

9 June 2023

## **ASX Announcement**

### **Appointment of Chief Manufacturing Officer**

The Board of Rectifier Technologies Limited (ASX:RFT) (“RT” or “Company”) is pleased to announce the appointment of Uei Jou TAN as the new Chief Manufacturing Officer, effective on the 13<sup>th</sup> of June 2023.

Rectifier Technologies Limited is continuing to grow its volume sales orders, particularly in the e-Mobility sector and in line with this, we are rapidly expanding our worldwide manufacturing capabilities. Uei Jou brings a wealth of expertise and a successful track record in manufacturing operations. With his deep understanding of production processes, supply chain management, and continuous improvement strategies, Uei Jou will play a pivotal role in driving operational excellence and enhancing the Company’s manufacturing capabilities into the future.
