This announcement has been authorised by PolyNovo Company Secretary Jan-Marcel Gielen.

About PolyNovo®

PolyNovo is a disruptive medical device company, focused on Advanced Wound Care that designs, develops, and manufactures dermal regeneration solutions (NovoSorb® BTM, NovoSorb® MTX) using its patented NovoSorb biodegradable polymer technology. Our development program covers Breast Sling, Hernia, and Orthopaedic applications. For further information see polynovo.com

About NovoSorb®

NovoSorb BTM is a dermal scaffold for the regeneration of the dermis when lost through extensive surgery, trauma or burn. NovoSorb is a novel range of bio-resorbable polymers that can be produced in many formats including film, fibre, foam, and coatings. NovoSorb's unique properties provide excellent biocompatibility, control over physical properties, and a programmable bio-resorption profile.
