## DECEMBER 2023 QUARTERLY ACTIVITIES REPORT

---

### SUMMARY OF KEY ACTIVITIES FOR THE QUARTER

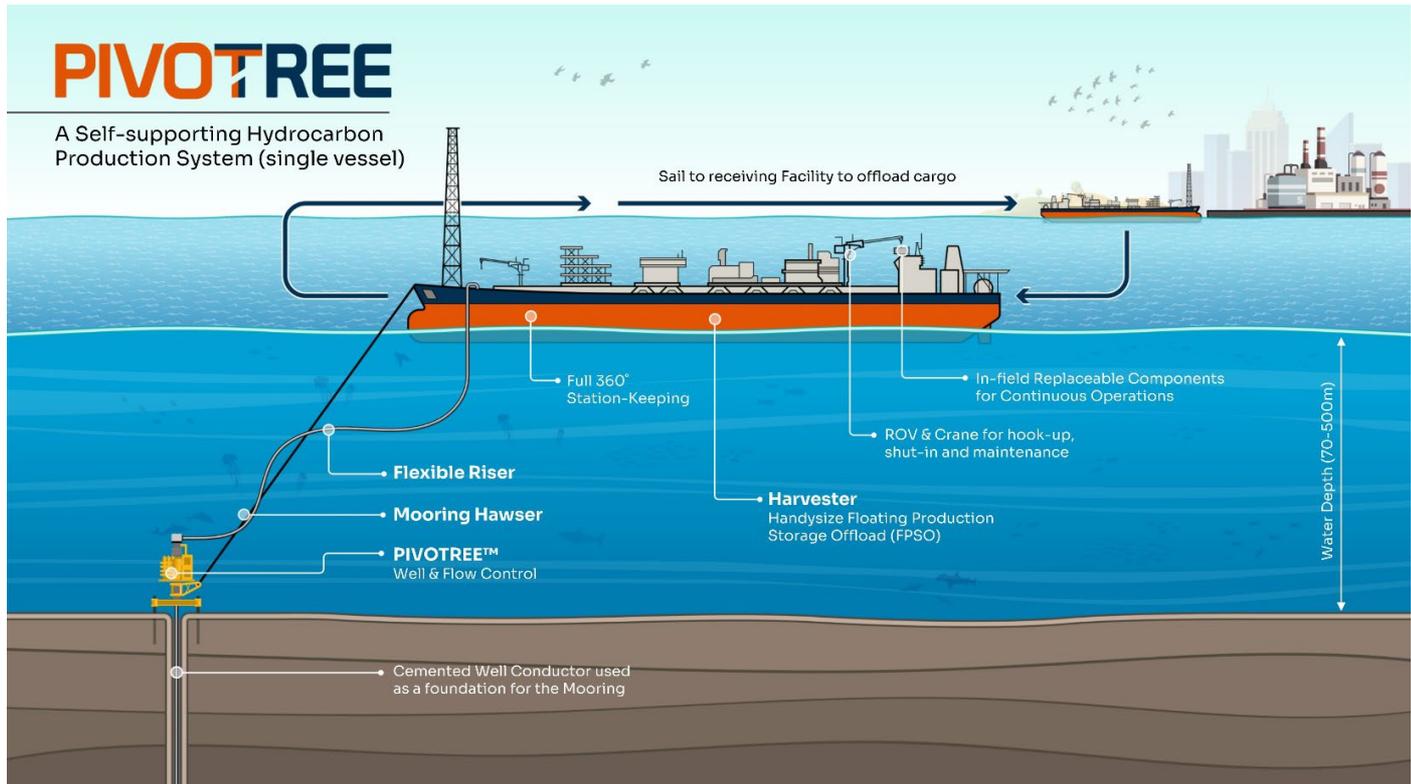

- The Company has received proposals from various engineering firms for the future drilling and potential development of the accumulation and potential extension associated with the Gwydion oil and gas discovery.
- IPB has progressed dialogue with potential funders for drilling of the WA-424-P proposed permit commitment well and future success based development.
- IPB continued with discussions on a number of complementary business development opportunities.
- The Company held its AGM in November and as a consequence is due to hold a further General Meeting on 21 February 2024.

### PERMIT WA-424-P (IPB 100%)

The Company has received proposals from engineering firms for the future drilling and potential development of the accumulation and prognosed extension associated with the Gwydion oil and gas discovery. The Company has been developing the concept for the potential development of the Gwydion oil field and potential extension to Idris with an innovative Australian based company, Pivotree. This solution offers the potential to reduce costs and accelerate development, while reducing environmental impact.

As previously advised, the Company received confirmation from the Government that the “Declaration of Location” lodged in the previous quarter has been approved by the Joint Authority in relation to the pre-existing Gwydion oil and gas discovery in its 100% held WA-424-P Permit. Combined with the recent extension of the Permit WA-424-P until mid 2025, these approvals will provide the opportunity for IPB to apply for a Retention Lease and/or subsequent Production Licence whilst the Permit or potential Retention Lease remains current.

IPB has continued to pursue a funding strategy with a new potential financier in addition to the engineering entities commented on above to fund the Idris well and a potential future development in WA-424-P.

## OTHER ACTIVITIES

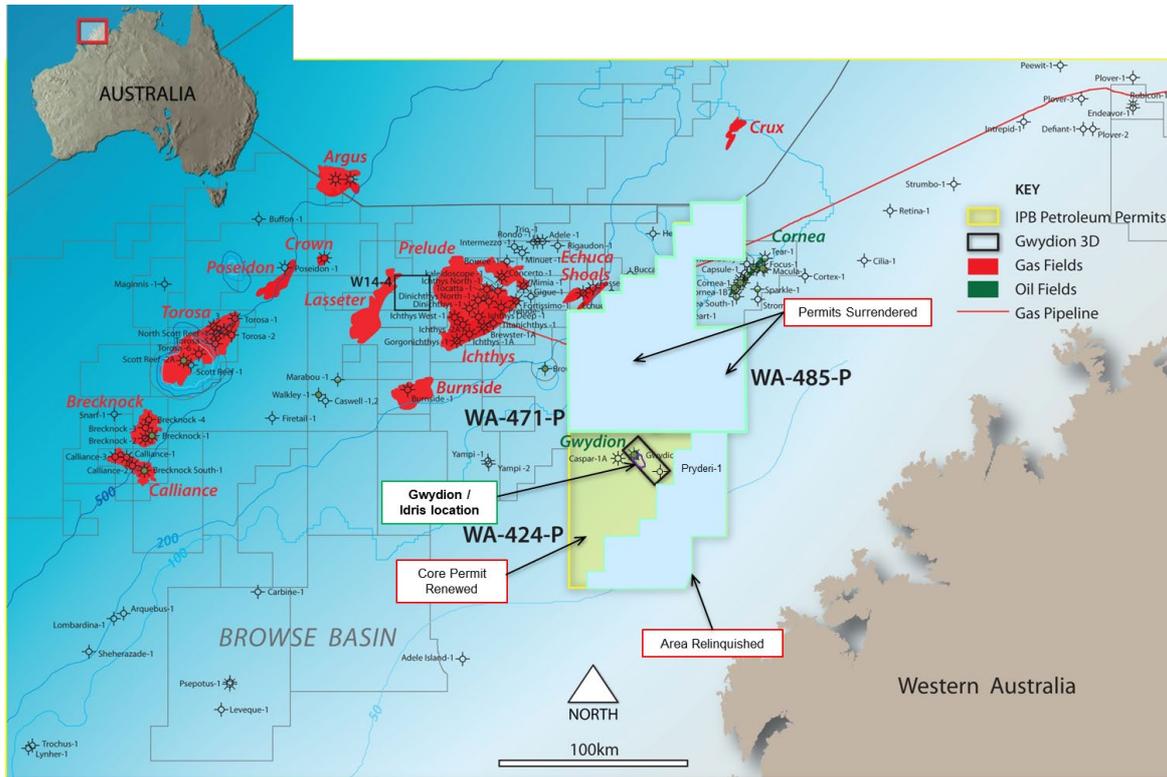

IPB progressed commercial discussions and technical evaluation of a number of new ventures opportunities. Some opportunities in North America have not been successful, however there have been complementary opportunities that show promise in terms of commerciality that the Company is pursuing.

## ACTIVITIES – CORPORATE AND FINANCIAL

As at the end of the Quarter, IPB Petroleum had a cash balance of approximately \$1.15 million. For further details refer to the attached Appendix 5B.

## PERMIT HOLDINGS AND INTERESTS

As at the end of the Quarter, and also as at the date of this report, the Company held an interest in the Browse Basin exploration permit **WA-424-P** (IPB 100% and Operator).
