OUR PURPOSE

*creating great food
for a better future*

Our purpose helps connect our people, customers, consumers, suppliers and the communities in which we operate. It helps guide strategy and decision-making and informs our values and behaviours.

We are proud of our heritage as an iconic Australian business with strong connections to agriculture and a passion for creating great food.

To deliver on our purpose for consumers we must anticipate consumer needs and food trends. The recent product launches featured in this report showcase how we innovate products to create great food for a better future.

BECOMING A MULTI-CHANNEL BRANDED COMPANY

Pre 2017

Commodity processor and contract packer

Majority of profit contribution from major contracts including private label for Coles, Woolworths and Aldi and contract packing for Fonterra, Mead Johnson, Bellamy's and Mondelez.

Strong dairy commodity business with three processing facilities and long term customer relationships in export markets including Japan.

Established international branded presence via distributor model.

Emerging risks with domestic drought, and industry processing overcapacity.

Downward pressure on contract packing margins (new MG cheese facility in Cobram) and softening in China infant formula market.

Acquisitions and major initiatives (2017 to 2021)

Divestment of certain infant formula assets (April 2017) to Mead Johnson (who were subsequently acquired by Reckitt) realising \$200m for a single dryer and canning plant and entered 10 year service and access agreements providing 25% capacity access and service agreements. These agreements were terminated early by Reckitt and paid out in FY2021 and FY2022.

Acquisition of Vegemite business (July 2017) from Mondelez which included the iconic brand along with the leading peanut butter product in the Australian grocery channel and a manufacturing facility located in inner Melbourne where these and other non-dairy products are produced.

Acquisition of Peanut Company of Australia (January 2018) which included peanut processing facilities in Queensland and improved the reliability of supply and provenance of the Australian peanuts used in Bega peanut butter.

Acquisition of Koroit dairy facility from Saputo (August 2018) to diversify and grow the sourcing of milk solids in one of Australia's strongest dairy regions and increase our processing capability in new product formats such as butter and retail milk powders.

Closure of Coburg cheese production plant (March 2019) which had been used to supply the Coles private label cheese contract that was lost to Murray Goulburn in early 2017. Following the closure, farm gate milk supply was diverted to Koroit and Tatura to support growth in other categories.

Investment in lactoferrin facility at Koroit (commissioned April 2020) to increase our capacity and position Bega as one of the largest manufacturers of lactoferrin globally.

Acquisition of Lion Dairy & Drinks (January 2021) which realised further industry consolidation and value creation, with synergies across the supply chain, an attractive portfolio of brands and Australia's largest national cold chain distribution network supplying food service and convenience stores.

TODAY

DIVERSE AND GROWING MULTI-CHANNEL BRAND COMPANY

Portfolio of category leading iconic Australian brands including Bega, Vegemite, Dairy Farmers, Dare, Farmers Union and Daily Juice.

Expanded customer reach across multiple channels including chilled distribution network delivering ~40,000 orders per week.

Brand marketing, product and packaging innovation and consumer insights capability.

Extensive national manufacturing network able to optimise returns across commodity and value added products.

Operate in 40 countries with employees in market.

Significant property portfolio and stable balance sheet to support further growth and investment and consolidation opportunities.

Growing value with iconic Australian brands

- Extension of Daily Juice into a new 1 litre functional juice range
- The launch of two new dedicated HORECA white milk brands Bayside Dairy by Pura in Victoria and Origin 65 by Dairy Farmers in NSW
- Expansion of 180 Nutrition into the flavoured milk segment with a functional recovery milk beverage 180 Nutrition Good Sport

COVID-19 MARKET CHANNEL IMPACTS

March 2020: Panic buying

The national lockdown commencing March 2020 had two major impacts on sales volumes: increased foot traffic and stay-at-home orders drove grocery sales higher while the closure of the hospitality industry saw non-grocery volume plummet.

July 2020: Second Victorian Lockdown

The second Victorian lockdown and the associated closure of large sections of the economy also reduced mobility and greatly reduced demand for 'on the go' consumption products, such as Dare. Panic buying was less pronounced during this phase

July/August 2021: NSW/VIC Delta Lockdowns

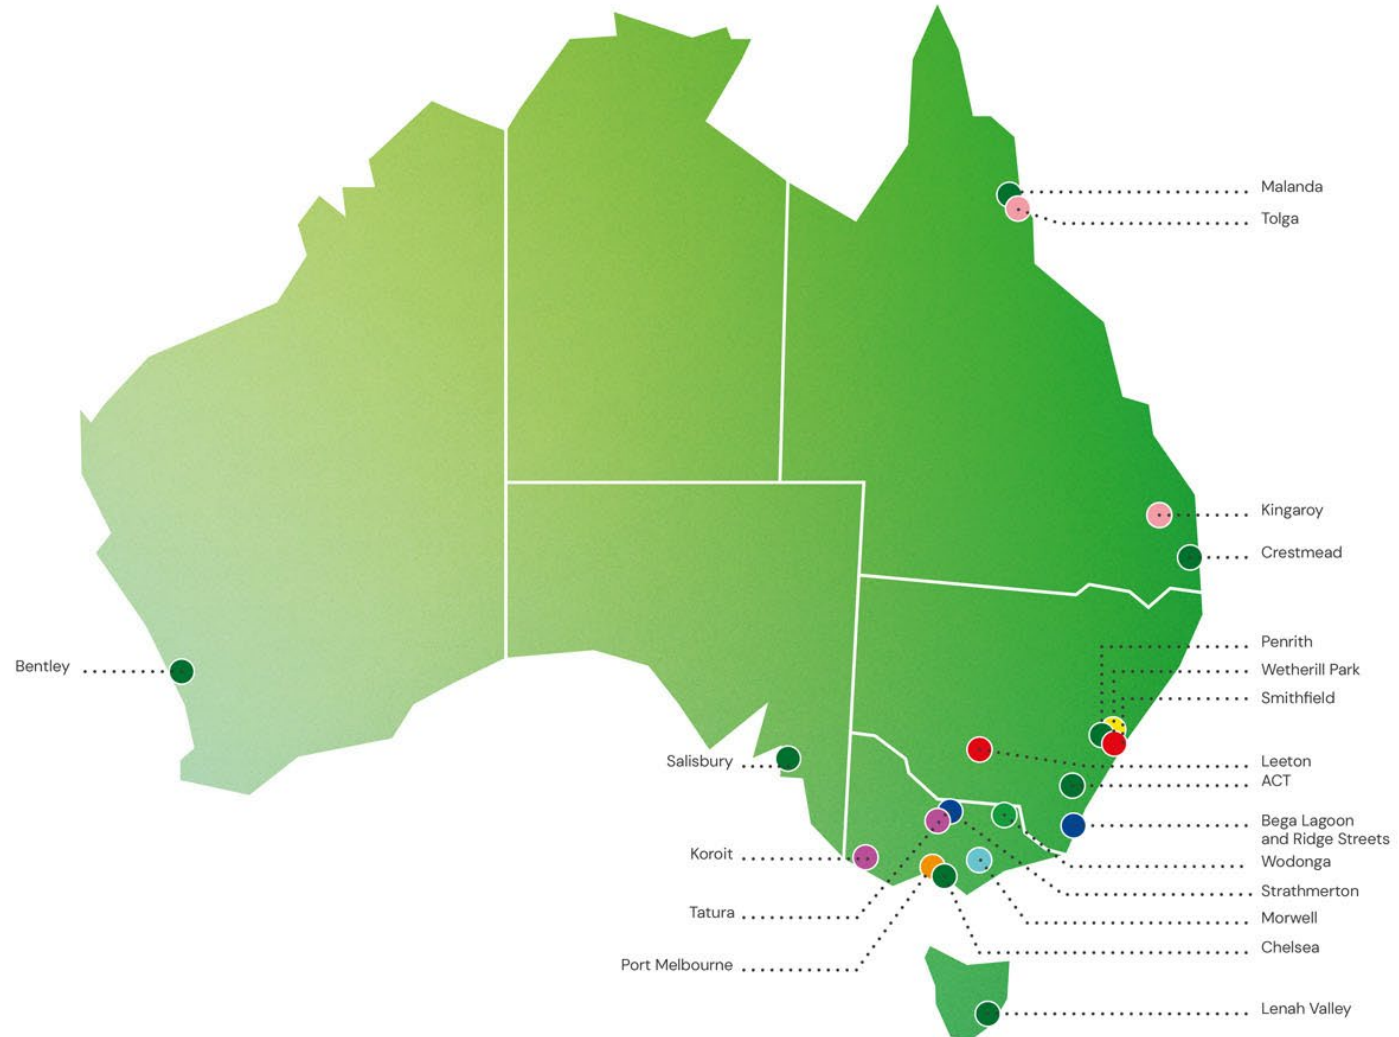

Delta outbreaks in Melbourne and Sydney saw the two largest states enter lockdowns again which ended in October 2021.

January/February 2022: Omicron outbreak

While not a lockdown, Omicron reduced community mobility, which hit 'on the go' retail sales and saw people staying away from hospitality venues, denting non-grocery sales.

Highlights FY2022

Removed 1,000 tonnes of added sugar from Bega Dairy and Drinks portfolio since 2020, reaching our 2025 target 2 years early.

Donated 1,072,267 kilograms of products to our partner Foodbank, equating to more than 1.9 million meals for Australians in need.

100% of products manufactured in sites certified to food safety standards. 93% of ingredients sourced from supplier facilities certified to a program recognised by the Global Food Safety Initiative.

Highlights FY2022

Increased the representation of women in management positions to 37%.

Became a signatory to the 40:40 Vision pledging commitment to achieve gender balance in executive leadership by 2030.

Committed to reporting on the gender pay gap in FY2023.

Highlights FY2022

Adopted a *Planet Pledge* with targets for carbon, water, waste to landfill and sustainable packaging.

Bega Group Highly Commended in the Leading Energy User Category at the National Energy Efficiency Awards 2022.

Commenced measuring our scope 3 greenhouse gas emissions and engaging with key suppliers on their targets for emissions reduction.

Highlights FY2022

Launched Simply Nuts Shake 'n' Squeeze bottle manufactured from at least 30% post-consumer recycled polyethylene terephthalate (rPET).

Phase out of polyvinyl chloride (PVC) from our packaging completed.

More than 82% of packaging is recyclable and nearly 27% of packaging includes recycled content.

Highlights FY2022

Adopted a target to reduce consumptive water use by 30% by 2030 based on a FY2021 baseline.

Around 30% of grants under our Better Farms program have been dedicated to water, irrigation or effluent management.

Contributed to a "proof of concept" project in the Bega Valley to better understand water availability, use, reuse, riparian and water ecology for stakeholders.

FY2023 EARNINGS GUIDANCE

- Confirm July Earnings guidance Normalised EBITDA range of \$160 million to \$190 million
- Initially expected Victorian farm gate milk price increases in the range of 15% to 20%
- Competition for milk during June and July resulted in further increases to approximately 30% higher than FY2022 farm gate milk price
- Other commodity cost increases (fuel, packaging, resin)
- Timing on benefits of accelerated cost out and efficiency projects
- Strong international commodity prices supporting higher farm gate milk prices
- Domestic price increases predominantly phased in market during Q1 and normalising by Q2 FY2023
