MasterCare to be deployed at new Weststate Private Hospital, Townsville

Melbourne, Australia – healthcare software provider **Global Health Ltd (ASX: GLH)** (“**Global Health**”) is pleased to announce they have been selected, and executed a 5-year contract, to deploy the Company’s MasterCare portfolio of hospital applications at the new Weststate Private Hospital in Townsville, North Queensland, which is scheduled to open in the first half of 2024.

Weststate is a new hospital development with a patient centered vision reflected in three “E’s”:

- Exceptional Experiences for patients as “Guests in Care”,
- in a culture of Engagement with all stakeholders,
- in an Efficiently managed hospital at all levels of engagement to reduce the cost of healthcare.

Weststate Private Hospital will focus on core specialties – Orthopedics, Urology, Oral and Maxillofacial, General Surgery and other specialties.

The contract will deliver Global Health’s MasterCare suite of Patient Administration, Patient Electronic Medical Record, Patient Portal and Data Analytics. The platform works with Global Health’s ReferralNet Secure Messaging platform for sharing of patient and clinical data with external parties and the Company’s eSwitch Integration broker for connectivity to internal 3rd party systems. All platforms will be hosted on Global Health’s Altitude cloud service. The value of the first 5-year contract is \$2m. There are options for a further 2 terms of 5 years after the expiry of the initial 5-year term.

Weststate Private Hospital Director Dr. Peter McEwen commented:

The Global Health solution provides Weststate Private Hospital with value for money, flexibility, interoperability, secure messaging of patient information, and the ability to meet the anticipated growth of the hospital in Townsville and North Queensland.

We are delighted to partner with Global Health, an ASX listed Australian company, with over 30 years’ experience in providing digital technology to Australian Healthcare providers.

Global Health Group Managing Director, Mathew Cherian said:

Global Health's digital healthcare platforms have been designed for the needs of Australian Healthcare Providers whether they serve Metropolitan or Regional populations.

Weststate Private Hospital will be providing healthcare services to the growing population of Townsville and regional North Queensland.

We are delighted to be chosen by Weststate Private Hospital and look forward to working with them to build a successful business over many years into the future.

This announcement was approved for lodgment by the Board.
