**About ReNu Energy**

ReNu Energy's purpose is to strategically drive the transition to a low carbon future. It does this by investing in renewable and clean energy technologies and identifying and developing hydrogen projects to create stakeholder value, enabling the transformation to a low carbon future through collaboration and innovation. ReNu Energy's vision is to be a leader in the renewable and clean energy sector in Australia striving for a sustainable future, producing hydrogen for domestic use and with a portfolio of domestic and international projects.

**About Countrywide Hydrogen**

Countrywide Hydrogen develops renewable hydrogen projects in Australia with a primary focus on supplying hydrogen to the road transport sector and for use in decarbonising operations and natural gas networks. Countrywide's vision is to be a major green hydrogen supplier domestically and then to use its Australian learnings to expand to export and offshore projects. Countrywide currently has four renewable hydrogen projects under development in Australia, two in Tasmania and two in Victoria.
