company, including but not limited to, a pro rata rights issue or other issue in which existing security holders can participate;
 - (ii) the effect of the issue of the Equity Securities on the control of the Company;
 - (iii) the financial situation and solvency of the Company; and
 - (iv) advice from corporate, financial and broking advisers (if applicable).

The Company's allocation policy is also dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility.

- (j) The allottees under the 10% Placement Facility have not been determined as at the date of this Notice but may include existing substantial Shareholders and/or new Shareholders who are not related parties or Associates of a related party of the Company.
- (k) The Company previously obtained Shareholder approval under ASX Listing Rule 7.1A on 25 November 2022.
- (l) The Company has not issued any Equity Securities under ASX Listing Rule 7.1A.2 in the 12 months preceding the date of this meeting.
- (m) A voting exclusion statement is included in the Notice. At the date of the Notice, the Company is not proposing to make an issue of equity securities under rule 7.1A.2, and the Company has not approached any particular existing Shareholder or security holder or an identifiable class of existing security holder to participate in an issue of the Equity Securities under Listing Rule 7.1A.2. No existing Shareholder's votes will therefore be excluded under the voting exclusion in the Notice.
- (n) If Shareholders approve Resolution 4, subject to the restrictions of ASX Listing Rule 7.1A, described in section 11.5.2 above, they will have provided the Company with the capacity to issue or agree to issue Equity Securities during the 10% Placement Period up to that amount which represents 10% of the number of fully paid ordinary securities on issue at the commencement of the 12-month period from Tuesday 28 November 2023 (and more particularly that number of Equity Securities represented by the formula in Listing Rule 7.1A.2, set out in section 11.5.2 (c) above).
- (o) If Resolution 4 is not passed, the Company's present capacity to issue Equity Securities, without approval and subject to rounding, is:

Table 3

	Number of Equity Securities
Shares on issue at the commencement of the Relevant Period	75,175,502
15% annual placement capacity under ASX Listing Rule 7.1.	11,276,325
Less Equity Securities issued under ASX Listing Rule 7.1 on 23 December 2022:	
Shares	(8,036,667)
Unquoted Options exercisable for \$0.225 each expiring 23 December 2025	(401,833)
ASX Listing Rule 7.1	2,837,825
ASX Listing Rule 7.1A (current capacity expiring on 24 November 2023)	7,517,550
Total	10,355,375

(p) If Resolution 4 is not passed, any issue of Equity Securities would use up a portion of the Company's current capacity to issue Equity Securities, and the Company will therefore have a reduced ability to issue Equity Securities without seeking further Shareholder approval.

11.5.6. Recommendation

The Directors unanimously recommend that Shareholders **vote in favour** of Resolution 4.
