- **iSignthis to provides enhanced due diligence as per EC's 4th AML Directive requirements as well as the June 2016 CySEC regulatory update.**
- **Service is set to be live and transacting in 3 months**
- **Building further scale and endorsement of the Paydentity solution within the regulated Cyprus FX market**

Melbourne, 28th November 2016 – iSignthis Ltd (ASX : ISX) is pleased to announce that it has entered into an agreement with the Cyprus based and regulated online Forex and CFD broker, Leverage Financial Services Ltd. iSignthis will be providing Leverage with their full Paydentity solution including Digital KYC, Strong Customer Authentication, Fraud Prevention and Payment Gateway services. Integration for the multi-year service is set to start immediately with the service expected to be live in the next 3 months.

Leverate provide a premium broker solution with currently 100 brokers relying on their solution and over 100,000 traders making up their social trading pool. Leverage have also received several prestigious awards including Best White Label Solutions Provider in 2013 and Best Retail FX Technology Provider in 2012. The iSignthis service will be provided to Leverage's direct operations under this agreement.

The Paydentity solution will offer Leverage a seamless integration by being able to streamline services by converging payments and identity. Leverage will be able to extend their global reach with the ability to verify and on-board any of the world's 3.5Bn card and bank account holders.

Via iSignthis, Leverage will be able to authenticate all online transactions with the additional features of transaction monitoring, threshold management and advanced reporting. iSignthis will also provide Leverage with compliance to the European Commission's 4th Anti-Money Laundering Directive and the 2016 June CySec regulatory update.
