FINANCE UPDATE

As at 30 September 2022, TALi had a closing cash balance of \$1.07 million. In October 2022, TALi received \$681,089 from the Australian Taxation Office under the Federal Government's Research and Development Tax Incentive (RDTI) Scheme for FY22. It also received \$36,600 from Export Market Development Grants with further grant payments expected. At time of writing, the company has in excess of \$1.5m in cash reserves.

TALi had outflows for staff costs in Q1 FY23 of \$0.425 million a significant reduction from \$0.822 million in the previous quarter. TALi reported an overall net outflow for the September 2022 quarter of \$0.774 million, the operating net outflow offset marginally by TALi issuing 7,838,858 ordinary shares at \$0.011 to Directors of the Company as approved by shareholders at the Extraordinary General Meeting Held on 28 June 2022.

In accordance with Listing Rule 4.7C, payments made to related parties and their associates included in item 6.1 of the Appendix 4C was approximately \$28,000 and included Director fees.

The Company continues to have a sharp focus on delivering to the development milestones under the agreement with Akili which are forecast to provide significant milestone and sales-based royalty payments to TALi. The Company will keep shareholders informed on the progress of this initiative with Akili as progress is made and development milestones are achieved.

During this period, TALi has also continued the R&D on its product suite to deliver an improved product offering for the Australian and global market.
