ASX Release

Sydney, Australia – 29 March 2023

Significance of National Trial

Pursuant to ASX release “National Trial awarded to Operator XR” dated 27 March 2023 and the request by the ASX to provide additional detail, XRG advises the following:

1. XRG is pleased to announce that it has been selected as a technology and expertise supplier for a funded National trial of its Law Enforcement system. The trial aims to assess and capture the effectiveness of Virtual Reality Simulation Based Training (VRSBT), as an enhancement program to assist in the uplift of frontline safety for police. While it is a 6-month trial, it is not financially material to XRG. This is a significant event as it represents XRG’s first international customer and further validates the demand for our products in both domestic and global markets.
2. XRG would like to further clarify and confirm that while the customer remains undisclosed, it is a National Police Force from a country with at least an S&P AA+ Global Rating. At the customer’s request and as formalised in the contract, confidentiality will remain at this time.
3. There are no other material conditions to be fulfilled for this contract.

This announcement is authorised by the Board of Directors.
