Dear Melissa

Pursuant to ASX Listing Rule 17.1, Universal Biosensors, Inc. (ASX:UBI) (**Company**) requests a trading halt of its securities effective immediately.

The trading halt is requested pending the release of an ASX announcement by the Company of the results of the U.S. Food and Drug Administration's (FDA) review of its Xprecia Prime Coagulation System.

The Company requests that the trading halt remain in place until the earlier of:

- the commencement of normal trading on Wednesday, 20 March 2024; or
- an announcement being made in relation to the results of the FDA review.

The Company is not aware of any reason why the trading halt should not be granted or of any additional information necessary to inform the market about the trading halt.

For and on behalf of the Board of the Company.

Salesh Balak  
Company Secretary

## About Universal Biosensors

Universal Biosensors, founded in 2001, specialises in the design and development of electrochemical cells (strips) used in conjunction with point of use devices that are used in various industries such as healthcare (point of care), wine, food, and agriculture. UBI's ambition is to build a multi product stable of biosensors in large markets which generate ongoing revenue streams.
